RE: Site Hazard Assessment – Ward Rugh, Inc., Ellensburg  
Facility/Site ID No.: 47245321

Dear Mr. Bernth:

In 2011, the Washington State Department of Ecology (Ecology) Toxics Cleanup Program completed a Site Hazard Assessment (SHA) for Ward Rugh, Inc., located at 710 West University Way in Ellensburg, as required under the Model Toxics Control Act. The site's hazard ranking was published in the March 2011 Special Issue of the Site Register.

Recently, Ecology determined that Ward Rugh, Inc. was erroneously published with a rank of 5. Ecology has re-calculated the hazard ranking for Ward Rugh, Inc. to be a 2.

The corrected site hazard ranking will be published in the upcoming Special Issue of the Site Register along with other recently assessed sites.

Please contact Krystal Rodriguez at (509) 454-7290 if you have any questions relating to the SHA determination of your site or this letter.

Sincerely,

Valerie Bound
