Subject: Phase I Environmental Site Assessment
Gilman Square
615 NW Gilman Blvd
Issaquah, WA 98027

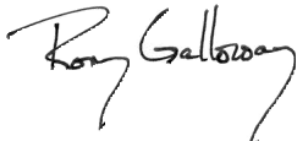
Dear Mr. Orser:

With the attached report, please find our Phase I Environmental Site Assessment (Phase I ESA) for the subject property, completed in accordance with ASTM E 1527-05. Per the Brownfields Fact Sheet dated October 2005, AAI Final Rule; the ASTM E 1527-05 standard "is consistent with the requirements of the final rule for all appropriate inquiries and may be used to comply with the provisions of the rule." The *Standards and Practices for All Appropriate Inquiries* (AAI) is described in 40 CFR Part 312.

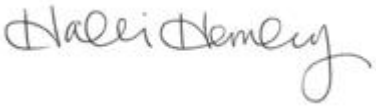
We trust the information presented in this report meets your needs at this time. Should you require additional information or have any questions regarding this report, please contact us at your convenience. Thank you again for this opportunity to be of service.

G-Logics, Inc.
40 2nd Avenue SE
Issaquah, WA 98027
T: 425-391-6874
F: 425-313-3074
01-0868-A-RT

Sincerely,
G-Logics, Inc.



Rory L. Galloway, LG, LHG
Principal



Halli Hemley
Staff Environmental Scientist

We declare that, to the best of our professional knowledge and belief, we meet the definition of *environmental professional (EP)* as defined in § 312.10 of 40 CFR 312. We have the specific qualifications based on education, training, and experience to assess the nature, history, and setting of the subject property. We have developed and performed *all appropriate inquiries* in conformance with the standards and practices set forth in 40 CFR Part 312.

1.0 SUMMARY

At the request of Lennar Multifamily Investors (Lennar), G-Logics has completed a Phase I Environmental Site Assessment (Phase I ESA) for the property located at 615 NW Gilman Blvd in Issaquah, Washington. The assessment was completed in accordance with ASTM E 1527-05.

The site includes a large shopping-center building, parking lot, and a vacant field. The east side of the property borders Issaquah Creek.

During this assessment, G-Logics identified the following conditions indicative of releases or threatened releases of hazardous substances or petroleum products in soil and/or groundwater at the subject property. These include the former operation of a gas and service station, the former operation of a drycleaner, and the current operation of an auto-supply store on the neighboring property where many patrons use the parking lot to change vehicle fluids.

For this assessment, a review of the AAI-required criteria is presented in Section 8.0. Our findings regarding the identified issues are presented in Section 9.0 of this report. Opinions regarding the subject property are presented in Section 10.0. Additional information regarding the subject property is presented in Section 11.0.

2.0 INTRODUCTION

The following report is a summary of work performed using the guidelines set forth in American Society for Testing and Materials (ASTM) Standard E-1527-05, *Standard Practice for Environmental Site Assessments: Phase I Environmental Site Assessment Process*, as described in this report. This report generally follows the ASTM Standard's suggested report format, with some format modifications to assist the reader.

This ASTM practice is consistent with the scope of the EPA's "All Appropriate Inquiries" Rule (40 CFR Part 312). Under the 2002 Small Business Liability Relief and Brownfield Revitalization Act, any property purchasers seeking to qualify for CERCLA liability protection must conduct an All Appropriate Inquiry (AAI) prior to taking title. This AAI is required in order to present a defense under the following distinctions.

Copyright 2013 G-Logics, Inc.

- Innocent Landowner
- Bona Fide Prospective Purchaser
- Contiguous Property Owner

The completion of an AAI before property purchase is only one requirement for obtaining relief from CERCLA liability. Each type of property owner also needs to meet additional specific criteria after a property is purchased. For example, an "Innocent Landowner" should meet the following criteria.

- Close data gaps identified to be significant.
- Perform necessary site investigation/explorations.
- Undertake "reasonable steps" to stop any continuing releases, prevent future releases, and limit/prevent exposures.
- Comply with any land use restrictions and institutional controls.
- Provide notification, cooperation, and access to persons authorized to conduct response actions.

The completion of an assessment in accordance with the AAI rule is to include information provided by the environmental professional (EP) and by the person seeking to qualify for CERCLA liability protection (the User). For purposes of this assessment, the EP is G-Logics and the User is Lennar Multifamily Investors.

2.1 Purpose of Assessment

The purpose of this Phase I Environmental Site Assessment is to evaluate the potential for the presence or likely presence of hazardous substances or petroleum products under conditions that indicate an existing release, a past release, or a material threat of a release into the structures of the property or into the ground, groundwater, or surfacewater of the property. Other issues, unless specifically described in Sections 3.0 through 10.0 of this report, were not included.

2.2 Scope of Services

G-Logics work was performed in accordance with our authorized workplan and agreement 01-0868-A, dated May 15, 2013. Our report is subject to the limitations presented below in Section 2.4 of this report.

Copyright 2013 G-Logics, Inc.

2.3 Significant Assumptions

G-Logics discussed the scope of work on this project with Lennar, who subsequently approved our services. Other activities not specifically included in the approved scope of work (e.g. workplan, correspondence, this report) were excluded and are therefore not part of our services or this report.

2.4 Limitations and Exceptions

Phase I Environmental Site Assessments/All Appropriate Inquiries are non-comprehensive by nature and are unlikely to identify all environmental problems or eliminate all risk. This report is a qualitative assessment. G-Logics offers a range of environmental exploration services to suit the needs of our clients, including more quantitative explorations. Although risk can never be eliminated, more detailed and extensive explorations yield more information, which may help to better understand and manage site risks. Since such detailed services involve greater expense, we ask our clients to participate in identifying the level of service that will provide them with an acceptable level of risk (See Section 2.3 above). Please contact the signatories of this report if you would like to discuss this issue of risk further.

Land use, site conditions (both on-site and off-site), and other factors will change over time. Since site activities and regulations beyond our control could change at any time after the completion of this report, our observations, findings, and opinions can be considered valid only as of the date of the site visit. This report should not be considered “valid” if dated 180 days prior to the purchase date of the subject property (or the date of the intended transaction, ASTM 1527-05, Section 4.7).

The property owner is solely responsible for notifying all governmental agencies, and the public at large, of the existence, release, treatment, or disposal of any hazardous materials observed at the project site. G-Logics assumes no responsibility or liability whatsoever for any claim, loss of property value, damage, or injury which results from pre-existing hazardous materials being encountered or present on the project site, or from the discovery of such hazardous materials.

No warranty, either express or implied, is made.

Copyright 2013 G-Logics, Inc.

2.5 Special Terms and Conditions

No special terms and/or conditions apply.

2.6 User Reliance

This report is intended for the sole use of Lennar Multifamily Investors and may not be appropriate for the needs of other users. Re-use of this document or the findings, conclusions, or opinions presented herein, are at the sole risk of said user(s). Any party other than those identified who wish to use this report shall notify G-Logics by executing the "Permission and Conditions for Use and Copying" form that follows this document. Based on the intended use of this report, G-Logics may require that additional work be performed and that an updated report be issued. Non-compliance with any of these requirements by anyone will release G-Logics from any liability resulting from the use of this report by any unauthorized party.

3.0 SITE DESCRIPTION

The following section provides a brief description of the subject property. Additional site-description information was obtained during the site visit and through interviews. Please refer to the appropriate sections of this report that cover this information.

3.1 Location and Legal Descriptions

The subject property consists of multiple parcels located south of NW Gilman Blvd, east of 7th Ave NW, west of 5th Ave NW, and north of NW Locust St in Issaquah, WA (Figure 1). The property addresses are as follows:

- 500 5th Place NW, referred to as the 500 parcel.
- 505 5th Place NW, referred to as the 505 parcel.
- 525 NW Gilman Blvd, referred to as the 525 parcel.
- 605 NW Gilman Blvd, referred to as the 605 parcel.

Copyright 2013 G-Logics, Inc.

- 615 NW Gilman Blvd, referred to as the 615 parcel.
- 630 NW Locust St, referred to as the 630 parcel.
- 695 NW Gilman Blvd, referred to as the 695 parcel.

The legal descriptions were obtained from the King County Assessor's website and are attached in Appendix A. The property boundaries, as understood by G-Logics, are shown on Figure 2 of this report.

3.2 Site and Vicinity General Characteristics

The site and adjacent areas are located along Gilman Blvd, west of Downtown Issaquah, primarily a commercial area. Residential, recreational, and industrial properties also are located within several blocks of the subject property.

3.3 Current Use of the Subject Property

The subject property and on-site structures are currently occupied by a Lombardi's Restaurant, retail spaces (including a gun shop and antique shops), and vacant spaces. Parking for these structures are located on the property, as well as a road and a vegetated area near the creek. The building is serviced by municipal, power, sewer and water. The structures are reportedly heated with natural gas.

3.4 Site Improvements

The property is approximately 6 acres in size and is developed with a large shopping center and parking lot. G-Logics understands the original site building was constructed in 1961 and has largely remained in the same configuration since it was built, with minor changes made to interior spaces. Figure 2 presents a site diagram.

3.5 Adjoining Property Uses

The site is bound to the north by NW Gilman Boulevard, to the west by 7th Avenue NW, and to the south by NW Locust Street. It is bound to the east by Issaquah Creek. Adjoining properties in all directions are commercial.

Copyright 2013 G-Logics, Inc.

4.0 USER PROVIDED INFORMATION

Information provided by Lennar, the stated User of this repor,t is summarized below.

4.1 Title Records

A standard Title Report was provided by Lennar and is included in Appendix B. Schedule B, Special Exceptions of this Title report indicated did not indicate any easements for fuel pipelines, storage tanks, or other similar facilities. Easements for utilities and in regards to the creek were listed in the Schedule B.

4.2 Environmental Liens or Land Use Restrictions

Based on Schedule B, Special Exceptions of the title report, no environmental liens were shown to be present against the subject property.

4.3 Specialized Knowledge

No specialized knowledge was available to G-Logics while conducting this report.

4.4 Commonly Known or Reasonably Ascertainable Information

G-Logics is not aware of commonly known soil or groundwater conditions located in this area of Issaquah that could impact the subject property other than the information identified in this report.

4.5 Valuation Reduction for Environmental Issues

G-Logics was informed by Lennar that the subject property has not been devalued.

4.6 Owner, Property Manager, and Occupant Information

G-Logics understands the current property owner of all the parcels is Gilman Square LLC. The subject property is currently occupied by Lombardi's Italian Restaurant, West Coast Armory, Bad Girls Antiques, and Sister's Antiques. Remaining shopping center spaces are vacant.

Copyright 2013 G-Logics, Inc.

4.7 Reason for Performing Phase I ESA

G-Logics understands this Phase I Assessment was conducted for Lennar prior to purchase of the property.

4.8 Other Information

Lennar provided no additional information for this assessment.

5.0 RECORDS REVIEW

Public, agency, and company records are sources of information that may be helpful in evaluating activities that may have contributed to contamination of soil and/or groundwater. The following agencies, companies, and individuals were contacted for information regarding the subject property.

- Environmental Data Resources, Inc., Radius Map Report, dated May 15, 2013
- Environmental Data Resources, Inc., Sanborn Map Report
- Environmental Data Resources, Inc., City Directory Abstract
- Environmental Data Resources, Inc., Historic Topographic Maps
- Puget Sound Regional Archives, Historical Tax Records
- Owner/Occupant Interviews

5.1 Standard Environmental Records Review

As part of a government database search completed by Environmental Data Resources (EDR), federal, state, local, and tribal databases were searched as specified by the ASTM procedure (and as identified in the attached EDR Radius Map report (Appendix C). Database dates also are identified in the EDR report.

> (***Note***: G-Logics observed that the EDR plotted locations of the identified listings were sometimes inaccurate, as would be expected given the current limitations of geo-coding technology. However, as based on our review of the provided information, the data was of suitable quality for purposes of our review. Therefore, G-Logics has used the identified site addresses (not the plotted locations) when considering possible subsurface contamination issues for this site.)

Copyright 2013 G-Logics, Inc.

5.1.1 Federal Comprehensive Environmental Response, Compensation, & Liability Act List

The Comprehensive Environmental Response, Compensation, and Liability Information System (CERCLIS) list is a database printout of sites that have come to the Environmental Protection Agency's (EPA) attention as a site with the potential to or having had releases of hazardous substances being addressed under the Superfund program. CERCLIS contains sites that either are proposed or are included on the National Priorities List (NPL). Also included are sites that are in the screening and assessment phase for possible inclusion on the NPL.

> No CERCLIS listed facilities were identified for the subject property or within 0.5 miles of the subject property.

5.1.2 Federal CERCLIS No Further Remedial Action Planned (NFRAP) List

As of February 25, 1995, the CERCLIS database no longer includes sites which the EPA has assessed and designated "No Further Remedial Action Planned" (NFRAP). A NFRAP decision does not necessarily mean that there is no hazard associated with a given site; it means only that based upon available information, the location is not judged to be a potential NPL site. The list identifies those sites that are listed by the EPA as having been evaluated by EPA for possible listing on the NPL, but where no further remedial action is planned subsequent to a preliminary assessment.

> No NFRAP sites were identified for the subject property or adjoining properties (extending from the subject property to 0.5 mile).

5.1.3 Federal National Priorities List (NPL)

The NPL list is a compilation of CERCLIS properties with the highest priority for cleanup pursuant to EPA's Hazard Ranking System.

> No NPL sites were identified for the subject property or within 1.0 miles of the subject property.

The Delisted NPL list identifies sites that the EPA has removed from the NPL as "…no further response is appropriate."

> No Delisted NPL sites were identified for the subject property or within 1.0 miles of the subject property.

Copyright 2013 G-Logics, Inc.

5.1.4 Federal RCRA Corrective Action Report (CORRACTS) List

The EDR list identifies those sites that are listed by the EPA as hazardous waste handlers with RCRA corrective action activity.

> No CORRACTS sites were identified for the subject property or within 1.0 mile of the subject property.

5.1.5 Federal RCRA TSD List

The EDR list identifies facilities that have obtained identification numbers from the EPA, which designate these businesses as transporters, storers, or disposers of hazardous waste.

> No Treatment, Storage, and Disposal (TSD) facilities were identified for the subject property or within 0.5 mile of the subject property.

5.1.6 Federal Resource Conservation and Recovery Act (RCRA) Generators

The RCRA list identifies facilities that have obtained identification numbers from the EPA, which designate these businesses as generators of hazardous waste. Obtaining an identification number does not mean that any hazardous materials have been improperly handled at any of these facilities. (Note: Other lists, such as the Washington Department of Ecology's Leaking Underground Storage Tank List, identify hazardous waste problems.)

> No RCRA generators were listed for the subject property. However, one large-quantity generator and one conditionally-exempt small-quantity generator were identified within 0.25 miles of the subject property. None of these sites are believed to present a high potential to impact the subject property due to location, distance, cleanup status, and/or expected groundwater flow direction.

5.1.7 Federal Emergency Response Notification System (ERNS) List

The EDR list identifies those sites that are listed under the EPA's emergency response notification systems list of reported CERCLA hazardous substance releases or spills in quantities greater than the reportable quantity. This list is maintained by the National Response Center. Notification requirements for such releases or spills are codified in Chapter 40 of the Code of Federal Regulations (CFR) parts 302 and 355.

> The subject property was not listed as an ERNS site.

Copyright 2013 G-Logics, Inc.

5.1.8 Federal Engineering Controls Site (ECS) List

The ECS list identifies sites that have incorporated physical modifications (e.g. slurry walls or liners) to reduce or eliminate possible exposure to hazardous substances or petroleum products in the soil and/or groundwater.

The subject property was not listed on the ECS list.

5.1.9 Federal and State Institutional Controls Site (ICS) List

The ICS list identifies sites that have administrative measures (e.g. groundwater use restrictions or construction restrictions). The controls are intended to reduce exposure from contaminants that may remain on site.

The subject property was not listed as on the ICS list.

5.1.10 Washington's Confirmed and Suspected Contaminated Sites List (CSCSL)

The Washington Department of Ecology (Ecology) CSCS Report did not indicate the subject property was a known or suspected contaminated site. However, four sites were identified within 0.5 mile of the subject property and seven additional sites were identified within 1.0 mile of the property. One of the sites located 0.1 miles northwest of the property at 730 NW Gilman Blvd (Daniel's Dry Cleaners) may present a potential to impact the subject property due to location, distance, cleanup status, and/or expected groundwater flow direction. None of the other sites are believed to present a potential to impact the subject property.

5.1.11 Washington's Hazardous Sites List (HSL)

The Washington Department of Ecology (Ecology) HSL List is a subset of the CSCSL Report and includes sites that have been assessed and ranked using the Washington Ranking Method (WARM). See CSCSL, Section 5.1.10 of this Report.

This report did not indicate the subject property was a contaminated site that had been ranked for cleanup priority. However, three sites were identified within 1.0 mile of the subject property. None of these sites are believed to present a high potential to impact the subject property due to location, distance, cleanup status, and/or expected groundwater flow direction.

