

WAC 197-11-970 Determination of Nonsignificance (DNS)

Description of proposal: Cleanup of lead contaminated soil at multiple former shooting range sites

Proponent: Joint Base Lewis-McChord Environmental Restoration Program

Location of proposal, including street address, if any: Two areas: South side of Miller Hill and a former skeet range south of American Lake, at Joint Base Lewis-McChord, WA

Lead agency: Washington State Department of Ecology

The lead agency for this proposal has determined that it does not have a probable significant adverse impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21C.030 (2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.

There is no comment period for this DNS.

This DNS is issued after using the optional DNS process in WAC 197-11-355. There is no further comment period on the DNS.

This DNS is issued under WAC 197-11-340(2); the lead agency will not act on this proposal prior to the date below. Comments must be submitted by **March 31, 2012**.
