RE: Determination of Potentially Liable Person Status

Dear Mr. Jensen:

On March 29, 2016, the Department of Ecology (Ecology) sent you written notice regarding your proposed status as a potentially liable person (PLP) for a release of hazardous substances at the following site:

- Name: **Newman's Chevron**
- Address: 2021 6th ST Bremerton WA 98310
- Kitsap County Assessor's Parcel Number: 3717-002-015-0106
- Facility/Site No.: 1436359
- Cleanup Site No.: 5252
- VCP ID No: NW0620

Ecology received your response on April 27, 2016 not accepting Ecology's proposed finding that Nordic is a PLP. Based on the information available to date, Ecology finds that credible evidence exists which supports your status as a PLP for the petroleum release at **Newman's Chevron**. On the basis of this finding, Ecology has determined that you are a PLP with regard to **Newman's Chevron Site**.

Your rights and responsibilities as a PLP are outlined in Chapter 70.105D RCW, and WAC 173-340. Ecology's site manager for the facility, Dale Myers, will contact you with information about how Ecology intends to proceed with the cleanup at this site.

If you have any questions regarding this notice, please contact Dale Myers at (425) 649-4446.

Sincerely,

Robert W. Warren
Section Manager
Toxics Cleanup Program
