Re: Closure deadline extension for VCP NW2079

Dear Mr. Pineda:

Ecology has reviewed your request for an extension of the deadline for VCP # NW2079, Jiffy Lube Facility, 4902 – 25th Avenue NE, Seattle. Ecology agrees that more work needs to be done to characterize the Site and determine if there is a potential health risk to occupants of the buildings.

Because of the high-risk population occupying the day care, Ecology requests that:

- milestone dates, based on the new deadline, be provided for the Site
- interim actions be conducted as needed to minimize exposure of occupants to chemicals of concern that may pose a health risk.

Based on acceptance of the above requests, Ecology will extend the deadline from First Quarter 2011 to Fourth Quarter 2014.

If there are any questions or concerns regarding the extension of the deadline for NW2079 please feel free to contact me or Brad Gilmore.

Sincerely,

A handwritten signature in cursive script, reading "Libby S. Goldstein".

Libby S. Goldstein
