Re: Closure Deadline Extension - Shell Multi-Site VCP Pilot Project  
Jiffy Lube Facility  
4902 25th Avenue Northeast  
Seattle, Washington  
VCP No.: NW2079

Dear Ms. Goldstein:

On behalf of Equilon Enterprises LLC, dba Shell Oil Products US (SOPUS), Conestoga-Rovers & Associates (CRA) is submitting this request for a closure deadline extension for the Jiffy Lube Facility located at 4902 25th Avenue Northeast, Seattle, Washington (Property).

In accordance with the Multi-Site Agreement (MSA) between SOPUS and Ecology, a closure deadline was determined for the Property and set as first quarter 2011. However, based upon further evaluation of site characterization data this closure deadline cannot be achieved. A soil vapor assessment is needed to determine if on-Property facilities are at risk to vapor intrusion of petroleum hydrocarbons.

Based on a conservative estimate which may include additional cleanup action at the Property, we request a new closure deadline of fourth quarter 2014. If there are any questions or concerns regarding the contents of this document, or the project in general, please contact Christina McClelland at (425) 563-6514.

Sincerely,

CONESTOGA-ROVERS & ASSOCIATES

Christina McClelland