Copyright 2013 G-Logics, Inc.

5.1.12 State Landfill and/or Solid Waste Disposal Site Lists (SWF) is

Ecology's SWF List (these sites are identified by EDR as State Landfill sites) indicated that two landfills and/or solid waste disposal sites were located within 0.5 mile of the subject property. None of these sites are believed to present a high potential to impact the subject property due to location, distance, cleanup status, and/or expected groundwater flow direction.

5.1.13 Washington's Leaking Underground Storage Tanks (LUST) List

A review of Ecology's Toxic Cleanup Program LUST List indicated that there were no leaking underground storage tanks reported to Ecology for the subject property. However, leaking underground tanks within 0.5 mile from the subject property were reported at two locations: (Note: Sites determined to be "No Further Action" after review of a final cleanup report by Ecology staff will not appear on the Leaking Underground Storage Tank List.) None of these sites are believed to present a high potential to impact the subject property due to location, distance, cleanup status, and/or expected groundwater flow direction.

5.1.14 Washington's Registered Underground Storage Tank (UST) List

Ecology's UST list indicated no registered underground storage tanks are listed for the subject property or within 0.25 miles of the subject property.

5.1.15 Washington's Voluntary Cleanup Program (VCP) Sites

Ecology's VCP list identifies sites that have entered the Voluntary Cleanup Program or its predecessor, the Independent Remedial Action Program.

The EDR report did not indicate that the subject property was included on the VCP list. However, the report indicated that four surrounding properties within 0.5 miles of the subject property were included on the VCP list. None of the reported sites were located on adjoining properties. None of these sites, except for the Daniel's Dry Cleaners are believed to present a potential to impact the subject property.

5.1.16 Washington's Brownfield Sites

EPA's US Brownfields list did not indicate that the subject property or surrounding properties within 0.5 miles of the subject property were included on the Brownfield list.

Copyright 2013 G-Logics, Inc.

5.1.17 Tribal Records

EDR receives data on leaking/underground storage tanks located on tribal land from the EPA Region 10. As the subject property is not located on tribal land, no data was available for review.

5.2 Additional Environmental Records

Please note that the EDR report includes search results for several additional databases (e.g. dry cleaners, FINDS, & ROD) that are not specified by ASTM (1527-05, Section 8.2.1). G-Logics has reviewed all of the EDR-provided information and historical auto stations and drycleaners were listed for the area. Names for the cleaners were not reported, however, the provided addresses indicate that they were located to the northwest of the subject property at 660, 730, 735, and one property southeast of the subject property at 240 NW Gilman Blvd. Two historic gas stations and an auto parts store were listed as well. Please see the Radius report for specific information.

5.2.1 EDR Groundwater Wells

Several groundwater wells were identified in the areas surrounding the subject property. These wells all appear to be constructed for purposes of water supply (typical depths greater than 50 feet, constructed between 1949 and 1996). Please see the EDR Radius Report Geocheck Map in Appendix C.

5.3 Additional Environmental Records, Contacted Agencies

In addition to the EDR-provided information, G-Logics reviewed information from the following sources.

5.3.1 Tax Assessor

A G-Logics representative reviewed the available on-line records for the subject property. In summary, the records provided information regarding property owner, parcel numbers, sales records, and abbreviated legal descriptions. Copies of discovered records are available in Appendix A.

Copyright 2013 G-Logics, Inc.

5.3.2 Agency File Search

G-Logics did not request a file search at Ecology's Northwest Regional office as the EDR report did not identify the subject property on any Ecology-maintained lists.

5.4 Physical Setting Information

The local topography is characterized by generally flat-lying alluvium and peat (Holocene deposits). Groundwater is expected to be within 10 feet of the ground surface. The site is mostly characterized by peat, however, moderately sorted cobble gravel and pebbly sands may also be in the areas adjacent to Issaquah Creek.

5.5 Historical Use Information, Subject Property and Adjoining Properties

The following information was obtained from reviewed sources of historical information and interviews.

Copyright 2013 G-Logics, Inc.

5.5.1 Aerial Photograph Review

A review of historical aerial photography may indicate past activities at a property that may not be documented by other means, or observed during a property visit. The effectiveness of this technique depends on the scale and quality of the photographs, the available coverage, and the skill of the reviewer. Given these limitations, the following is a tabulation of the aerial photographs reviewed.

Date	Scale	Color	Source
1936	NA	No	KC iMap
1965	1"=500'	No	EDR
1968	1"=750'	No	EDR
1977	1"=500'	No	EDR
1985	1"=500'	No	EDR
1990	1"=500'	No	EDR
1991	1"=500'	Yes	EDR
1998	NA	Yes	KC iMap
2005	1"=500'	Yes	EDR
2006	1"=500'	Yes	EDR
2009	1"=500'	Yes	EDR
2011	1"=500'	Yes	EDR

The results of our aerial-photography review are presented below.

1936 The site is undeveloped (farmland). A house is located on neighboring properties along the southeast corner of the property at 550 NW Locust Street and 990 5th Avenue NW. Gilman Boulevard does not exist and 5th Avenue NW continues north along Issaquah Creek. NW Locust Street and 7th Avenue NW do not exist. Surrounding properties are agricultural.

1965 The subject property has been developed with the shopping center and parking lot on the 605 and 695 parcels. A gas station with a pump island is located on the 615 parcel. Gilman Boulevard now exists to the north of the subject property. NW Locust Street exists to the south of the subject property. The subject property is surrounded with agricultural and residential

Copyright 2013 G-Logics, Inc.

properties. Commercial properties exist to the southeast along Gilman Boulevard.

1968 The photograph has poor resolution and features on the subject property could not be clearly distinguished.

1977 The shopping center remains in the same configuration as the previous photograph. The gas station building remains, but appears now to be connected to a building directly southeast on the neighboring 607 parcel. A building now occupies the 630 parcel. The 555 NW Gilman Blvd parcel has a building on it now. Properties to the south have been developed with commercial buildings. Other surrounding properties remain as agricultural and residential.

1985 The service station has been replaced with a parking lot. The 525 and 505 parcels remain vegetated. The property directly east of the 605 parcel and west of the 630 parcel now has a building. The property to the west of the 630 parcel also has a building on it. To the north and northwest of the subject property, on the other side of Gilman Blvd, there are now commercial developments. The property to the west of the subject property remains vegetated. Interstate 5 can now be seen to the north of the subject property.

1990 The subject property appears in the same configuration as the previous photographs except the building on the 630 parcel no longer exists. The property to the west has been cleared of vegetation. Surrounding properties have been converted to residential and commercial properties.

1991 Photograph is similar to 1990 photograph.

2005 The subject property appears in the same configuration as the previous photograph. The property to the west has been developed with a large shopping center and parking lot.

2006 Photograph is similar to the 2005 photograph.

2009 Photograph is similar to the 2006 photograph.

2011 Photograph is similar to the 2009 photograph.

Copies of these photographs are included in Appendix D of this report.

Copyright 2013 G-Logics, Inc.

5.5.2 Sanborn Fire Insurance Maps

No Sanborn Fire Insurance maps were discovered for the subject property or surrounding areas (per EDR Report).

5.5.3 Kroll Maps/Metsker Maps

Kroll Metsker property ownership maps for the area, dated 1950 and 1960, were reviewed. Information on the Kroll maps were similar to information gathered from the aerial photographs (Section 5.5.1) and historical tax records (Section 5.5.4).

5.5.4 Historic Tax Records

A G-Logics representative reviewed the available files for the subject property and adjoining properties (607 & 555 NW Gilman Blvd and 550 & 640 NW Locust St) at the Puget Sound Regional Archives. The tabulation below shows the research for each parcel.

- 500 5th Place NW:
- 505 5th Place NW:
- 525 NW Gilman Blvd:
- 605 NW Gilman Blvd:
- 615 NW Gilman Blvd:
- 630 NW Locust St:
- 695 NW Gilman Blvd:

5.5.5 Historical Topographic Mapping

Historical topographic mapping showing the subject property is included in Appendix E. Mapping was discovered for 1895, 1897, 1950, 1968, 1973, and 1983. Identified site features are consistent with those described in Section 5.4.1 of this report, Aerial Photographic Review.

Copyright 2013 G-Logics, Inc.

5.5.6 Reverse Telephone Directories

G-Logics reviewed the EDR-City Directory Abstract (Appendix F) and city reverse directories from 1969 through 2008 (but not for every year). The following provides a summary of the identified information for the subject property. Over the course of the years, the address for the subject property has changed. Some of the former addresses were not included on the City Directory report.

Listings for surrounding addresses for all years researched were primarily residential. Based on interpretation of business names, the following are listings of properties that may have had underground storage tanks or may have had hazardous materials on-site.

Address	Year	Name
Subject Property		
605 NW Gilman Blvd	2008	Pilaexx, Inc.
	2003	Roy Potter Insurance
615 NW Gilman Blvd	2008	Mary's Flowers ETC
	2003	Classic Nails and Hair
625 NW Gilman Blvd	2008	Oneal's Antiques
	2003	Gilman Antique Gallery
635 NW Gilman Blvd	2008	Leathers Inc
655 NW Gilman Blvd	2008	Sisters Inc, Antiques
645 and 689 NW Gilman Blvd	1999-2008	Casual Dining
695 NW Gilman Blvd	2008	Lombardi's Cucina
630 NW Locust Street	1972-1976	Waterhole Tavern
1720 NW Locust Street	1972-1985	Issaquah Shopping Center
	1981	Country Cobbler
	1972-1981	Looks Pharmacy
	1972-1976	Fields Apparel Shop
1722 NW Locust Street	1976	Hi-Lo Supermarket
1726 NW Locust Street	1972	Jack L Kramer
1732 NW Locust Street	1972	Killians Prestige Cleaning

Copyright 2013 G-Logics, Inc.

1736 NW Locust Street	1972	Firs Nursery
Adjoining Property		
607 NW Gilman Blvd	2003-2008	Schuck's Auto Supply
North of Subject Property		
660 NW Gilman Blvd	1999-2003	Dry Clean Doctor

5.5.7 Building Department Records

Building department records, in our professional opinion, were not reviewed as the records were not reasonably ascertainable and/or likely to be significantly useful, accurate, or complete in terms of satisfying the objectives of this report.

5.5.8 Zoning/Land Use Records

According to the King County Assessor parcel records, the subject property type is zoned as "residential" (Appendix A).

5.5.9 Other Historical Sources

Additional historic information was obtained from newspaper archives. Issaquah Press articles from October 1961 describe the addition of a drycleaning business to the Issaquah Shopping Center. This business, called "Andy's One-Hour Cleaning", used "Perclor" at a rate of 1,500 gallons per hour. Perclor or Perchlor is a term used for perchloroethylene or tetrachloroethylene, a common drycleaning solvent. This news article also discussed the new business, Western Auto, in the Issaquah Shopping Center. This was an appliance store that also sold auto parts and household items.

6.0 INTERVIEWS

Presented below is a summary of information provided by individuals interviewed for this project.

Copyright 2013 G-Logics, Inc.

6.1 Interview with Owner

We interviewed Mr. Michael Finch, a representative of the current property owner. Mr. Finch was not aware of any environmental issues on the property. He was not aware of any tanks, former gas stations, or drycleaners on the subject property. Mr. Finch did not have any information regarding the four groundwater monitoring wells that were identified during a site visit. (See Section 7.0)

6.2 Interview with Occupants

Occupant information was not provided to G-Logics.

6.3 Interview with Past Owners, Operators, and Occupants

G-Logics was not provided contact information for past owners/operators/occupants. G-Logics was unable to easily ascertain contact data for the past owners/operators/occupants. As such, other historical sources were reviewed to gather historic site-information about the subject property.

However, while conducting a site visit on June 5, 2013, a man indicating that he built the O'Reilly's Auto Parts building in 1985, stopped and spoke with Ms. Halli Hemley. The man would not give his name, but stated that in 1985 during the construction, two tanks formerly used by the gas station were filled with concrete slurry. He confirmed that the two tanks that were identified by ground-penetrating radar (See Section 7.2.2) were the two tanks that he filled. He did not know of any other tanks and stated that at the time they were filled, no environmental sampling was conducted. He did not know who installed the wells on the property.

6.4 Interview with Neighboring Property Owners

As the subject property was not an abandoned property, G-Logics did not interview neighboring property owners.

6.5 Interview with Local Government Officials

Please see Section 5.3, Additional Environmental Records, Local Agencies.

Copyright 2013 G-Logics, Inc.

6.6 Interview with Others

No other interviews were conducted.

7.0 SITE RECONNAISSANCE

Presented below is a summary of information identified by Ms. Halli Hemley under the supervision of Mr. Rory Galloway, an environmental professional (as described in ASTM 1527-05), during site reconnaissance on May 30, June 4, and June 6, 2013.

7.1 Methodology and Limiting Conditions

Ms. Hemley was unaccompanied by during the site visit. The purpose of the property visit was to look for obvious visual indications of historical or current operations that may have resulted in possible soil and/or groundwater contamination.

As G-Logics did not have access to the building interiors, our observations were limited to the exteriors. Observed conditions are described below.

7.2 Site Reconnaissance Observations

The general site setting is reported in Sections 3.3 and 3.4 of this report. The site visit included a visual review of the property for indications of activities such as waste storage and disposal, disposal of contaminants into storm drains, underground and aboveground storage tanks, and hazardous-material storage or use areas. Photographs were taken during the site visit (locations and directions presented on Figure 2) and are discussed below. Observed conditions also are described below.

7.2.1 Site Diagram of the Property

Please refer to Figure 2 for a schematic diagram of subject property features and locations and directions of representative site-visit photographs.

7.2.2 Fuel Supply Tanks

The subject property has two underground storage tanks that have reportedly been filled in place. These tanks were located using ground-penetrating radar, conducted by G-Logics in

Copyright 2013 G-Logics, Inc.

the station area, and through interviews. The size and former contents of the tank are unknown (Photo 1).

7.2.3 Groundwater Monitoring Wells

Four groundwater monitoring wells were located on the subject property. No information is available for these wells (e.g. date of installation, owner, etc). The wells are located in the area of the former gas station.

7.2.4 Parking Lot

The parking lot is used for patrons of the local businesses. Near the O'Reilly's Auto Parts, there are multiple parking stalls with minor oil staining (Photo 2). Some patrons of the auto parts store were observed adding fluids to their vehicles. Many asphalt patches were observed on the parking lot. Some of these were in areas where the storm system drains were located.

7.2.5 Storm Drains

Multiple storm drains were observed on the subject property. G-Logics understands these drains are part of the local municipal system. No indications of improper disposal into the storm drains were observed.

7.2.6 Fluorescent Bulbs

Some fluorescent bulbs were discarded in the fenced area on the southeast corner of the building (Photos 4 and 5), some seen to be broken. Fluorescent bulbs contain mercury vapor and should be disposed properly.

Copyright 2013 G-Logics, Inc.

8.0 DATA GAP REVIEW

A data gap is defined by the ASTM standard as "a lack of or inability to obtain information required by the standards and practices listed in the regulation despite good faith efforts by the environmental professional or prospective landowner to gather such information." Accordingly, the EP is to identify data gaps, document steps taken to fill them, and comment on their significance. The following table lists the ten AAI-required criteria and identifies if a data gap exists. If a data gap has been identified, our professional opinions are provided to describe why the data gap is or is not significant. In addition to our opinions, data sources consulted and used to assist with our opinion also are identified.

10 AAI Required Criteria	Data Gap [(1)] and Significance (Opinions and Sources)
Review performed or supervised by environmental professional (EP).	No data gap.
EP conducted interviews with past and present owners, operators, and occupants.	Data gap exists. Interviews with current occupants and past owners were not conducted. However, this data gap is not significant, as the past uses of the property were identified through other historical sources.
EP reviewed historical sources back to first developed use.	No data gap.
EP reviewed federal, state, tribal, and local government records concerning contamination at or near the facility.	No data gap.
EP completed site visit to subject property and observed, as appropriate, adjoining properties.	Data gap exists. However, this data gap is not significant, as only the interiors of the buildings were not observed. These spaces could be seen from the sidewalk through the window.
EP review of User-provided information regarding federal, state, tribal, and local environmental cleanup liens.	Data gap exists. An Environmental Lien Report was not reviewed. However, this data gap is not significant, as environmental liens were not identified in the available Title Report.
EP review of User-provided specialized knowledge of the subject property and adjoining properties.	No data gap.
EP review of User-provided information regarding purchase price vs. fair-market value.	No data gap.

Copyright 2013 G-Logics, Inc.

10 AAI Required Criteria	Data Gap [(1)] and Significance (Opinions and Sources)
EP and User consideration of commonly known information about the property.	No data gap.
EP and User consideration of degree of obviousness of the presence or likely presence of contamination.	No data gap.

[1] ASTM 1527-05 identified a data gap and addressed a significant data gap in the following ways:

1 "…a lack of or inability to obtain information required by this practice despite *good faith* efforts by the *environmental professional* to gather such information."

