Re: Site Hazard Assessment – Pacific Rim Land  
Ecology Facility Site ID: 9933425

Dear Mr. Terhaar:

The Washington Department of Ecology (Ecology) has completed the site hazard assessment (SHA) of the Pacific Rim Land site, 3537 Chelan Highway, Olds Station, Chelan County, WA 98801, as required by the Model Toxics Control Act (MTCA). A determination of **No Further Action (NFA)** has been made under WAC 173-340-310(5)(d)(ii).

For your information, Ecology will be publishing the results of this, and other recently completed SHAs, in the August 20, 2008, Special Issue of the Site Register.

Ecology reserves the right to initiate further investigation at this site where new information is received indicating a potential/actual threat to human health and/or the environment through the release of a hazardous substance.

Please contact me at 360-407-7195 (or e-mail me at [mspe461@ecy.wa.gov](mailto:mspe461@ecy.wa.gov)) if you have any questions/comments regarding this SHA determination of No Further Action.

Sincerely,

Michael J. Spencer
