Site Name: Boise Cascade Mill
Site Address: 805 North 7th Street, Yakima
Facility/Site ID No.: 450
Cleanup Site ID No.: 12095

Dear Mr. Demers:

On March 4, 2016, the Department of Ecology (Ecology) sent you written notice regarding your proposed status as a potentially liable person (PLP) for a release of hazardous substances at the above-mentioned site.

The 30-day comment period on this preliminary notice expired on April 3, 2016.

We have received and evaluated your comments. Based on the information available to date, Ecology finds that credible evidence exists which supports your status as a potentially liable person for the release at the Boise Cascade Mill site. On the basis of this finding, Ecology has determined that LeeLynn, Inc. & Wiley Mt., Inc. is a Potentially Liable Person (PLP) with regard to the Boise Cascade Mill site.

Your rights and responsibilities as a PLP are outlined in Chapter 70.105D RCW, and WAC 173-340. Ecology's site manager for the facility Matthew Durkee, will contact you with information about how Ecology intends to proceed with the cleanup at this site.