"A data gap is only significant if other information and/or professional experience raises reasonable concerns involving the data gap."

"The report shall identify and comment on significant data gaps that affect the ability of the EP to identify *recognized environmental conditions* ..."

9.0 FINDINGS

For the completed Phase I ESA, the following findings are based on G-Logics knowledge of the subject property from our site observations and information gathered during our review. These findings are subject to the limitations presented in this report and may change if additional information becomes available.

9.1 Subject Property

We have performed a Phase I Environmental Site Assessment for the subject property in conformance with the scope and limitations of ASTM Practice E 1527. Any exceptions to, or deletions from, this practice are described in Section 2.0 (and subsections) of this report. This assessment, as qualified above, has revealed no evidence of recognized environmental conditions (REC) in connection with the property, except for the following:

The subject property previously had a drycleaner and gas/auto service station on the property. These were on the subject property from the early 1960s to mid-1970s. The drycleaner was located on the west side of the shopping center along 7th Avenue NW. The gas station was located on the parcel located at 615 NW Gilman Blvd (Figure 2).

Copyright 2013 G-Logics, Inc.

Multiple tanks were identified for the gas station. Two USTs have been confirmed to remain in place and are reportedly filled with concrete slurry. A service bay that had a hoist was also identified through historical tax records. The drycleaner was located in the shopping center and was identified in an Issaquah Press article to use “Perclor” for cleaning (term likely referring to Tetrachloroethylene).

9.2 Adjoining Properties

For adjoining and adjacent properties, our assessment discovered conditions indicative of releases or threatened releases of hazardous substances to the soil and groundwater that would represent a REC in connection with the subject property, as described below.

Our record review and site visit observations indicated that fluid changes and maintenance of cars is occasionally occurs on the adjoining O’Reilly’s Auto Parts property. This work is conducted by patrons of the store and sometimes results in spills of auto fluids.

Our record review also revealed off-site properties with identified environmental issues (LUST, UST, CSCSL, RCRA, or other identified listings) within the ASTM-required search distances. One of these properties, Daniel’s Dry Cleaners is located approximately 0.10 miles to the northwest of the subject property. Another property, located at 660 NW Gilman Blvd, is approximately 0.02 miles northwest of the subject property. Given the cleanup status (if applicable) and groundwater flow direction, relative to the subject property for these identified sites, it is unlikely that soil or groundwater contamination would occur at the subject property specifically due to these identified sites.

Additionally, contamination at these off-property locations likely does not present a significant liability to the subject property due to the 2007 amendments to Washington’s Model Toxics Control Act (MTCA) [specifically, subsection (12)(b)(iv) of RCW 70.105D.020]. This subsection identifies that “any person who has ownership interest in, operates, or exercises control over real property where hazardous substances has come to be located solely as a result of migration of the hazardous substance to the real property through the groundwater from the source off the property” would not meet the definition of an “owner or operator” for purposes of cleanup responsibility.

Copyright 2013 G-Logics, Inc.

10.0 OPINIONS

Based on the findings of this site assessment, G-Logics recommends soil and groundwater sampling at this site in the areas of the former drycleaner and gas/service station. G-Logics recommends this work scope be prepared with the assistance of Lennar Multifamily Investors upon completion of review of this report. G-Logics also recommends that the fluorescent bulbs at this property be properly disposed.

11.0 ADDITIONAL SERVICES

Although not within the scope or budget of the performed site assessment, G-Logics noted several “non-scope” issues. These issues are presented herein to only provide additional site information.

11.1 Radon Information

Regarding the potential for radon, the United States Geological Survey (USGS) and the attached EDR report have identified the area of the subject property as “Zone 3” (<2pCi/liter). Samples were not collected during this assessment to prove or dispute this expectation. Zone 3 is the EPA’s lowest risk level zone.

11.2 Asbestos/Lead Paint

Asbestos and lead paint assessments were not part of our scope of work. Therefore, the presences of asbestos or lead-based paints were not evaluated as part of this Phase I ESA.

11.3 Wetlands

Consideration of wetlands was not part of our scope of work, and therefore the potential presence of wetlands was not evaluated as part of this Phase I ESA.

11.4 Stormwater/Surfacewater

Consideration of stormwater/surfacewater was not part of our scope of work. Therefore water volumes, drainage, quality, turbidity, temperature and/or other aspects were not evaluated as part of this Phase I ESA.

Copyright 2013 G-Logics, Inc.

11.5 Lead in Drinking Water

Consideration of the presence of lead in drinking water was not part of our scope of work, and therefore was not evaluated as part of this Phase I ESA.

11.6 Endangered Species

Consistent with our approved scope of services, an evaluation of the presence of endangered species and/or critical habitat was not performed in conjunction with this Phase I ESA.

11.7 Indoor Air Quality and Biological Pollutants

Consistent with our approved scope of services, an evaluation of the indoor air quality, vapor intrusion, and/biological pollutants (including molds, spores, bacteria, viruses, and the byproducts of any such biological organisms) of the on-site structures was not performed in conjunction with this Phase I ESA.

11.8 High Voltage Powerlines

No high-voltage powerlines are located over the subject property. Therefore, potential impacts are not expected from possible electrical and magnetic fields generated by these lines. Additionally, consistent with our approved scope of services, an evaluation of the potential impacts from any high voltage powerlines was not performed in conjunction with this Phase I ESA.

11.9 Cultural and Historic Resources

Consistent with our approved scope of services, an evaluation of potential cultural and historic resources that may be present on the subject site was not performed in conjunction with this Phase I ESA.

Copyright 2013 G-Logics, Inc.

12.0 QUALIFICATIONS OF ENVIRONMENTAL PROFESSIONALS

A brief resume of the environmental professional (Mr. Rory Galloway) conducting this environmental site assessment follows:

Mr. Rory Galloway

Mr. Galloway is a licensed Hydrogeologist and Principal with G-Logics. Since 1986, Mr. Galloway has conducted, managed or reviewed more than 1,500 Phase I Environmental Site Assessments throughout the Pacific Northwest, Alaska, and California. In addition, he has performed CERCLA and MTCA Remedial Investigations/Feasibility Studies (RI/FS) and various standard and risk-based cleanups. Mr. Galloway's expertise includes soil and groundwater investigation and cleanup projects. Mr. Galloway has additional expertise identifying relevant site environmental issues and developing workable cleanup solutions.

Often, these solutions include an evaluation of actual site risks, with intent to balance cleanup needs, regulatory requirements, project schedules, and available resources. With many of these projects, Mr. Galloway also has provided remediation estimates, performed forensic reviews, and has testified as an expert.

Mr. Galloway is a member of ASTM Committee E-50, Environmental Assessment, Risk Management and Corrective Action. Mr. Galloway also is a member of ASTM Subcommittee E-50.01, Storage Tanks; E-50.02, Real Estate Assessment and Management; E-50.03, Pollution Prevention/Beneficial Use; E-50.04, Corrective Action; E-50.05, Environmental Risk Management; and E50.06, Forensic Environmental Investigations. Mr. Galloway also is a member of ASTM Working Item WK9354, Standard Practice for Landowner Appropriate Care of a Contaminated Property.

APPENDIX B

COMMITMENT FOR TITLE INSURANCE

Issued by

FIRST AMERICAN TITLE INSURANCE COMPANY

First American Title Insurance Company, herein called the Company, for valuable consideration, hereby commits to issue its policy or policies of title insurance, as identified in Schedule A, in favor of the proposed Insured named in Schedule A, as owner or mortgagor of the estate or interest covered hereby in the land described or referred to in Schedule A, upon payment of the premiums and charges therefor; all subject to the provisions of Schedules A and B and to the Conditions and Stipulations hereof.

This Commitment shall be effective only when the identity of the proposed Insured and the amount of the policy or policies committed for have been inserted in Schedule A hereof by the Company, either at the time of the issuance of the Commitment or by subsequent endorsement.

This Commitment if preliminary to the issuance of such policy or policies of title insurance and all liability and obligations hereunder shall cease and terminate six (6) months after the effective date hereof or when the policy or policies committed for shall issue, whichever first occurs, provided that the failure to issue such policy or policies is not the fault of the Company. This Commitment shall not be valid or binding until countersigned by an authorized officer or agent.

IN WITNESS WHEREOF, the Company has caused this commitment to be signed and sealed, to become valid when countersigned by an authorized officer or agent of the Company, all in accordance with its By-Laws. This Commitment is effective as of the date shown in Schedule A as "Effective Date."

First American Title Insurance Company

THENCE EASTERLY ALONG THE ARC OF A CURVE TO THE LEFT, HAVING A RADIUS OF 133.27 FEET, A DISTANCE OF 67.97 FEET TO A POINT OF TANGENCY;
THENCE SOUTH 88°30'08" EAST 108.30 FEET TO A POINT OF CURVE;
THENCE NORTH 01°29'52" EAST 17.50 FEET TO THE TRUE POINT OF BEGINNING OF SAID 35 FOOT WIDE STRIP OF LAND;

THENCE SOUTH 88°30'08" EAST A DISTANCE OF 68 FEET MORE OR LESS TO THE THREAD OF ISSAQUAH CREEK;

THENCE SOUTHEASTERLY ALONG THE THREAD OF ISSAQUAH CREEK, A DISTANCE OF 60 FEET MORE OR LESS TO ITS INTERSECTION WITH THE EASTERLY EXTENSION OF A LINE 35 FEET SOUTHERLY OF (MEASURED PERPENDICULAR TO) AND PARALLEL WITH AFOREMENTIONED LINE STARTING FROM THE TRUE POINT OF BEGINNING;

THENCE NORTH 88°30'08" WEST ALONG SAID EXTENSION AND LINE A DISTANCE OF 60 FEET MORE OR LESS TO THE EASTERLY LINE OF THAT 35 FOOT WIDE STRIP OF LAND AS DESCRIBED ABOVE IN MAIN LEGAL, SAID POINT BEING A CURVE HAVING A RADIUS OF 129.11 FEET;

THENCE NORTHWESTERLY ALONG SAID CURVE TO THE LEFT AN ARC DISTANCE OF 15.01 FEET THROUGH A CENTRAL ANGLE OF 06°39'47" TO A POINT OF COMPOUND CURVE;

THENCE CONTINUING NORTHWESTERLY ALONG A CURVE TO THE LEFT, HAVING A RADIUS OF 61.64 FEET AN ARC DISTANCE OF 56.09 FEET TO THE TRUE POINT OF BEGINNING.

PARCEL E:

THAT PORTION OF THE NORTHEAST QUARTER OF SECTION 28, TOWNSHIP 24 NORTH, RANGE OF 6 EAST, W.M., IN KING COUNTY, WASHINGTON, DESCRIBED AS FOLLOWS:

BEGINNING AT THE NORTHWEST CORNER OF THE HERBERT S. UPPER'S SECOND ADDITION TO ISSAQUAH, ACCORDING TO THE PLAT THEREOF RECORDED IN VOLUME 21 OF PLATS, PAGE 4, IN KING COUNTY, WASHINGTON, SAID POINT BEING SOUTH 88°30'08" EAST 10.47 FEET FROM THE WEST LINE OF SAID NORTHEAST QUARTER;

THENCE SOUTH 88°30'08" EAST 369.12 FEET ALONG THE NORTHERLY LIMITS OF SAID PLAT TO THE TRUE POINT BEGINNING;

THENCE NORTH 23°55'02" EAST 135.36 FEET;
THENCE ALONG A CURVE TO THE LEFT, THE CENTER OF WHICH BEARS NORTH 27°24'26" EAST HAVING A RADIUS OF 150.77 FEET, AN ARC DISTANCE OF 68.18 FEET;
THENCE SOUTH 88°30'08" EAST 8.72 FEET;
THENCE SOUTH 01°29'52" WEST 110.00 FEET;
THENCE NORTH 88°33'08" WEST 126.18 FEET TO THE TRUE POINT OF BEGINNING.

SCHEDULE B - SECTION 1
REQUIREMENTS

The following are the Requirements to be complied with:

Item (A) Payment to or for the account of the Grantors or Mortgagors of the full consideration for the estate or interest to be insured.

Item (B) Proper instrument(s) creating the estate or interest to be insured must be executed and duly filed for record.

Item (C) Pay us the premiums, fees and charges for the policy.

Item (D) You must tell us in writing the name of anyone not referred to in this Commitment who will get an interest in the land or who will make a loan on the land. We may then make additional requirements or exceptions

SCHEDULE B - SECTION 2
GENERAL EXCEPTIONS

The Policy or Policies to be issued will contain Exceptions to the following unless the same are disposed of to the satisfaction of the Company.

A. Taxes or assessments which are not shown as existing liens by the records of any taxing authority that levies taxes or assessments on real property or by the public records.

B. Any facts, rights, interest, or claims which are not shown by the public records but which could be ascertained by an inspection of said land or by making inquiry of person in possession thereof.

C. Easements, claims of easement or encumbrances which are not shown by the public records.

D. Discrepancies, conflicts in boundary lines, shortage in area, encroachments, or any other facts which a correct survey would disclose, and which are not shown by public records.

E. (1) Unpatented mining claims; (2) reservations or exceptions in patents or in acts authorizing the issuance thereof; (3) Water rights, claims or title to water; whether or not the matters excepted under (1), (2) or (3) are shown by the public records; (4) Indian Tribal Codes or Regulations, Indian Treaty or Aboriginal Rights, including easements or equitable servitudes.

F. Any lien, or right to a lien, for services, labor, materials or medical assistance theretofore or hereafter furnished, imposed by law and not shown by the public records.

G. Any service, installation, connection, maintenance, construction, tap or reimbursement charges/costs for sewer, water, garbage or electricity.

H. Defects, liens, encumbrances, adverse claims or other matters, if any, created, first appearing in the public records or attaching subsequent to the effective date hereof but prior to the date the proposed insured acquires of record for value the estate or interest or mortgages thereon covered by this Commitment.

SCHEDULE B - SECTION 2
(continued)
SPECIAL EXCEPTIONS

END OF SCHEDULE B

First American Title Insurance Company
National Commercial Services

COMMITMENT
Conditions and Stipulations

1. The term "mortgage" when used herein shall include deed of trust, trust deed, or other security instrument.

2. If the proposed Insured has or acquires actual knowledge of a defect, lien, encumbrance, adverse claim or other matter affecting the estate or interest or mortgage thereon covered by this Commitment, other than those shown in Schedule B hereof, and shall fail to disclose such knowledge to the Company in writing, the Company shall be relieved from liability for any loss or damage resulting from any act or reliance hereon to the extent the Company is prejudiced by failure to so disclose such knowledge. If the proposed Insured shall disclosure such knowledge to the Company, or if the Company otherwise acquires actual knowledge of any such defect, lien, encumbrance, adverse claim or other matter, the Company at its option, may amend Schedule B of this Commitment accordingly, but such amendment shall not relieve the Company from liability previously incurred pursuant to paragraph 3 of these Conditions and Stipulations.

3. Liability of the Company under this Commitment shall be only to the named proposed Insured and such parties included under the definition of Insured in the form of Policy or Policies committed for, and only for actual loss incurred in reliance hereon in undertaking in good faith (a) to comply with the requirements hereof, or (b) to eliminate exceptions shown in Schedule B, or (c) to acquire or create the estate or interest or mortgage thereon covered by this Commitment. In no event shall such liability exceed the amount stated in Schedule A for the Policy or Policies committed for and such liability is subject to the Insuring provisions, exclusion from coverage, and the Conditions and Stipulations of the form of Policy or Policies committed for in favor of the proposed Insured which are hereby incorporated by references, and are made a part of this Commitment except as expressly modified herein.

4. Any claim of loss or damage, whether or not based on negligence, and which arises out of the status of the title to the estate or interest or the lien of the Insured mortgage covered hereby or any action asserting such claim, shall be restricted to the provisions and Conditions and Stipulations of this Commitment.

PRIVACY POLICY

We Are Committed to Safeguarding Customer Information

In order to better serve your needs now and in the future, we may ask you to provide us with certain information. We understand that you may be concerned about what we will do with such information particularly any personal or financial information. We agree that you have a right to know how we will utilize the personal information you provide to us. Therefore, together with our parent company, The First American Corporation, we have adopted this Privacy Policy to govern the use and handling of your personal information.

Applicability

This Privacy Policy governs our use of the information which you provide to us. It does not govern the manner in which we may use information we have obtained from any other source, such as information obtained from a public record or from another person or entity. First American has also adopted broader guidelines that govern our use of personal information regardless of its source. First American calls these guidelines its Fair Information Values, a copy of which can be found on our website at www.firstam.com.

Types of Information

Depending upon which of our services you are utilizing, the types of nonpublic personal information that we may collect include:

- Information we receive from you on applications, forms and in other communications to us, whether in writing, in person, by telephone or any other means;
- Information about your transactions with us, our affiliated companies, or others; and·
- Information we receive from a consumer reporting agency.

