Accounts Recievable:

The Department of Ecology (Ecology) is terminating the VCP Agreement governing Project No. **NW1357**. The project involved the cleanup of the Unocal 1726 ENSR International facility (Site). The effective date of termination is the date of this letter. We are providing this notice in accordance with the terms of the Agreement.

Reason

Ecology is terminating the Agreement because we understand that you are not actively cleaning up the Site. Our records indicate that you have not conducted any remedial actions at the Site since 2004. Since we have not heard from you since 2004, we have decided to terminate the Agreement.

Next Steps

Based on this decision, Ecology may take one or more of the following steps:

1. Conduct a site hazard assessment (SHA) and rank the Site for further action.
2. Identify those persons we find potentially liable for cleanup of the Site.

3. Initiate discussions for an agreed order or consent decree that will govern further action at the Site.

You may apply to reenter the VCP if you decide to conduct further action at the Site.
