RE: Voluntary Cleanup Program Application

Littlerock Grocery

6410 – 128th Avenue Southwest, Littlerock, Washington 98556

Facility/Site ID No. 36199886

AEG Project 16-212

Dear Mr. Acklam:

On behalf of the property owner of the above-referenced Site, Associated Environmental Group, LLC (AEG) is submitting the enclosed documents for acceptance into the Washington State Department of Ecology's (Ecology) Voluntary Cleanup Program (VCP).

AEG recently completed a Phase II Environmental Site Assessment, which was intended to address the data gaps identified in an Early Notice Letter issued by Ecology, and dated March 7, 2013. Analytical results indicated cleanup standards have been met for soil and groundwater at the Site, and AEG is requesting Ecology review in consideration of a No Further Action determination.

Included for your review is the VCP Agreement with the property owner's original signature, VCP Application, Terrestrial Ecological Evaluation (TEE) Form, and a Phase II Environmental Site Assessment prepared by AEG, dated January 16, 2017.

If you have any questions or concerns regarding this application, please don't hesitate to contact our office at (360) 352-9835.

Sincerely,

Associated Environmental Group, LLC

Scott Rose, L.H.G
Senior Hydrogeologist

cc: Mr. Han Kim