Use of Information

We request information from you for our own legitimate business purposes and not for the benefit of any nonaffiliated party. Therefore, we will not release your information to nonaffiliated parties except: (1) as necessary for us to provide the product or service you have requested of us; or (2) as permitted by law. We may, however, store such information indefinitely, including the period after which any customer relationship has ceased. Such information may be used for any internal purpose, such as quality control efforts or customer analysis. We may also provide all of the types of nonpublic personal information listed above to one or more of our affiliated companies. Such affiliated companies include financial service providers, such as title insurers, property and casualty insurers, and trust and investment advisory companies, or companies involved in real estate services, such as appraisal companies, home warranty companies, and escrow companies. Furthermore, we may also provide all the information we collect, as described above, to companies that perform marketing services on our behalf, on behalf of our affiliated companies, or to other financial institutions with whom we or our affiliated companies have joint marketing agreements.

Former Customers

Even if you are no longer our customer, our Privacy Policy will continue to apply to you.

Confidentiality and Security

We will use our best efforts to ensure that no unauthorized parties have access to any of your information. We restrict access to nonpublic personal information about you to those individuals and entities who need to know that information to provide products or services to you. We will use our best efforts to train and oversee our employees and agents to ensure that your information will be handled responsibly and in accordance with this Privacy Policy and First American's Fair Information Values. We currently maintain physical, electronic, and procedural safeguards that comply with federal regulations to guard your nonpublic personal information.

AMENDED RIGHT-OF-WAY AND EASEMENT

WHEREAS, on the 10th day of August, 1948, John Fischer and Agnes Fischer, his wife, granted unto the Pacific Telephone and Telegraph Company a right-of-way and easement which was recorded in the office of the Auditor of King County under Auditor's Receiving No. 3843424 on October 5th, 1948 in Volume 2786 of Deeds at Page 238;

AND WHEREAS, the interest of the said grantors in that portion of the real property therein described lying south of Primary State Highway No. 2 was thereafter vested in Marvin Mobl and Ruth Mobl, his wife;

AND WHEREAS, the parties desire to amend the description therein contained and the limitations of said right-of-way and easement;

NOW, THEREFORE, in consideration of mutual covenants herein contained, IT IS AGREED that the said easement above referred to, be, and the same hereby is, amended to read as follows:

The undersigned hereby grant and convey unto the PACIFIC TELEPHONE AND TELEGRAPH COMPANY, its successors and assigns, a right-of-way and easement to construct, operate, maintain, replace and remove such communication systems as said grantee may from time to time require, consisting of underground cables, wires, conduits, manholes, drains and splicing boxes, and surface testing-terminals, repeaters, and markers and other appurtenances, upon, over and under a strip of land 30 feet wide across the following described land which the undersigned own, or in which the undersigned have an interest;

That portion of the northwest quarter of the northeast quarter of Section 28, Township 24 north, Range 6 E.W.M., lying southwesterly of Primary State Highway No. 2 and west of the center line of Issaquah Creek, subject to the rights, if any, of King County Drainage District No. 4 in the west 20 feet thereof; County of King, State of Washington, together with the right of ingress and egress over and across the lands of the undersigned to and from said strip for the purpose of exercising the rights herein granted, including the right to maintain a road or roads therefor running generally along said strip or such practical route or routes as may be mutually satisfactory; and the right to clear and keep clear all trees, roots, brush and other obstructions from the surface of said strip and to install gates in any fences crossing said strip. The northerly boundary of said strip

AMENDED RIGHT-OF-WAY AND EASEMENT

WHEREAS, on the 10th day of August, 1948, John Fischer and Agnes Fischer, his wife, granted unto the Pacific Telephone and Telegraph Company a right-of-way and easement which was recorded in the office of the Auditor of King County under Auditor's Receiving No. 3303426 on October 28th, 1948 in Volume 2786 of Deeds at Page 242;

AND WHEREAS, the interest of the said grantors in the portion of the real property therein described lying south of Primary State Highway No. 2 was thereafter vested in Marvin Mohl and Ruth Mohl, his wife;

AND WHEREAS, the parties desire to amend the description therein contained and the location of said right-of-way and easement;

NOW, THEREFORE, in consideration of mutual covenants hereinafter contained, IT IS AGREED that the said easement above referred to be, and the same hereby is, amended to read as follows:

The undersigned hereby grant and convey unto THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY, its successors and assigns, a right-of-way and easement to construct, operate, maintain, replace and remove such communication system as said grantee may from time to time require, consisting of underground cables, wires, conduits, manholes, drains and appurtenances thereto, and surface testing terminals, together with the necessary anchors, guys, anchor appurtenances thereto, in and under a strip of land 30 feet wide across the property described herein and which the undersigned now own or in which the undersigned have an interest.

That portion of the northwest quarter of the northwest quarter of Section 28, Township 24 North, Range 5 East, W.M., lying southwesterly of Primary State Highway No. 2 and west of the center line of Issaquah Creek, subject to the rights of the County Drainage District No. [illegible] over the west 20 feet thereof; County of King, State of Washington, together with the right of ingress and egress over and across the property of the undersigned to and from said [illegible] for the purpose of exercising the rights herein granted, and the right to maintain [illegible] along [illegible]

[illegible]

[illegible]

AMENDED RIGHT-OF-WAY AND EASEMENT

WHEREAS, on the 10th day of August, 1948, John Fischer and Agnes Fischer, his wife, granted unto the Pacific Telephone and Telegraph Company a right-of-way and easement which was recorded in the office of the Auditor of King County under Auditor's Receiving No. 3843424 on October 5th, 1948 in Volume 3760 of Deeds at Page 79.

AND WHEREAS, the interest of the said grantors in a portion of the real property therein described lying south of Primary State Highway No. 2 was thereafter vested in Marvin Mohl and Ruth Mohl, his wife.

AND WHEREAS, the parties desire to amend the description therein contained and the limitations of said right-of-way and easement;

NOW, THEREFORE, in consideration of mutual covenants herein contained, IT IS AGREED that the said easement above referred to, be, and the same hereby is, amended to read as follows:

> The undersigned hereby grant and convey unto THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY, its successors and assigns, a right-of-way and easement to construct, operate, maintain, replace and remove such communication systems as said grantee may from time to time require, consisting of underground cables, wires, conduits, manholes, drains and splicing boxes, and surface testing-terminals, repeaters, and markers and other appurtenances, upon, over and under a strip of land 30 feet wide across the following described land which the undersigned own, or in which the undersigned have an interest;
>
> That portion of the northwest quarter of the northeast quarter of Section 28, Township 24 north, Range 6 E.W.M., lying southwesterly of Primary State Highway No. 2 and west of the center line of Issaquah Creek, subject to the rights, if any, of King County Drainage District No. 4 in the west 20 feet thereof; County of King, State of Washington, together with the right of ingress and egress over and across the lands of the undersigned to and from said strip for the purpose of exercising the rights herein granted, including the right to maintain a road or roads therefor running generally along said strip or such practical route or routes as may be mutually satisfactory; and the right to clear and keep clear all trees, roots, brush and other obstructions from the surface of said strip and to install gates in any fences crossing said strip. The northerly boundary of said strip

shall be a line parallel to and 10 feet northerly of the first cable laid, which cable has its location indicated by surface markers set at intervals on said strip. The undersigned for themselves, their heirs, executors, administrators, successors and assigns, hereby covenant that no structure shall be erected or permitted on said strip, that no inflammable materials or explosives will be used or stored within 10 feet of said strip, and that the land on said strip will not be used in agricultural operations or otherwise to a depth greater than 36 inches. The grantee agrees that said cable shall be buried at least 36 inches below the ground surface and that it will pay for damage to fences and growing crops arising from the construction and maintenance of the aforesaid systems. Grantor may cover the surface of said strip with asphaltic concrete blacktop material, provided, however, that when the said surface material is disturbed by reason of necessary repair work by the grantee, that the grantee shall backfill and tamp the sub-surface material but that the grantor will restore the asphaltic concrete blacktop surface. The Pacific Telephone and Telegraph Company hereby granting and conveying unto to Marvin Mohl and Ruth Mohl, his wife, the northerly 10 feet of the 30-foot right-of-way and easement previously granted to it by the instrument above referred to and receiving in return the southerly 10 feet of the right-of-way and easement herein described.

IN WITNESS WHEREOF, the parties hereto have executed this instrument this 6th day of January, 19[illegible].

THIS INDENTURE made this 21st day of March, 19 61, between

MARVIN MOHL and RUTH MOHL, his wife

and hereinafter called "Grantor," and PUGET SOUND POWER & LIGHT COMPANY, a Massachusetts corporation, hereinafter called "Grantee," and _____ hereinafter called "Mortgagee".

WITNESSETH:

That in consideration of One Dollar ($1) and other valuable considerations, receipt of which is hereby acknowledged, the grantor hereby grants and conveys to the grantee, its successors and assigns, the right to construct, reconstruct, improve, repair, maintain and operate _____ electric transmission and/or distribution line _____ consisting of poles or towers with necessary braces, guys and anchors, crossarms, insulators, transmission, distribution and signal wires, transformers and other necessary or convenient facilities and equipment over and across the following described land located in _____ KING _____ County, State of Washington:

THE EAST 75 FEET OF THAT PORTION OF THE NORTHWEST QUARTER OF THE NORTHEAST QUARTER OF SECTION 23 TOWNSHIP 24 NORTH, RANGE 5 EAST, W.M. LYING SOUTHERLY OF PRIMARY STATE HIGHWAY NO. 2 AND WEST OF ISSAQUAH CREEK

This easement may be terminated by the Grantor at any time that the Grantor, or his successors, replace the overhead service with underground service.

The center line of each ~~transmission and/or~~ distribution line shall be located as follows:

75 FEET SOUTHERLY AND PARALLEL TO THE SOUTHERLY MARGIN OF PRIMARY STATE HIGHWAY NO. 2

Grantee shall have the right of access across the adjacent land of the grantor in order to exercise the rights granted by this instrument, including the right to construct, maintain and use a passable road in a convenient location, with necessary bridges and gates.

Grantee shall have the right, at any and all times, to cut, top and/or trim any and all brush or trees now or hereafter standing or growing upon said land or adjacent land of the grantor which are or may be within twenty-five (25) feet of the said center line _____, and also the right to cut, top and/or trim any trees upon said land or adjacent land of the grantor which, in falling, could come within seven (7) feet of any of the poles, towers, fixtures, guys, conductors or other facilities of the grantee or in any manner be a menace or hazard thereto.

Grantor shall not place, construct or maintain any building or other structure within _____ feet of said center line and shall do no blasting whatsoever within a distance of 300 feet from said line unless reasonable notice thereof has been first given to grantee in writing.

The rights herein granted to the grantee shall continue in force until such time as the grantee, its successors or assigns, shall completely remove its structures and equipment from said land or shall otherwise permanently abandon the same. Upon such removal or abandonment all rights hereby granted shall terminate.

Any mortgage on said land held by the mortgagee is hereby released to the extent, but _____ the extent necessary to subordinate the said mortgage to the rights hereby granted to the grantee.

IN WITNESS WHEREOF this instrument has been executed the day and year first above written.

CROSS EASEMENT AGREEMENT

THIS AGREEMENT is made this 6/19 day of 1985, 1985, by GILBERT CENTIOLI and ALMA CENTIOLI, husband and wife, hereinafter referred to as "CENTIOLI" and K.I.N. PARTNERSHIP, a Washington general partnership, hereinafter referred to as "K.I.N".

RECEIVED THIS DAY
JUN 28 4 15 PM '85
BY THE DIVISION OF RECORDS & ELECTIONS KING COUNTY

8506281864

Filed by Chicago Title Insurance Co.
85880-2

W I T N E S S E T H:

WHEREAS, CENTIOLI is the Owner in fee simple of the property hereinafter referred to as "Parcel A", and more particularly described on Exhibit "A" attached hereto, and

WHEREAS, K.I.N. is the Owner in fee simple of the property hereinafter referred to as "Parcel B", and more particularly described on Exhibit "B" attached hereto,

WHEREAS, K.I.N. intends to sell that portion of Parcel B, hereinafter referred to as "Parcel C", as is more particularly described on Exhibit "C" attached hereto, whereupon a commercial building will be constructed, and

WHEREAS, the parties anticipate that the development and expansion of Parcel B, commonly known as Gilman Square and Parcel C, will substantially increase customer traffic in the area to the mutual benefit of the parties hereto, and

WHEREAS, the parties hereto desire that Parcels A, B and C be developed as an integrated shopping center, hereinafter

referred to as "Shopping Center", so as to maximize the economic benefit to each of them, and

WHEREAS, K.I.N. intends to design, construct and operate the Shopping Center so as to insure that the paved surfaces of Parcels A, B and C meet at equal grades and that the businesses operated on Parcels A and C have access to the trash disposal facilities located on Parcel B, and

WHEREAS, in furtherance of the development and operation of an integrated Shopping Center, the parties have agreed to grant mutual reciprocal easements upon their respective Parcels of real property for the use by the parties and the patrons of the Shopping Center, and

WHEREAS, the parties intend that this Agreement supersede their prior Agreement regarding the subject matter of this Agreement dated March 1, 1984.

NOW, THEREFORE, for and in consideration of the mutual promises and obligations contained herein and the mutual benefits to be derived therefrom, the parties hereto agree as follows:

1. Grant of Reciprocal Easements. The parties hereto hereby grant to each other mutual, reciprocal and non-exclusive easements over, across and upon that portion of their respective properties (including Parcel C) which are now or may hereafter be improved for the general use and convenience of the patrons of the Shopping Center including, but not limited to all driveways, parking lots and pedestrian walkways. Said Easements shall be for

the purposes of vehicular and pedestrian ingress and egress and parking. Said Easements shall be for the use of the parties, their tenants and patrons of the Shopping Center.

2. Repairs and Indemnity. The parties covenant that at all times free access between Parcels A, B and C will not be impeded except as indicated on the Shopping Center site plan which is attached hereto as Exhibit "D" and made a part hereof.

Each party shall maintain and keep in good repair the parking areas, pedestrian walkways and rights-of-way situated on its Parcel and shall keep such areas, walkways and rights-of-way striped and clear and free of snow, ice, rubbish and obstructions of any nature, and shall provide adequate drainage and lighting thereon. Each party shall defend, indemnify and hold the other, its tenants, lessees and occupants harmless from all claims, causes of actions or liability of any nature whatsoever, including attorney's fees and costs, arising from the use of the Reciprocal Easements located within its respective Parcels or any portion thereof, except those claims and/or causes of action resulting from the acts of the other party, its agents or employees. Each party shall maintain at all time insurance against claims for personal injury or property damage in an amount not less than Five Hundred Thousand Dollars ($500,000.00) with respect to any one injury, One Million Dollars ($1,000,000.00) with respect to injuries in any accident and Fifty Thousand Dollars ($50,000.00)

85062818

with respect to property damage. All such policies shall name the then Owners of Parcels A, B and C as insured parties.

3. Term. This Agreement shall continue from the date hereof in perpetuity, or until terminated in writing by the then Owners of Parcels A, B and C.

4. No Dedication. Nothing contained in this Agreement will be deemed to be a gift or dedication of any portion of the property of the parties to the general public or for the general public or for any public purpose whatsoever, it being the intention of the parties that this Agreement will be strictly limited to and for the purposes expressed herein.

85 628186

5. Limitation on Restaurant Use.

A. Parcel B: For so long as a restaurant is operated on Parcel A, the then Owner of Parcel A shall have the right to approve any new restaurant use to be established on Parcel B, which approval shall not be unreasonably withheld. For purposes of this subparagraph 5A "restaurant use" on Parcel A and B shall mean a use of such Parcel whereby at least fifty percent (50%) of the total revenues received by the users of such parcel are generated from sales of ready to eat, cooked chicken. The then Owner of Parcel B shall notify the then Owner of Parcel A of any new restaurant use for Parcel B. The then Owner of Parcel A will be deemed to have approved of such restaurant use if written objection to such use is not delivered to the then Owner of Parcel B within ten (10) days after delivery of such notice. If mailed,

such notice shall be deemed delivered three (3) days after deposited in the United States mails, postage prepaid.

B. Parcel C: For so long as a restaurant is operated on Parcel A, then the then Owner of Parcel A shall have the right to approve any new restaurant use to be established on Parcel C, which approval will not be unreasonably withheld. For purposes of this subparagraph 5B, "restaurant use" on Parcels A or C shall mean a use of such Parcel whereby at least twenty-five percent (25%) of the total revenues received by the Users of such Parcel are generated from sales of foods prepared for immediate on-site consumption by the public. The then Owner of Parcel C shall notify the then Owner of Parcel A of any desired new restaurant use for Parcel C. The then Owner of Parcel A will be deemed to have approved of such restaurant use if written objection to such use is not delivered to the Owner of Parcel C within ten (10) days after delivery of such notice. If mailed, such notice shall be deemed delivered three (3) days after deposited in the United States mails, postage prepaid.

6. Expansion and New Construction. Nothing contained in this Agreement shall be construed to limit any Owner of any Parcel from enlarging, expanding, remodeling or constructing a new building on its parcel, so long as said enlargement, expansion remodel or new construction does not in any way interfere with the reciprocal easements granted by this Agreement.

