Dear Mr. Lee:

The Department of Ecology (Ecology) appreciates your decision to clean up the former **FedEx Freight Seattle Terminal** facility (Site) independently. However, our records indicate that Ecology has **not** received any documents or update concerning remedial actions during the past year at the Site. An October 2012 Ecology Further Action opinion letter from Toraj Ghofrani has not received a response or summary of additional site cleanup efforts completed. This letter requests information on the status of your cleanup and your continued interest in the Voluntary Cleanup Program (VCP).

**Request for Information**

Please submit the following information to Ecology within 30 days of the date of this letter:

1. Cleanup status report.
2. Any reports documenting the cleanup.
3. Plan and schedule for completing the cleanup.

**Next Steps**

Based on your response, Ecology will decide whether to continue providing you services under the VCP. We will notify you of our decision in writing. Please note that we will terminate the Agreement governing this Project if you do not respond to this request.
