Re: Determination of Potentially Liable Person Status

Dear Mr. Robbins:

On September 23, 2015, the Department of Ecology (Ecology) sent Shell Oil Products US written notice regarding your proposed status as a potentially liable person (PLP) for a release of hazardous substances at the following site:

- Name: **Chevron Station 90619**
- Address: 2200 Elm St., Bellingham, WA 98225
- County Assessor's Parcel Number 380225 517547 0000
- Facility/Site No.: 35363194
- Cleanup Site No.: 8836

The 30-day comment period on this preliminary notice expired on October 24, 2015.

We have received your written notice accepting liability for the site. Based on the information available to date, Ecology finds that credible evidence exists which supports your status as a potentially liable person for the release at **Chevron Station 90619**. On the basis of this finding, Ecology has determined that you are a Potentially Liable Person (PLP) with regard to **Chevron Station 90619**.

Your rights and responsibilities as a PLP are outlined in Chapter 70.105D RCW, and WAC 173-340. Ecology's site manager for the facility, Mary O'Herron, will contact you with information about how Ecology intends to proceed with the cleanup at this site.