85062818

7. Binding Effect. The Easements granted herein, the restrictions hereby imposed in the Agreements herein contained shall be easements, restrictions and covenants running with the land and shall inure to the benefit of and be binding upon the parties hereto, and their respective heirs, successors and assigns including, but not limited to, all subsequent Owners of Parcel A, B and C, and all persons claiming under them.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement on the date first above written.

That portion of the NW 1/4 of the NE 1/4 of Section 28, Township 24 North, Range 6 East, W.M., in King County, Washington, described as follows:

Beginning at a point on the Southwesterly line of Primary State Highway No. 2 which is S59°16'53"E 336.50 feet from a monument marking the intersection of the North-South centerline of said Section and the Southerly line of said highway (said monument having been set by Victor J. Carlson Jr., Professional Land Surveyor, to mark said North-South centerline, which location was thereafter agreed upon by Marvin Mohl and the Commissioners of King County Drainage District No. 4, abutting owners); thence continuing Southeasterly along the Southerly margin of said highway to the Northwest corner of Lot 1 of City of Issaquah Short Plat SP-78-06 as filed under King County Recording Number 7812180874, this being the true point of beginning; thence S30°43'07"W along the West line of said Lot 1 a distance of 135 feet; thence N59°16'53"W 93 feet; thence N30°43'08"E 135 feet to the Southerly margin of Primary State Highway No. 2; thence S59°16'53"E 93 feet to the true point of beginning.

EXCEPT that portion lying Westerly of a line beginning at a point on the Southwesterly line of said State Highway No. 2 which is S59°16'53"E 336.50 feet from the monument marking the intersection of the North-South centerline of said section and the Southwesterly line of said highway (said monument having been set by Victor J. Carlson Jr., Professonal Land Surveyor, to mark said North-South centerline, which location was thereafter agreed upon by Marvin Mohl and the Commossioners of King County Drainage District No. 4, abutting owners) and being the true point of beginning of said described line; thence S30°43'08"W 135 feet to the terminus of said line.

TOGETHER WITH that portion of the vacated Northwest Gilman Blvd. (Primary State Highway No. 2) lying Northeasterly of and adjacent to said main tract.

SUBJECT TO easements, reservations and restrictions of record.

SITE PLAN

When recorded, return to:
City Clerk
City of Issaquah
P.O. Box 1307
ORDINANCE NO. 1610* Issaquah, WA 98027-1307

AN ORDINANCE OF THE CITY OF ISSAQUAH, WASHINGTON, VACATING A PORTION OF GILMAN BOULEVARD CONTIGUOUS TO GILMAN SQUARE IN THE CITY OF ISSAQUAH, WASHINGTON; RETAINING AN EASEMENT AND RESERVING TO THE CITY OF ISSAQUAH THE RIGHT TO EXERCISE AND GRANT EASEMENTS THEREON FOR PUBLIC UTILITIES AND SERVICE.

WHEREAS, a petition to vacate a portion of Gilman Boulevard was filed with the City Council of the City of Issaquah, signed by the owners of more than two-thirds of the property abutting upon that part of the street to be vacated, more particularly described below; and

WHEREAS, the City Council of the City of Issaquah did by Resolution No. 83-9, adopted on August 1, 1983, set the 6th day of September 1983, at the hour of 8 PM for the hearing and determination on said vacation; and

WHEREAS, at the conclusion of said hearing the City Council determined to vacate the street, subject to the City retaining an easement and retaining the right to exercise and grant easements thereon, and subject to the City receiving compensation from the abutting property owners in the amount of one-half the appraised value of the land and all costs; and

WHEREAS, the City has been tendered the sum of $58,000 by the abutting property owners, which the City Council finds to be equal to one-half the appraised value of the land and all costs; and

WHEREAS, it appears to the City Council that said portion of Gilman Boulevard should be vacated, and the City Council does hereby determine to vacate the same, as hereinafter set forth;

WHEREAS, the City's SEPA Responsible Official has determined previously, in conjunction with the formation of Local Improvement District No. 18 of the City, that there will be no significant adverse environmental impacts as a result of the proposed vacation, and the City Council concurs in such determination;

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF ISSAQUAH, WASHINGTON, DO ORDAIN AS FOLLOWS:

Section 1. That the following described street in the City of Issaquah, Washington, being a portion of Gilman Boulevard, legally described as follows:

That portion of the Northeast quarter of Section 28, Township 24 North, Range 6 East, W.M., in King County, Washington, described as follows:

Beginning at the intersection of the Southerly margin of Primary State Highway No. 2 with East line of the West 20 feet of said Northeast quarter; thence N1°52'18"E along said East line a distance of 51.38 feet to a point on a line 45 feet distant from and parallel to said Southerly margin; thence S59°16'53"E a distance of 638.10 feet; thence S1°39'51"W a distance of 51.48 feet to a point on said

8507050105

8507050105

Southerly margin; thence N59°16'53"W along said Southerly margin a distance of 638.31 feet to the point of beginning; LESS that portion thereof described as follows: Beginning at the most Northerly corner of Lot 1, Issaquah, Washington Short Plat No. 78-06 as recorded under King County Auditor's File No. 7812180874, said corner being a point on said Southerly margin of Primary State Highway No. 2; thence S59° 16'53"E along the Northerly line of said Lot 1 and said Southerly margin a distance of 120.00 feet to the most Easterly corner of said Lot 1; thence N30°43'07"E a distance of 45.00 feet; thence N59° 16'53"W parallel with said Southerly margin a distance of 120.00 feet; thence S30°43'07"W a distance of 45.00 feet to the point of beginning; SUBJECT TO all easements and encumbrances of record.

is hereby vacated; provided, however, that the City of Issaquah hereby retains an easement over said vacated street and reserves the right to grant easements in respect to said vacated street for the construction, repair, maintenance, and access to any and all public utilities and services presently in existence in said area or which may be installed in the future, including, but not limited to water, storm sewer, sanitary sewer, power, gas. telecommunication, and other communications systems.

Section 2. The City Clerk is hereby instructed to record a certified copy of this Ordinance with the King County Department of Records.

Section 3. This Ordinance shall be published by posting in the official posting places of the City, and shall take effect and be in full force five (5) days after the date of posting.

PASSED by the City Council of the City of Issaquah the 7th day of May 1984.

APPROVED by the Mayor of the City of Issaquah this day of 8th day of May 1984.

AGREEMENT

85120506 15

THIS AGREEMENT is made this 27th day of November, 1985, by **K.I.N. ISSAQUAH PARTNERSHIP**, a Washington general partnership, hereinafter referred to as "K.I.N.", and **EDWARD ROBERTS** and **MARK ROBERTS**, dba **ROBERTS PROPERTIES**, a Washington general partnership, hereinafter referred to as "Roberts".

W I T N E S S E T H:

WHEREAS, K.I.N. is the Owner in fee simple of the property hereinafter referred to as "Parcel A", and more particularly described on Exhibit "A" attached hereto, upon which a shopping center is located, and with a westerly entrance as indicated on Exhibit "A";

WHEREAS, Roberts is the Owner in fee simple of the property hereinafter referred to as "Parcel B" and more particularly described on Exhibit "B" attached hereto whereupon a commercial building will be constructed; and

WHEREAS, Roberts has leased said commercial building to Schuck's Auto Supply, Inc., by Lease dated November 27, 1985 (the "Lease");

WHEREAS, the parties anticipate that the construction and leasing of the commercial building to Schuck's will increase the need for parking on Parcel B, and substantially increase the customer traffic to the shopping center located on Parcel A,

8512050615

NOW, THEREFORE, for and in consideration of the mutual promises annd obligations contained herein and the mutual benefits to be derived therefrom, the parties hereto agree as follows:

1. Construction of Improvements: K.I.N. agrees not to place any improvement or expand any existing building within a radius of 60 feet of the property line of Parcel B. This restriction on construction shall not include improvement of a parking lot or landscaping.

2. Relocation of Entrance: K.I.N. agrees not to relocate the westerly entrance to Parcel A from Gilman Boulevard, unless so required by a governmental body having the authority to request such a relocation.

3. Term: This Agreement shall continue from the date hereof only for so long as the Lease, including any option periods, is in full force and effect.

4. No Dedication: Nothing contained in this Agreement shall be deemed to be a gift or dedication of any portion of the property of the parties to the general public or for the general public or for any public purpose whatsoever, it being the intention of the parties that this Agreement be strictly limited to the purposes expressed herein.

5. Binding Effect: The restrictions imposed in this Agreement shall be restrictions and covenants running with the land and shall inure to the benefit of and be binding upon the parties hereto, and their respective heirs, successors and

8512050615

assigns, including, but not limited to, all subsequent owners of Parcels A and B and all persons claiming under them.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement on the date first above written.

Department of Development Review
Administrative Review
Notice of Action

TO: KIN Partnership
c/o D. L. Briscoe
1031 - 116th Avenue NE
Bellevue, WA 98004-4613

RE: Lot Line Adjustment 88-02

DATE OF ACTION: March 21,1989

ACTION TAKEN: The Director of Development Review has approved the proposed Lot Line Adjustment 88-02 subject to the following conditions:

1. Revise the Lot Line Adjustment drawing to show the telephone easement or provide this office with a copy of the easement vacation and revise drawing to show telephone easement vacation.

2. Recordation of mutual access and parking easement to allow mutual access and parking with the existing shopping center property also owned by the applicant.

3. Record with King County the approved Lot Line Adjustment along with this Notice of Action, and provide the City of Issaquah Department of Development Review with a copy of the Lot Line Adjustment package after recordation.

4. Any future development of property affected by this lot line adjustment will conform to all land development rules and regulations in effect when applications is made for any and all City of Issaquah permit(s) to develop this property.

5. Future development of this property will require dedication of the presently missing NW corner of Seventh Avenue (at Gilman Blvd.) for right-of-way purposes.

9207281919

Reasons for Action: changed by RPlantan, 7-7-89.

1. This lot line adjustment is simply for the purpose of moving a property line from one location to another. A new, additional lot is not being created as a result of this lot line adjustment.

2. Any future development of land that is related to this lot line adjustment will conform to items #4 and #5 above.

Rita Perstac, Director of Development Review Date Signed 3-28-89
RP/MC/dl

Exhibit A - Application Form, including legal descriptions and a map of the proposed Lot Line Adjustment

NOTE

1. If any of the conditions or portion thereof is declared invalid or unenforceable by a court of competent jurisdiction, then the application shall be remanded to the City for reconsideration. It being expressly declared that this approval is conditioned upon each and every one of the conditions being in full force and effect, and if any one or portion thereof is not in full force and effect, the City's approval is void.

2. Any aggrieved person whose property is substantially affected by these decisions may file an appeal. Said appeal must be filed in writing, according to IMC 18.15.070, under the procedures set forth in IMC 1.30, setting forth the reasons for the appeal, and be addressed to the Development Commission, all within ten (10) days of the decision being appealed. A $100.00 filing fee shall be required as part of the appeal.

3. Any changes to the approved site plan, building elevations or landscape plan must be reviewed and approved by the Development Commission, except for minor changes as determined by the Department of Development Review.

4. Building permit applications will not be accepted unless all conditions of the Notice of Action have been clearly incorporated in the plans and all required documents have been submitted.

5. This action does not indicate or imply that any development activities may take place without the required permits being issued.

Administrative Review
Notice of Action

TO: KIN Partnership
c/o D. L. Briscoe
1031 - 116th Avenue NE
Bellevue, WA 98004-4613

RE: Lot Line Adjustment 88-02

DATE OF ACTION: March 21,1989

ACTION TAKEN: The Director of Development Review has approved the proposed Lot Line Adjustment 88-02 subject to the following conditions:

1. Revise the Lot Line Adjustment drawing to show the telephone easement or provide this office with a copy of the easement vacation and revise drawing to show telephone easement vacation.

2. Recordation of mutual access and parking easement to allow mutual access and parking with the existing shopping center property also owned by the applicant.

3. Record with King County the approved Lot Line Adjustment along with this Notice of Action, and provide the City of Issaquah Department of Development Review with a copy of the Lot Line Adjustment package after recordation.

4. Any future development of property affected by this lot line adjustment will conform to all land development rules and regulations in effect when applications is made for any and all City of Issaquah permit(s) to develop this property.

5. Future development of this property will require dedication of the presently missing NW corner of Seventh Avenue (at Gilman Blvd.) for right-of-way purposes.

9207281919

Reasons for Action: changed by RPlantan, 7-7-89.

1. This lot line adjustment is simply for the purpose of moving a property line from one location to another. A new, additional lot is not being created as a result of this lot line adjustment.

2. Any future development of land that is related to this lot line adjustment will conform to items #4 and #5 above.

Rita Perstac, Director of Development Review Date Signed 3-28-89
RP/MC/dl

Exhibit A - Application Form, including legal descriptions and a map of the proposed Lot Line Adjustment

NOTE

1. If any of the conditions or portion thereof is declared invalid or unenforceable by a court of competent jurisdiction, then the application shall be remanded to the City for reconsideration. It being expressly declared that this approval is conditioned upon each and every one of the conditions being in full force and effect, and if any one or portion thereof is not in full force and effect, the City's approval is void.

2. Any aggrieved person whose property is substantially affected by these decisions may file an appeal. Said appeal must be filed in writing, according to IMC 18.15.070, under the procedures set forth in IMC 1.30, setting forth the reasons for the appeal, and be addressed to the Development Commission, all within ten (10) days of the decision being appealed. A $100.00 filing fee shall be required as part of the appeal.

3. Any changes to the approved site plan, building elevations or landscape plan must be reviewed and approved by the Development Commission, except for minor changes as determined by the Department of Development Review.

4. Building permit applications will not be accepted unless all conditions of the Notice of Action have been clearly incorporated in the plans and all required documents have been submitted.

5. This action does not indicate or imply that any development activities may take place without the required permits being issued.

EXECUTIVE SUMMARY

A search of available environmental records was conducted by Environmental Data Resources, Inc (EDR). The report was designed to assist parties seeking to meet the search requirements of EPA's Standards and Practices for All Appropriate Inquiries (40 CFR Part 312), the ASTM Standard Practice for Environmental Site Assessments (E 1527-05) or custom requirements developed for the evaluation of environmental risk associated with a parcel of real estate.

TARGET PROPERTY INFORMATION

ADDRESS

615 NW GILMAN BLVD
ISSAQUAH, WA 98027

COORDINATES

Latitude (North):	47.5420000 - 47° 32' 31.20''
Longitude (West):	122.0458000 - 122° 2' 44.88''

TARGET PROPERTY SEARCH RESULTS

The target property was not listed in any of the databases searched by EDR.

DATABASES WITH NO MAPPED SITES

No mapped sites were found in EDR's search of available ("reasonably ascertainable ") government records either on the target property or within the search radius around the target property for the following databases:

SURROUNDING SITES: SEARCH RESULTS

Surrounding sites were identified in the following databases.

Elevations have been determined from the USGS Digital Elevation Model and should be evaluated on a relative (not an absolute) basis. Relative elevation information between sites of close proximity should be field verified. Sites with an elevation equal to or higher than the target property have been differentiated below from sites with an elevation lower than the target property.
Page numbers and map identification numbers refer to the EDR Radius Map report where detailed data on individual sites can be reviewed.

Sites listed in ***bold italics*** are in multiple databases.

Unmappable (orphan) sites are not considered in the foregoing analysis.

STANDARD ENVIRONMENTAL RECORDS

Federal RCRA generators list

RCRA-LQG: RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Large quantity generators (LQGs) generate over 1,000 kilograms (kg) of hazardous waste, or over 1 kg of acutely hazardous waste per month.

A review of the RCRA-LQG list, as provided by EDR, and dated 02/12/2013 has revealed that there is 1

RCRA-LQG site within approximately 0.25 miles of the target property.

Equal/Higher Elevation	Address	Direction / Distance	Map ID	Page
TARGET STORE 0996	755 NW GILMAN BLVD	W 0 - 1/8 (0.121 mi.)	G27	53

RCRA-CESQG: RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Conditionally exempt small quantity generators (CESQGs) generate less than 100 kg of hazardous waste, or less than 1 kg of acutely hazardous waste per month.

A review of the RCRA-CESQG list, as provided by EDR, and dated 02/12/2013 has revealed that there is 1 RCRA-CESQG site within approximately 0.25 miles of the target property.

State- and tribal - equivalent NPL

HSL: The Hazardous Sites List is a subset of the CSCSL Report. It includes sites which have been assessed and ranked using the Washington Ranking Method (WARM).

A review of the HSL list, as provided by EDR, and dated 02/27/2013 has revealed that there are 3 HSL sites within approximately 1 mile of the target property.

State- and tribal - equivalent CERCLIS

CSCSL: The State Hazardous Waste Sites records are the states' equivalent to CERCLIS. These sites may or may not already be listed on the federal CERCLIS list. Priority sites planned for cleanup using state funds (state equivalent of Superfund) are identified along with sites where cleanup will be paid for by potentially responsible parties. The data come from the Department of Ecology's Confirmed & Suspected Contaminated Sites List.

