Auburn, WA 98001-9540

**Re: Approval of the Supplemental Remedial Investigation/Feasibility Study Work Plan at the following Hazardous Waste Site:**

- Name: Former Chevron Pipe Line Company Pasco Bulk Terminal Site
- Address: 2900 Sacajawea Park Road, Pasco, Washington
- Facility/Site No.: 55763995

Dear Mr. Baker:

On June 20, 2016, the Washington State Department of Ecology (Ecology) received the Supplemental Remedial Investigation/Feasibility Study (RI/FS) from CEECON Testing Inc. on behalf of Tesoro Logistics Operations LLC (Tesoro). The Work Plan is for the former Chevron Pipe Line Company Pasco Bulk Terminal Site located at approximately 2900 Sacajawea Park Road in Pasco, Washington. Ecology accepts the plan with the June 20, 2016 revisions and authorizes Tesoro to proceed with the supplemental RI/FS. Per the Work Plan, please notify Ecology at least two weeks before drilling activities are performed on site.

Per the Schedule of Deliverables in Exhibit B of Agreed Order No. 12989, Tesoro has 60 days from the receipt of this approval to begin implementation of the Supplemental Remedial Investigation/Feasibility Study. If you have any questions, please contact me at (509) 329-3543.

Sincerely,

Patrick Cabbage, LHG  
Site Manager  
ERO Toxics Cleanup Program
