RE: Determination of Potentially Liable Person Status

Dear Mr. Eric Hetrick:

On April 26, 2016, the Department of Ecology (Ecology) sent you written notice regarding your proposed status as a potentially liable person (PLP) for a release of hazardous substances at the following site:

- Name: **Chevron 90129**
- Address: 4700 Brooklyn Ave NE Seattle WA 98105
- County Assessor's Parcel Number 8816400985
- Facility/Site No.: 81966648
- Cleanup Site No.: 10632

The 30-day comment period on this preliminary notice expired on May 26, 2016.

Other than the document "*Current and Heritage Chevron LUST sites in Northwest Washington*", prepared by Chevron Environmental Management Company (CEMC), dated November 9, 2009, Ecology has not received any other written comments from CEMC as of August 11, 2016.

Based on the information available to date, Ecology finds that credible evidence exists which supports your status as a PLP for the release at Chevron 90129. On the basis of this finding, Ecology has determined that you are a PLP with regard to Chevron 90129.

Your rights and responsibilities as a PLP are outlined in Chapter 70.105D RCW, and WAC 173-340. Ecology's site manager for the facility, Dale Myers, will contact you with information about how Ecology intends to proceed with the cleanup at this site.