A review of the CSCSL list, as provided by EDR, and dated 01/22/2013 has revealed that there are 11 CSCSL sites within approximately 1 mile of the target property.

CSCSL NFA: The data set contains information about sites previously on the Confirmed and Suspected Contaminated Sites list that have received a No Further Action (NFA) determination. Because it is necessary to maintain historical records of sites that have been investigated and cleaned up, sites are not deleted from the database when cleanup activities are completed. Instead a No Further Action code is entered based upon the type of NFA determination the site received.

A review of the CSCSL NFA list, as provided by EDR, and dated 01/22/2013 has revealed that there are

4 CSCSL NFA sites within approximately 0.5 miles of the target property.

Other Ascertainable Records

RCRA NonGen / NLR: RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Non-Generators do not presently generate hazardous waste.

A review of the RCRA NonGen / NLR list, as provided by EDR, and dated 02/12/2013 has revealed that there are 11 RCRA NonGen / NLR sites within approximately 0.25 miles of the target property.

EDR HIGH RISK HISTORICAL RECORDS

EDR Exclusive Records

EDR US Hist Auto Stat: EDR has searched selected national collections of business directories and has collected listings of potential gas station/filling station/service station sites that were available to EDR researchers. EDR's review was limited to those categories of sources that might, in EDR's opinion, include gas station/filling station/service station establishments. The categories reviewed included, but were not limited to gas, gas station, gasoline station, filling station, auto, automobile repair, auto service station, service station, etc. This database falls within a category of information EDR classifies as "High Risk Historical Records", or HRHR. EDR's HRHR effort presents unique and sometimes proprietary data about past sites and operations that typically create environmental concerns, but may not show up in current government records searches.

A review of the EDR US Hist Auto Stat list, as provided by EDR, has revealed that there are 3 EDR US Hist Auto Stat sites within approximately 0.25 miles of the target property.

EDR US Hist Cleaners: EDR has searched selected national collections of business directories and has collected listings of potential dry cleaner sites that were available to EDR researchers. EDR's review was limited to those categories of sources that might, in EDR's opinion, include dry cleaning establishments. The categories reviewed included, but were not limited to dry cleaners, cleaners, laundry, laundromat, cleaning/laundry, wash & dry etc. This database falls within a category of information EDR classifies as "High Risk Historical Records", or HRHR. EDR's HRHR effort presents unique and sometimes proprietary data about past sites and operations that typically create environmental concerns, but may not show up in current government records searches.

A review of the EDR US Hist Cleaners list, as provided by EDR, has revealed that there are 4 EDR US Hist Cleaners sites within approximately 0.25 miles of the target property.

Used oil fuel marketer to burner: No
Used oil Specification marketer: No
Used oil transfer facility: No
Used oil transporter: No

Hazardous Waste Summary:
Waste code: D001
Waste name: IGNITABLE HAZARDOUS WASTES ARE THOSE WASTES WHICH HAVE A FLASHPOINT OF LESS THAN 140 DEGREES FAHRENHEIT AS DETERMINED BY A PENSKY-MARTENS CLOSED CUP FLASH POINT TESTER. ANOTHER METHOD OF DETERMINING THE FLASH POINT OF A WASTE IS TO REVIEW THE MATERIAL SAFETY DATA SHEET, WHICH CAN BE OBTAINED FROM THE MANUFACTURER OR DISTRIBUTOR OF THE MATERIAL. LACQUER THINNER IS AN EXAMPLE OF A COMMONLY USED SOLVENT WHICH WOULD BE CONSIDERED AS IGNITABLE HAZARDOUS WASTE.

Environmental Interest/Information System

Washington Facility / Site Identification System (WA-FSIS) provides a means to query and display data maintained by the Washington Department of Ecology. This system contains key information for each facility/site that is currently, or has been, of interest to the Air Quality, Dam Safety, Hazardous Waste, Toxics Cleanup, and Water Quality Programs.

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Hazardous Waste Summary:
Waste code: D001
Waste name: IGNITABLE HAZARDOUS WASTES ARE THOSE WASTES WHICH HAVE A FLASHPOINT OF LESS THAN 140 DEGREES FAHRENHEIT AS DETERMINED BY A PENSKY-MARTENS CLOSED CUP FLASH POINT TESTER. ANOTHER METHOD OF DETERMINING THE FLASH POINT OF A WASTE IS TO REVIEW THE MATERIAL SAFETY DATA SHEET,

TARGET STORE 0996 (Continued) **1010338445**

WHICH CAN BE OBTAINED FROM THE MANUFACTURER OR DISTRIBUTOR OF THE MATERIAL. LACQUER THINNER IS AN EXAMPLE OF A COMMONLY USED SOLVENT WHICH WOULD BE CONSIDERED AS IGNITABLE HAZARDOUS WASTE.

Waste code: D002
Waste name: A WASTE WHICH HAS A PH OF LESS THAN 2 OR GREATER THAN 12.5 IS CONSIDERED TO BE A CORROSIVE HAZARDOUS WASTE. SODIUM HYDROXIDE, A CAUSTIC SOLUTION WITH A HIGH PH, IS OFTEN USED BY INDUSTRIES TO CLEAN OR DEGREASE PARTS. HYDROCHLORIC ACID, A SOLUTION WITH A LOW PH, IS USED BY MANY INDUSTRIES TO CLEAN METAL PARTS PRIOR TO PAINTING. WHEN THESE CAUSTIC OR ACID SOLUTIONS BECOME CONTAMINATED AND MUST BE DISPOSED, THE WASTE WOULD BE A CORROSIVE HAZARDOUS WASTE.

Waste code: D004
Waste name: ARSENIC

Environmental Interest/Information System

Washington Facility / Site Identification System (WA-FSIS) provides a means to query and display data maintained by the Washington Department of Ecology. This system contains key information for each facility/site that is currently, or has been, of interest to the Air Quality, Dam Safety, Hazardous Waste, Toxics Cleanup, and Water Quality Programs.

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Hazardous Waste Summary:
Waste code: WSQG
Waste name: A placeholder to allow BR submission to validate. In WA State, Conditionally Exempt Small Quantity Generators (Called SQG in WA) are not required to report waste streams, so no valid State or Fed codes are available for reporting to BR.

Waste code: D001
Waste name: IGNITABLE HAZARDOUS WASTES ARE THOSE WASTES WHICH HAVE A FLASHPOINT OF LESS THAN 140 DEGREES FAHRENHEIT AS DETERMINED BY A PENSKY-MARTENS CLOSED CUP FLASH POINT TESTER. ANOTHER METHOD OF DETERMINING THE FLASH POINT OF A WASTE IS TO REVIEW THE MATERIAL SAFETY DATA SHEET, WHICH CAN BE OBTAINED FROM THE MANUFACTURER OR DISTRIBUTOR OF THE MATERIAL. LACQUER THINNER IS AN EXAMPLE OF A COMMONLY USED SOLVENT WHICH WOULD BE CONSIDERED AS IGNITABLE HAZARDOUS WASTE.

Waste code: D039
Waste name: TETRACHLOROETHYLENE

BIG O TIRES GILMAN BLVD (Continued) **1001969620**

EPA Region: 10
Classification: Non-Generator
Description: Handler: Non-Generators do not presently generate hazardous waste

Owner/Operator Summary:
Owner/operator name: FRANK K
Owner/operator address: 60 NW GILMAN BLVD
ISSAQUAH, WA 98027
Owner/operator country: US
Owner/operator telephone: (425)391-4161
Legal status: Private
Owner/Operator Type: Operator
Owner/Op start date: 10/11/1999
Owner/Op end date: Not reported

Owner/operator name: K K TIRE LLC BB K
Owner/operator address: 60 NW GILLMAN BLVD
ISSAQUAH, WA 98027
Owner/operator country: US
Owner/operator telephone: (425)391-4161
Legal status: Private
Owner/Operator Type: Owner
Owner/Op start date: 05/19/2001
Owner/Op end date: Not reported

Handler Activities Summary:
U.S. importer of hazardous waste: No
Mixed waste (haz. and radioactive): No
Recycler of hazardous waste: No
Transporter of hazardous waste: No
Treater, storer or disposer of HW: No
Underground injection activity: No
On-site burner exemption: No
Furnace exemption: No
Used oil fuel burner: No
Used oil processor: No
User oil refiner: No
Used oil fuel marketer to burner: No
Used oil Specification marketer: No
Used oil transfer facility: No
Used oil transporter: No

Violation Status: No violations found

Environmental Interest/Information System
Washington Facility / Site Identification System (WA-FSIS) provides a means to query and display data maintained by the Washington Department of Ecology. This system contains key information for each facility/site that is currently, or has been, of interest to the Air Quality, Dam Safety, Hazardous Waste, Toxics Cleanup, and Water Quality Programs.

RCRAInfo is a national information system that supports the Resource

BIG O TIRES GILMAN BLVD (Continued) **1001969620**

Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Environmental Interest/Information System
Washington Facility / Site Identification System (WA-FSIS) provides a means to query and display data maintained by the Washington Department of Ecology. This system contains key information for each facility/site that is currently, or has been, of interest to the Air Quality, Dam Safety, Hazardous Waste, Toxics Cleanup, and Water Quality Programs.

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Tank Tightness Test:	Every 5 Years
Tank Corrosion Protection:	Corrosion Resistant
Tank Manifold:	Not reported
Tank Release Detection:	Manual Inventory Control (daily)
Tank SFC Type:	Not reported
Pipe Material:	Coated Steel
Pipe Construction:	Single Wall Pipe
Pipe Primary Release Detection:	Safe Suction (No Leak Detection)
Pipe Second Release Detection:	Not reported
Pipe Corrosion Protection:	Sacrificial Anode
Pipe Pumping System:	Pressurized System
Tag Number:	A3821
Responsible Unit:	NORTHWEST
Capacity Range:	5,000 to 9,999 Gallons
Dispencer/Pump SFC Type:	Not reported

Tank Name:	5
Tank Upgrade Date:	03/25/1998
Tank Install Date:	00/06/1989
Tank Status:	Temporarily Closed
Tank Status Date:	08/06/1996
Tank Permit Expiration Date:	07/31/2006
Tank Closure Date:	Not reported
Tank Spill Prevention:	Spill Bucket/Spill Box
Tank Overfill Prevention:	Overfill Alarm
Tank Material:	Dielectric Coated Steel
Tank Construction:	Single Wall Tank
Tank Tightness Test:	Every 5 Years
Tank Corrosion Protection:	Corrosion Resistant
Tank Manifold:	Not reported
Tank Release Detection:	Manual Inventory Control (daily)
Tank SFC Type:	Not reported

Environmental Interest/Information System
Washington Facility / Site Identification System (WA-FSIS) provides a means to query and display data maintained by the Washington Department of Ecology. This system contains key information for each facility/site that is currently, or has been, of interest to the Air Quality, Dam Safety, Hazardous Waste, Toxics Cleanup, and Water Quality Programs.

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport,

CHEVRON 95399 (Continued) **1004794588**

and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Environmental Interest/Information System
Washington Facility / Site Identification System (WA-FSIS) provides a means to query and display data maintained by the Washington Department of Ecology. This system contains key information for each facility/site that is currently, or has been, of interest to the Air Quality, Dam Safety, Hazardous Waste, Toxics Cleanup, and Water Quality Programs.

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport,

SHELL STATION 121591 (Continued) **1000660719**

and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

USED OIL TRANSFER FACLTY: FALSE
USED OIL PROCESSOR: FALSE
USED OIL REREFINER: FALSE
USED OIL FUEL MRKTR DIRECTS SHPMNTS: FALSE
USED OIL FUEL MRKTR MEETS SPECS: FALSE

Facility Site ID Number: 73184629
SWC Desc: Not reported
FWC Desc: D001
Form Comm: NO RCRA HAZARDOUS WASTE GENERATED IN 2005.
Data Year: Not reported
Permit by Rule: No
Treatment by Generator: No
Mixed radioactive waste: No
Importer of hazardous waste: No
Immediate recycler: No
Treatment/Storage/Disposal/Recycling Facility: No
Generator of dangerous fuel waste: No
Generator marketing to burner: No
"Other marketers (i.e., blender, distributor, etc.)": No
Utility boiler burner: No
Industry boiler burner: No
Industrial Furnace: No
Smelter defferal: No
Universal waste - batteries - generate: No
Universal waste - thermostats - generate: No
Universal waste - mercury - generate: No
Universal waste - lamps - generate: No
Universal waste - batteries - accumulate: No
Universal waste - thermostats - accumulate: No
Universal waste - mercury - accumulate: No
Universal waste - lamps - accumulate: No
Destination Facility for Universal Waste: No
Off-specification used oil burner - utility boiler: No
Off-specification used oil burner - industrial boiler: No
Off-specification used oil burner - industrial furnace: No
EPA ID: WAD988504064
Facility Address 2: Not reported
TAX REG NBR: 409019185
NAICS CD: 447110

Environmental Interest/Information System

Washington Facility / Site Identification System (WA-FSIS) provides a means to query and display data maintained by the Washington Department of Ecology. This system contains key information for each facility/site that is currently, or has been, of interest to the Air Quality, Dam Safety, Hazardous Waste, Toxics Cleanup, and Water Quality Programs.

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Environmental Interest/Information System
Washington Facility / Site Identification System (WA-FSIS) provides a means to query and display data maintained by the Washington Department of Ecology. This system contains key information for each facility/site that is currently, or has been, of interest to the Air Quality, Dam Safety, Hazardous Waste, Toxics Cleanup, and Water

ARCO 4466 (Continued) **1004794025**

Quality Programs.

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Environmental Interest/Information System

Washington Facility / Site Identification System (WA-FSIS) provides a means to query and display data maintained by the Washington Department of Ecology. This system contains key information for each facility/site that is currently, or has been, of interest to the Air Quality, Dam Safety, Hazardous Waste, Toxics Cleanup, and Water Quality Programs.

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Environmental Interest/Information System
Washington Facility / Site Identification System (WA-FSIS) provides a means to query and display data maintained by the Washington Department of Ecology. This system contains key information for each facility/site that is currently, or has been, of interest to the Air Quality, Dam Safety, Hazardous Waste, Toxics Cleanup, and Water Quality Programs.

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Environmental Interest/Information System
Washington Facility / Site Identification System (WA-FSIS) provides a means to query and display data maintained by the Washington Department of Ecology. This system contains key information for each facility/site that is currently, or has been, of interest to the Air Quality, Dam Safety, Hazardous Waste, Toxics Cleanup, and Water Quality Programs.

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Environmental Interest/Information System
RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

ISSAQUAH CITY FACILITIES (Continued) **1000659912**

Washington Facility / Site Identification System (WA-FSIS) provides a means to query and display data maintained by the Washington Department of Ecology. This system contains key information for each facility/site that is currently, or has been, of interest to the Air Quality, Dam Safety, Hazardous Waste, Toxics Cleanup, and Water Quality Programs.

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

HAZARDOUS WASTE BIENNIAL REPORTER

Environmental Interest/Information System
Washington Facility / Site Identification System (WA-FSIS) provides a

GILMAN AUTOBODY NW LLC (Continued) **1001491202**

means to query and display data maintained by the Washington Department of Ecology. This system contains key information for each facility/site that is currently, or has been, of interest to the Air Quality, Dam Safety, Hazardous Waste, Toxics Cleanup, and Water Quality Programs.

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Environmental Interest/Information System

Washington Facility / Site Identification System (WA-FSIS) provides a means to query and display data maintained by the Washington Department of Ecology. This system contains key information for each facility/site that is currently, or has been, of interest to the Air Quality, Dam Safety, Hazardous Waste, Toxics Cleanup, and Water Quality Programs.

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA

RAS ISSAQUAH (Continued) **1001490396**

program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Environmental Interest/Information System

Washington Facility / Site Identification System (WA-FSIS) provides a means to query and display data maintained by the Washington Department of Ecology. This system contains key information for each facility/site that is currently, or has been, of interest to the Air Quality, Dam Safety, Hazardous Waste, Toxics Cleanup, and Water Quality Programs.

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Environmental Interest/Information System
Washington Facility / Site Identification System (WA-FSIS) provides a means to query and display data maintained by the Washington Department of Ecology. This system contains key information for each facility/site that is currently, or has been, of interest to the Air Quality, Dam Safety, Hazardous Waste, Toxics Cleanup, and Water Quality Programs.

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

To maintain currency of the following federal and state databases, EDR contacts the appropriate governmental agency on a monthly or quarterly basis, as required.

Number of Days to Update: Provides confirmation that EDR is reporting records that have been updated within 90 days from the date the government agency made the information available to the public.

STANDARD ENVIRONMENTAL RECORDS

Federal NPL site list

NPL: National Priority List

National Priorities List (Superfund). The NPL is a subset of CERCLIS and identifies over 1,200 sites for priority cleanup under the Superfund Program. NPL sites may encompass relatively large areas. As such, EDR provides polygon coverage for over 1,000 NPL site boundaries produced by EPA's Environmental Photographic Interpretation Center (EPIC) and regional EPA offices.

