RE: Determination of Potentially Liable Person Status

Dear Mr. Eric Hetrick:

On March 24, 2015, the Department of Ecology (Ecology) sent you written notice regarding your proposed status as a potentially liable person (PLP) for a release of hazardous substances at the following site:

- **Name:** Texaco Strickland
- **Address:** 6808 196th Street SW, Lynnwood, WA 98036
- **County Assessors' Parcel No:** 27042000200600
- **Facility/Site No:** 27496218
- **Cleanup Site No:** 12541

The Strickland Texaco Station was constructed in 1959. Texaco retained ownership of the underground storage tank system from 1959 until October 1974 (Snohomish County Real Property Tax Account No. 202704-2-007-0000).

On November 19, 2015 Chevron Environmental Management Company (CEMC) responded stating that CEMC, on behalf of Texaco, accepts status as a PLP without admitting liability at the Site.

Based on the information available to date, Ecology finds that credible evidence exists which supports your status as a PLP for the release at Texaco Strickland. On the basis of this finding, Ecology has determined that you are a PLP with regard to the Texaco Strickland Site.

Your rights and responsibilities as a PLP are outlined in Chapter 70.105D RCW, and WAC 173-340. Ecology's site manager for the facility, Dale Myers, will contact you with information about how Ecology intends to proceed with the cleanup at this site.