Date of Government Version: 02/01/2013

Proposed NPL: Proposed National Priority List Sites

A site that has been proposed for listing on the National Priorities List through the issuance of a proposed rule in the Federal Register. EPA then accepts public comments on the site, responds to the comments, and places on the NPL those sites that continue to meet the requirements for listing.

Date of Government Version: 02/01/2013

Next Scheduled EDR Contact: 07/22/2013
Data Release Frequency: Quarterly

NPL LIENS: Federal Superfund Liens

Federal Superfund Liens. Under the authority granted the USEPA by CERCLA of 1980, the USEPA has the authority to file liens against real property in order to recover remedial action expenditures or when the property owner received notification of potential liability. USEPA compiles a listing of filed notices of Superfund Liens.

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

Federal Delisted NPL site list

DELISTED NPL: National Priority List Deletions

The National Oil and Hazardous Substances Pollution Contingency Plan (NCP) establishes the criteria that the EPA uses to delete sites from the NPL. In accordance with 40 CFR 300.425.(e), sites may be deleted from the NPL where no further response is appropriate.

Date of Government Version: 02/01/2013
Date Data Arrived at EDR: 03/01/2013

Data Release Frequency: Quarterly

Federal CERCLIS list

CERCLIS: Comprehensive Environmental Response, Compensation, and Liability Information System

CERCLIS contains data on potentially hazardous waste sites that have been reported to the USEPA by states, municipalities, private companies and private persons, pursuant to Section 103 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA). CERCLIS contains sites which are either proposed to or on the National Priorities List (NPL) and sites which are in the screening and assessment phase for possible inclusion on the NPL.

Date of Government Version: 02/04/2013
Date Data Arrived at EDR: 03/01/2013

Data Release Frequency: Varies

Federal CERCLIS NFRAP site List

CERCLIS-NFRAP: CERCLIS No Further Remedial Action Planned

Archived sites are sites that have been removed and archived from the inventory of CERCLIS sites. Archived status indicates that, to the best of EPA's knowledge, assessment at a site has been completed and that EPA has determined no further steps will be taken to list this site on the National Priorities List (NPL), unless information indicates this decision was not appropriate or other considerations require a recommendation for listing at a later time. This decision does not necessarily mean that there is no hazard associated with a given site; it only means that, based upon available information, the location is not judged to be a potential NPL site.

Federal RCRA non-CORRACTS TSD facilities list

RCRA-TSDF: RCRA - Treatment, Storage and Disposal

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Transporters are individuals or entities that move hazardous waste from the generator offsite to a facility that can recycle, treat, store, or dispose of the waste. TSDFs treat, store, or dispose of the waste.

Date of Government Version: 02/12/2013

Federal RCRA generators list

RCRA-LQG: RCRA - Large Quantity Generators

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Large quantity generators (LQGs) generate over 1,000 kilograms (kg) of hazardous waste, or over 1 kg of acutely hazardous waste per month.

Date of Government Version: 02/12/2013
Date Data Arrived at EDR: 02/15/2013
Date Made Active in Reports: 02/27/2013
Number of Days to Update: 12

RCRA-SQG: RCRA - Small Quantity Generators

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Small quantity generators (SQGs) generate between 100 kg and 1,000 kg of hazardous waste per month.

Date of Government Version: 02/12/2013

RCRA-CESQG: RCRA - Conditionally Exempt Small Quantity Generators

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Conditionally exempt small quantity generators (CESQGs) generate less than 100 kg of hazardous waste, or less than 1 kg of acutely hazardous waste per month.

State- and tribal - equivalent CERCLIS

CSCSL: Confirmed and Suspected Contaminated Sites List

State Hazardous Waste Sites. State hazardous waste site records are the states' equivalent to CERCLIS. These sites may or may not already be listed on the federal CERCLIS list. Priority sites planned for cleanup using state funds (state equivalent of Superfund) are identified along with sites where cleanup will be paid for by potentially responsible parties. Available information varies by state.

ADDITIONAL ENVIRONMENTAL RECORDS

Local Brownfield lists

US BROWNFIELDS: A Listing of Brownfields Sites
Brownfields are real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant. Cleaning up and reinvesting in these properties takes development pressures off of undeveloped, open land, and both improves and protects the environment. Assessment, Cleanup and Redevelopment Exchange System (ACRES) stores information reported by EPA Brownfields grant recipients on brownfields properties assessed or cleaned up with grant funding as well as information on Targeted Brownfields Assessments performed by EPA Regions. A listing of ACRES Brownfield sites is obtained from Cleanups in My Community. Cleanups in My Community provides information on Brownfields properties for which information is reported back to EPA, as well as areas served by Brownfields grant programs.

Local Lists of Hazardous waste / Contaminated Sites

US CDL: Clandestine Drug Labs
A listing of clandestine drug lab locations. The U.S. Department of Justice ("the Department") provides this web site as a public service. It contains addresses of some locations where law enforcement agencies reported they found chemicals or other items that indicated the presence of either clandestine drug laboratories or dumpsites. In most cases, the source of the entries is not the Department, and the Department has not verified the entry and does not guarantee its accuracy. Members of the public must verify the accuracy of all entries by, for example, contacting local law enforcement and local health departments.

CSCSL NFA: Confirmed and Contaminated Sites - No Further Action
The data set contains information about sites previously on the Confirmed and Suspected Contaminated Sites list that have received a No Further Action (NFA) determination. Because it is necessary to maintain historical records of sites that have been investigated and cleaned up, sites are not deleted from the database when cleanup activities are completed. Instead, a No Further Action code is entered based upon the type of NFA determination the site received.

Data Release Frequency: No Update Planned

US HIST CDL: National Clandestine Laboratory Register
A listing of clandestine drug lab locations. The U.S. Department of Justice ("the Department") provides this web site as a public service. It contains addresses of some locations where law enforcement agencies reported they found chemicals or other items that indicated the presence of either clandestine drug laboratories or dumpsites. In most cases, the source of the entries is not the Department, and the Department has not verified the entry and does not guarantee its accuracy. Members of the public must verify the accuracy of all entries by, for example, contacting local law enforcement and local health departments.

Local Land Records

LIENS 2: CERCLA Lien Information

A Federal CERCLA ('Superfund') lien can exist by operation of law at any site or property at which EPA has spent Superfund monies. These monies are spent to investigate and address releases and threatened releases of contamination. CERCLIS provides information as to the identity of these sites and properties.

Other Ascertainable Records

RCRA NonGen / NLR: RCRA - Non Generators

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Non-Generators do not presently generate hazardous waste.

UMTRA: Uranium Mill Tailings Sites

Uranium ore was mined by private companies for federal government use in national defense programs. When the mills shut down, large piles of the sand-like material (mill tailings) remain after uranium has been extracted from the ore. Levels of human exposure to radioactive materials from the piles are low; however, in some cases tailings were used as construction materials before the potential health hazards of the tailings were recognized.

HIST FTTS: FIFRA/TSCA Tracking System Administrative Case Listing

A complete administrative case listing from the FIFRA/TSCA Tracking System (FTTS) for all ten EPA regions. The information was obtained from the National Compliance Database (NCDB). NCDB supports the implementation of FIFRA (Federal Insecticide, Fungicide, and Rodenticide Act) and TSCA (Toxic Substances Control Act). Some EPA regions are now closing out records. Because of that, and the fact that some EPA regions are not providing EPA Headquarters with updated records, it was decided to create a HIST FTTS database. It included records that may not be included in the newer FTTS database updates. This database is no longer updated.

Date of Government Version: 10/19/2006

RAATS: RCRA Administrative Action Tracking System

RCRA Administration Action Tracking System. RAATS contains records based on enforcement actions issued under RCRA pertaining to major violators and includes administrative and civil actions brought by the EPA. For administration actions after September 30, 1995, data entry in the RAATS database was discontinued. EPA will retain a copy of the database for historical records. It was necessary to terminate RAATS because a decrease in agency resources made it impossible to continue to update the information contained in the database.

RMP: Risk Management Plans

When Congress passed the Clean Air Act Amendments of 1990, it required EPA to publish regulations and guidance for chemical accident prevention at facilities using extremely hazardous substances. The Risk Management Program Rule (RMP Rule) was written to implement Section 112(r) of these amendments. The rule, which built upon existing industry codes and standards, requires companies of all sizes that use certain flammable and toxic substances to develop a Risk Management Program, which includes a(n): Hazard assessment that details the potential effects of an accidental release, an accident history of the last five years, and an evaluation of worst-case and alternative accidental releases; Prevention program that includes safety precautions and maintenance, monitoring, and employee training measures; and Emergency response program that spells out emergency health care, employee training measures and procedures for informing the public and response agencies (e.g the fire department) should an accident occur.

US AIRS (AFS): Aerometric Information Retrieval System Facility Subsystem (AFS)

The database is a sub-system of Aerometric Information Retrieval System (AIRS). AFS contains compliance data on air pollution point sources regulated by the U.S. EPA and/or state and local air regulatory agencies. This information comes from source reports by various stationary sources of air pollution, such as electric power plants, steel mills, factories, and universities, and provides information about the air pollutants they produce. Action, air program, air program pollutant, and general level plant data. It is used to track emissions and compliance data from industrial plants.

Date of Government Version: 01/23/2013

2020 COR ACTION: 2020 Corrective Action Program List

The EPA has set ambitious goals for the RCRA Corrective Action program by creating the 2020 Corrective Action Universe. This RCRA cleanup baseline includes facilities expected to need corrective action. The 2020 universe contains a wide variety of sites. Some properties are heavily contaminated while others were contaminated but have since been cleaned up. Still others have not been fully investigated yet, and may require little or no remediation. Inclusion in the 2020 Universe does not necessarily imply failure on the part of a facility to meet its RCRA obligations.

EPA WATCH LIST: EPA WATCH LIST

EPA maintains a "Watch List" to facilitate dialogue between EPA, state and local environmental agencies on enforcement matters relating to facilities with alleged violations identified as either significant or high priority. Being on the Watch List does not mean that the facility has actually violated the law only that an investigation by EPA or a state or local environmental agency has led those organizations to allege that an unproven violation has in fact occurred. Being on the Watch List does not represent a higher level of concern regarding the alleged violations that were detected, but instead indicates cases requiring additional dialogue between EPA, state and local agencies - primarily because of the length of time the alleged violation has gone unaddressed or unresolved.

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

EDR HIGH RISK HISTORICAL RECORDS

EDR Exclusive Records

EDR MGP: EDR Proprietary Manufactured Gas Plants

The EDR Proprietary Manufactured Gas Plant Database includes records of coal gas plants (manufactured gas plants) compiled by EDR's researchers. Manufactured gas sites were used in the United States from the 1800's to 1950's to produce a gas that could be distributed and used as fuel. These plants used whale oil, rosin, coal, or a mixture of coal, oil, and water that also produced a significant amount of waste. Many of the byproducts of the gas production, such as coal tar (oily waste containing volatile and non-volatile chemicals), sludges, oils and other compounds are potentially hazardous to human health and the environment. The byproduct from this process was frequently disposed of directly at the plant site and can remain or spread slowly, serving as a continuous source of soil and groundwater contamination.

EDR US Hist Auto Stat: EDR Exclusive Historic Gas Stations

EDR has searched selected national collections of business directories and has collected listings of potential gas station/filling station/service station sites that were available to EDR researchers. EDR's review was limited to those categories of sources that might, in EDR's opinion, include gas station/filling station/service station establishments. The categories reviewed included, but were not limited to gas, gas station, gasoline station, filling station, auto, automobile repair, auto service station, service station, etc. This database falls within a category of information EDR classifies as "High Risk Historical Records", or HRHR. EDR's HRHR effort presents unique and sometimes proprietary data about past sites and operations that typically create environmental concerns, but may not show up in current government records searches.

TACOMA/PIERCE COUNTY:

Closed Landfill Survey

Following numerous requests for information about closed dumpsites and landfills in Pierce County, the Tacoma-Pierce County Health Department decided to conduct a study on the matter. The aim of the study was to evaluate public health risks associated with the closed dumpsites and landfills, and to determine the need, if any, for further investigations of a more detailed nature. The sites represent all of the known dumpsites and landfills closed after 1950.

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

Oil/Gas Pipelines: This data was obtained by EDR from the USGS in 1994. It is referred to by USGS as GeoData Digital Line Graphs from 1:100,000-Scale Maps. It was extracted from the transportation category including some oil, but primarily gas pipelines.

Electric Power Transmission Line Data
Source: Rextag Strategies Corp.
Telephone: (281) 769-2247
U.S. Electric Transmission and Power Plants Systems Digital GIS Data

Sensitive Receptors: There are individuals deemed sensitive receptors due to their fragile immune systems and special sensitivity to environmental discharges. These sensitive receptors typically include the elderly, the sick, and children. While the location of all sensitive receptors cannot be determined, EDR indicates those buildings and facilities - schools, daycares, hospitals, medical centers, and nursing homes - where individuals who are sensitive receptors are likely to be located.

AHA Hospitals:
Source: American Hospital Association, Inc.
Telephone: 312-280-5991
The database includes a listing of hospitals based on the American Hospital Association's annual survey of hospitals.

Medical Centers: Provider of Services Listing
Source: Centers for Medicare & Medicaid Services
Telephone: 410-786-3000
A listing of hospitals with Medicare provider number, produced by Centers of Medicare & Medicaid Services, a federal agency within the U.S. Department of Health and Human Services.

Nursing Homes
Source: National Institutes of Health
Telephone: 301-594-6248
Information on Medicare and Medicaid certified nursing homes in the United States.

Public Schools
Source: National Center for Education Statistics
Telephone: 202-502-7300
The National Center for Education Statistics' primary database on elementary and secondary public education in the United States. It is a comprehensive, annual, national statistical database of all public elementary and secondary schools and school districts, which contains data that are comparable across all states.

Private Schools
Source: National Center for Education Statistics
Telephone: 202-502-7300
The National Center for Education Statistics' primary database on private school locations in the United States.

Daycare Centers: Daycare Center Listing
Source: Department of Social & Health Services
Telephone: 253-383-1735

Flood Zone Data: This data, available in select counties across the country, was obtained by EDR in 2003 & 2011 from the Federal Emergency Management Agency (FEMA). Data depicts 100-year and 500-year flood zones as defined by FEMA.

NWI: National Wetlands Inventory. This data, available in select counties across the country, was obtained by EDR in 2002 and 2005 from the U.S. Fish and Wildlife Service.

Scanned Digital USGS 7.5' Topographic Map (DRG)
Source: United States Geologic Survey
A digital raster graphic (DRG) is a scanned image of a U.S. Geological Survey topographic map. The map images are made by scanning published paper maps on high-resolution scanners. The raster image is georeferenced and fit to the Universal Transverse Mercator (UTM) projection.

GEOCHECK ®- PHYSICAL SETTING SOURCE ADDENDUM

TARGET PROPERTY ADDRESS

GILMAN SQUARE
615 NW GILMAN BLVD
ISSAQUAH, WA 98027

TARGET PROPERTY COORDINATES

Latitude (North):	47.542 - 47° 32' 31.20''
Longitude (West):	122.0458 - 122° 2' 44.88''
Universal Tranverse Mercator:	Zone 10
UTM X (Meters):	571808.7
UTM Y (Meters):	5265620.0
Elevation:	61 ft. above sea level

USGS TOPOGRAPHIC MAP

Target Property Map:	47122-E1 ISSAQUAH, WA
Most Recent Revision:	1983

EDR's GeoCheck Physical Setting Source Addendum is provided to assist the environmental professional in forming an opinion about the impact of potential contaminant migration.

Assessment of the impact of contaminant migration generally has two principal investigative components:

1. Groundwater flow direction, and
2. Groundwater flow velocity.

Groundwater flow direction may be impacted by surface topography, hydrology, hydrogeology, characteristics of the soil, and nearby wells. Groundwater flow velocity is generally impacted by the nature of the geologic strata.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

GROUNDWATER FLOW DIRECTION INFORMATION

Groundwater flow direction for a particular site is best determined by a qualified environmental professional using site-specific well data. If such data is not reasonably ascertainable, it may be necessary to rely on other sources of information, such as surface topographic information, hydrologic information, hydrogeologic data collected on nearby properties, and regional groundwater flow information (from deep aquifers).

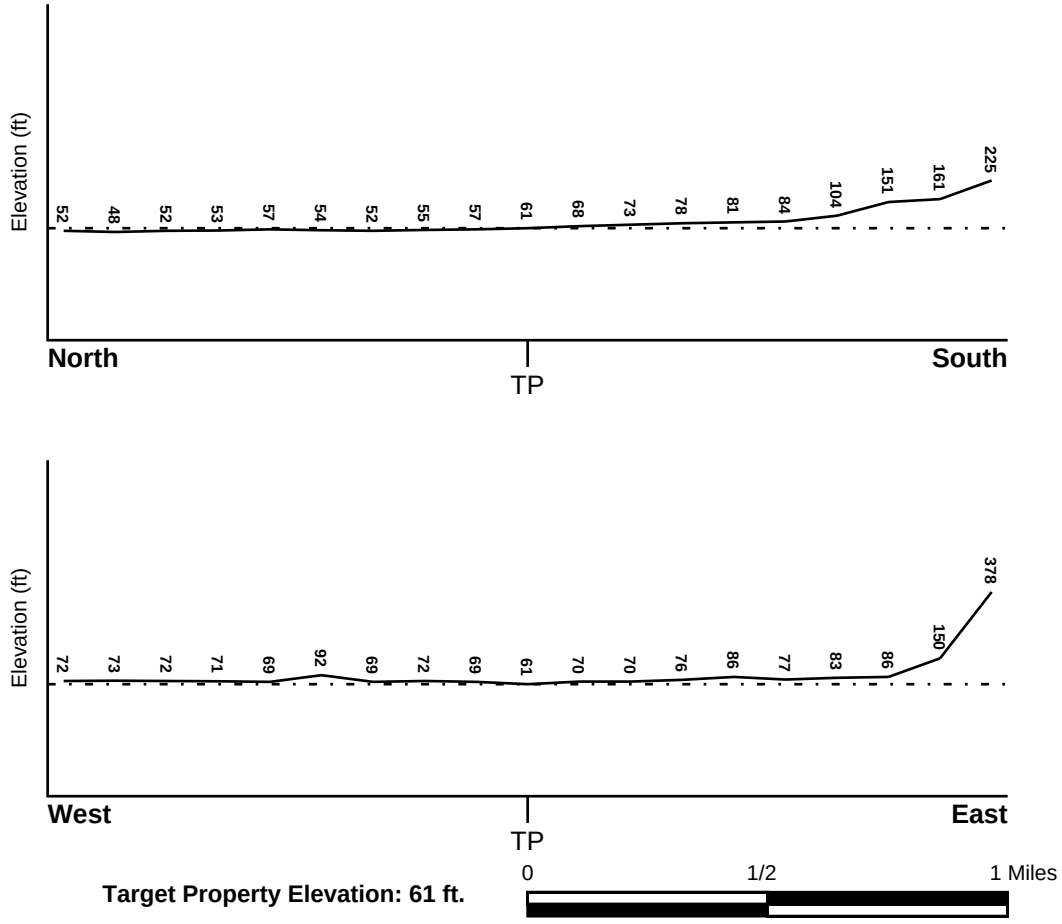
TOPOGRAPHIC INFORMATION

Surface topography may be indicative of the direction of surficial groundwater flow. This information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

TARGET PROPERTY TOPOGRAPHY

General Topographic Gradient: General North

SURROUNDING TOPOGRAPHY: ELEVATION PROFILES



Target Property Elevation: 61 ft.

Source: Topography has been determined from the USGS 7.5' Digital Elevation Model and should be evaluated on a relative (not an absolute) basis. Relative elevation information between sites of close proximity should be field verified.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

HYDROLOGIC INFORMATION

Surface water can act as a hydrologic barrier to groundwater flow. Such hydrologic information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

Refer to the Physical Setting Source Map following this summary for hydrologic information (major waterways and bodies of water).

FEMA FLOOD ZONE

Target Property County	FEMA Flood Electronic Data
KING, WA	YES - refer to the Overview Map and Detail Map

Flood Plain Panel at Target Property: 53033C0691F - FEMA Q3 Flood data

Additional Panels in search area:
53033C0692F - FEMA Q3 Flood data
53033C0687F - FEMA Q3 Flood data
53033C0694F - FEMA Q3 Flood data
53033C0693F - FEMA Q3 Flood data

NATIONAL WETLAND INVENTORY

NWI Quad at Target Property	NWI Electronic Data Coverage
ISSAQUAH	YES - refer to the Overview Map and Detail Map

HYDROGEOLOGIC INFORMATION

Hydrogeologic information obtained by installation of wells on a specific site can often be an indicator of groundwater flow direction in the immediate area. Such hydrogeologic information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

Site-Specific Hydrogeological Data*:

Search Radius:	1.25 miles
Status:	Not found

AQUIFLOW®

Search Radius: 1.000 Mile.

EDR has developed the AQUIFLOW Information System to provide data on the general direction of groundwater flow at specific points. EDR has reviewed reports submitted by environmental professionals to regulatory authorities at select sites and has extracted the date of the report, groundwater flow direction as determined hydrogeologically, and the depth to water table.

MAP ID	LOCATION FROM TP	GENERAL DIRECTION GROUNDWATER FLOW
8	1/4 - 1/2 Mile ESE	NW
24	1/2 - 1 Mile WNW	NW
29	1/2 - 1 Mile SSE	Not Reported

For additional site information, refer to Physical Setting Source Map Findings.

* ©1996 Site−specific hydrogeological data gathered by CERCLIS Alerts, Inc., Bainbridge Island, WA. All rights reserved. All of the information and opinions presented are those of the cited EPA report(s), which were completed under a Comprehensive Environmental Response Compensation and Liability Information System (CERCLIS) investigation.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

GROUNDWATER FLOW VELOCITY INFORMATION

Groundwater flow velocity information for a particular site is best determined by a qualified environmental professional using site specific geologic and soil strata data. If such data are not reasonably ascertainable, it may be necessary to rely on other sources of information, including geologic age identification, rock stratigraphic unit and soil characteristics data collected on nearby properties and regional soil information. In general, contaminant plumes move more quickly through sandy-gravelly types of soils than silty-clayey types of soils.

GEOLOGIC INFORMATION IN GENERAL AREA OF TARGET PROPERTY

Geologic information can be used by the environmental professional in forming an opinion about the relative speed at which contaminant migration may be occurring.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

DOMINANT SOIL COMPOSITION IN GENERAL AREA OF TARGET PROPERTY

The U.S. Department of Agriculture's (USDA) Soil Conservation Service (SCS) leads the National Cooperative Soil Survey (NCSS) and is responsible for collecting, storing, maintaining and distributing soil survey information for privately owned lands in the United States. A soil map in a soil survey is a representation of soil patterns in a landscape. The following information is based on Soil Conservation Service SSURGO data.

Soil Map ID: 1

Soil Component Name: Sammamish

Soil Surface Texture: silt loam

Hydrologic Group: Class D - Very slow infiltration rates. Soils are clayey, have a high water table, or are shallow to an impervious layer.

Soil Drainage Class: Somewhat poorly drained

Hydric Status: All hydric

Corrosion Potential - Uncoated Steel: Moderate

Depth to Bedrock Min: > 0 inches

Depth to Watertable Min: > 46 inches

Soil Layer Information							
	Boundary			Classification		Saturated hydraulic conductivity micro m/sec	Soil Reaction (pH)
Layer	Upper	Lower	Soil Texture Class	AASHTO Group	Unified Soil		
1	0 inches	11 inches	silt loam	Silt-Clay Materials (more than 35 pct. passing No. 200), Silty Soils.	FINE-GRAINED SOILS, Silts and Clays (liquid limit less than 50%), Lean Clay	Max: 14 Min: 4	Max: 7.3 Min: 6.1
2	11 inches	59 inches	stratified loamy sand to silt loam	Silt-Clay Materials (more than 35 pct. passing No. 200), Silty Soils.	FINE-GRAINED SOILS, Silts and Clays (liquid limit less than 50%), Lean Clay	Max: 14 Min: 4	Max: 7.3 Min: 6.1

Soil Map ID: 2

Soil Component Name: Sultan

Soil Surface Texture: silt loam

Hydrologic Group: Class C - Slow infiltration rates. Soils with layers impeding downward movement of water, or soils with moderately fine or fine textures.

Soil Drainage Class: Moderately well drained

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

Hydric Status: Not hydric

Corrosion Potential - Uncoated Steel: High

Depth to Bedrock Min: > 0 inches

Depth to Watertable Min: > 76 inches

Soil Layer Information							
	Boundary			Classification		Saturated hydraulic conductivity micro m/sec	Soil Reaction (pH)
Layer	Upper	Lower	Soil Texture Class	AASHTO Group	Unified Soil		
1	0 inches	9 inches	silt loam	Silt-Clay Materials (more than 35 pct. passing No. 200), Silty Soils.	COARSE-GRAINED SOILS, Sands, Sands with fines, Silty Sand.	Max: 14 Min: 4	Max: 7.3 Min: 4.5
2	9 inches	48 inches	silty clay loam	Silt-Clay Materials (more than 35 pct. passing No. 200), Silty Soils.	COARSE-GRAINED SOILS, Sands, Sands with fines, Silty Sand.	Max: 14 Min: 4	Max: 7.3 Min: 4.5
3	48 inches	59 inches	stratified sand to silt loam	Silt-Clay Materials (more than 35 pct. passing No. 200), Silty Soils.	COARSE-GRAINED SOILS, Sands, Sands with fines, Silty Sand.	Max: 14 Min: 4	Max: 7.3 Min: 4.5

Soil Map ID: 3

Soil Component Name: Briscot

Soil Surface Texture: silt loam

Hydrologic Group: Class D - Very slow infiltration rates. Soils are clayey, have a high water table, or are shallow to an impervious layer.

Soil Drainage Class: Somewhat poorly drained

Hydric Status: All hydric

Corrosion Potential - Uncoated Steel: Moderate

Depth to Bedrock Min: > 0 inches

Depth to Watertable Min: > 46 inches

LOCAL / REGIONAL WATER AGENCY RECORDS

EDR Local/Regional Water Agency records provide water well information to assist the environmental professional in assessing sources that may impact ground water flow direction, and in forming an opinion about the impact of contaminant migration on nearby drinking water wells.

TOPOGRAPHIC INFORMATION

USGS 7.5' Digital Elevation Model (DEM)
Source: United States Geologic Survey
EDR acquired the USGS 7.5' Digital Elevation Model in 2002 and updated it in 2006. The 7.5 minute DEM corresponds to the USGS 1:24,000- and 1:25,000-scale topographic quadrangle maps. The DEM provides elevation data with consistent elevation units and projection.

Scanned Digital USGS 7.5' Topographic Map (DRG)
Source: United States Geologic Survey
A digital raster graphic (DRG) is a scanned image of a U.S. Geological Survey topographic map. The map images are made by scanning published paper maps on high-resolution scanners. The raster image is georeferenced and fit to the Universal Transverse Mercator (UTM) projection.

HYDROLOGIC INFORMATION

Flood Zone Data: This data, available in select counties across the country, was obtained by EDR in 2003 & 2011 from the Federal Emergency Management Agency (FEMA). Data depicts 100-year and 500-year flood zones as defined by FEMA.

NWI: National Wetlands Inventory. This data, available in select counties across the country, was obtained by EDR in 2002 and 2005 from the U.S. Fish and Wildlife Service.

HYDROGEOLOGIC INFORMATION

AQUIFLOW^{R} Information System
Source: EDR proprietary database of groundwater flow information
EDR has developed the AQUIFLOW Information System (AIS) to provide data on the general direction of groundwater flow at specific points. EDR has reviewed reports submitted to regulatory authorities at select sites and has extracted the date of the report, hydrogeologically determined groundwater flow direction and depth to water table information.

GEOLOGIC INFORMATION

Geologic Age and Rock Stratigraphic Unit
Source: P.G. Schruben, R.E. Arndt and W.J. Bawiec, Geology of the Conterminous U.S. at 1:2,500,000 Scale - A digital representation of the 1974 P.B. King and H.M. Beikman Map, USGS Digital Data Series DDS - 11 (1994).

STATSGO: State Soil Geographic Database
Source: Department of Agriculture, Natural Resources Conservation Services
The U.S. Department of Agriculture's (USDA) Natural Resources Conservation Service (NRCS) leads the national Conservation Soil Survey (NCSS) and is responsible for collecting, storing, maintaining and distributing soil survey information for privately owned lands in the United States. A soil map in a soil survey is a representation of soil patterns in a landscape. Soil maps for STATSGO are compiled by generalizing more detailed (SSURGO) soil survey maps.

SSURGO: Soil Survey Geographic Database
Source: Department of Agriculture, Natural Resources Conservation Services (NRCS)
Telephone: 800-672-5559
SSURGO is the most detailed level of mapping done by the Natural Resources Conservation Services, mapping scales generally range from 1:12,000 to 1:63,360. Field mapping methods using national standards are used to construct the soil maps in the Soil Survey Geographic (SSURGO) database. SSURGO digitizing duplicates the original soil survey maps. This level of mapping is designed for use by landowners, townships and county natural resource planning and management.

PHYSICAL SETTING SOURCE RECORDS SEARCHED

LOCAL / REGIONAL WATER AGENCY RECORDS

FEDERAL WATER WELLS

PWS: Public Water Systems
Source: EPA/Office of Drinking Water
Telephone: 202-564-3750
Public Water System data from the Federal Reporting Data System. A PWS is any water system which provides water to at least 25 people for at least 60 days annually. PWSs provide water from wells, rivers and other sources.

PWS ENF: Public Water Systems Violation and Enforcement Data
Source: EPA/Office of Drinking Water
Telephone: 202-564-3750
Violation and Enforcement data for Public Water Systems from the Safe Drinking Water Information System (SDWIS) after August 1995. Prior to August 1995, the data came from the Federal Reporting Data System (FRDS).

USGS Water Wells: USGS National Water Inventory System (NWIS)
This database contains descriptive information on sites where the USGS collects or has collected data on surface water and/or groundwater. The groundwater data includes information on wells, springs, and other sources of groundwater.

STATE RECORDS

Water Wells
Source: Department of Health
Telephone: 360-236-3148
Group A and B well locations.

Water Well Listing
Source: Public Utility District
Telephone: 206-779-7656
A listing of water well locations in Kitsap County.

OTHER STATE DATABASE INFORMATION

Oil and Gas Well Listing
Source: Department of Natural Resources
Telephone: 360-902-1450
Locations that represent oil and gas test well sites in Washington State from 1890 to present.

RADON

Area Radon Information
Source: USGS
Telephone: 703-356-4020
The National Radon Database has been developed by the U.S. Environmental Protection Agency (USEPA) and is a compilation of the EPA/State Residential Radon Survey and the National Residential Radon Survey. The study covers the years 1986 - 1992. Where necessary data has been supplemented by information collected at private sources such as universities and research institutions.

EPA Radon Zones
Source: EPA
Telephone: 703-356-4020
Sections 307 & 309 of IRAA directed EPA to list and identify areas of U.S. with the potential for elevated indoor radon levels.

EDR Aerial Photo Decade Package

Environmental Data Resources, Inc. (EDR) Aerial Photo Decade Package is a screening tool designed to assist environmental professionals in evaluating potential liability on a target property resulting from past activities. EDR's professional researchers provide digitally reproduced historical aerial photographs, and when available, provide one photo per decade.

When delivered electronically by EDR, the aerial photo images included with this report are for ONE TIME USE ONLY. Further reproduction of these aerial photo images is prohibited without permission from EDR. For more information contact your EDR Account Executive.

Thank you for your business.
Please contact EDR at 1-800-352-0050
with any questions or comments.

Permission and Conditions for Use and Copying Form

Phase I Environmental Site Assessment
Gilman Square, 615 NW Gilman Blvd
Issaquah, WA 98027

G-Logics Project 01-0868-A
June 18, 2013

G-Logics prepared the above-identified Document only for our Client and/or other user(s), as identified in the Document, for the purposes stated and subject to any identified and contractual limitations. Regulatory agencies may make additional "fair use" copies for internal and public use based on state and federal laws that do not violate copyright laws.

All other Requestors must obtain permission from G-Logics and our Client in order to avoid copyright violations. To request authorization for a copy of the Document, please read our conditions listed below, complete the Requestor section, and fax to G-Logics at 425-313-3074 for approval review.

- I recognize that G-Logics has prepared this Document only for their Client and/or other user(s), only for the purposes stated in the Document and subject to any identified and contractual limitations.
- My intended use of the Document is for general informational purposes only.
- I understand and accept that there may be limitations to the reliability of the Document's findings due to circumstances beyond the control of G-Logics, the limited scope of funding, and/or limitations inherent in the nature of the performed services.
- I agree not to rely on the Document as being comprehensive or inclusive of all possible site hazards and agree to defend, indemnify, and hold G-Logics harmless from and against any and all claims, damages, or liability which arise from or which are alleged to arise from my use of the Document. I also will compensate G-Logics for any time spent or expenses incurred by G-Logics in defense of any such claim.
- I am advised that the Document is a qualitative evaluation of site conditions and should not be used to estimate site-remediation costs, if cleanup is necessary. Remediation cost estimates would require additional data beyond what is presented in the Document.
- I agree not to provide the Document to any other person or organizations without prior authorization from G-Logics and their Client.
- I recognize that, in accordance with the current ASTM standard practice for Phase I Environmental Site Assessments (ESA), this ESA report should not be considered "valid" if dated 180 days prior to the purchase date of the subject property or the date of the intended transaction (ASTM 1527-05).
