

DETERMINATION OF NONSIGNIFICANCE
DEPARTMENT OF ECOLOGY
NORTHWEST REGIONAL OFFICE

WAC 197-11-970 Determination of nonsignificance (DNS).

Description of proposal : Bothell Service Center Simon & Son environmental cleanup

This proposed project is an environmental cleanup under a Model Toxics Control Act (MTCA) consent decree that will remediate soil and groundwater contaminated with halogenated volatile organic compounds. The contamination was traced to a release or releases of dry cleaning solvents from a former dry cleaning operation at the site. The cleanup will consist of thermal treatment using Electrical Resistance Heating or ERH, along with recirculating groundwater pump and treat, bioremediation, and targeted soil excavations and soil vapor extraction.

Proponent: City of Bothell

Location of proposal, including street address, if any:

This project site is located at 18107 Bothell Way NE, Bothell, Washington. The parcel numbers for the site include: the northwest corner of the Block D 2374200065, the remaining Block D 9457200050, and a portion of parcel 2374200091. A portion of 98th Ave Northeast adjacent to Block D is also included.

Lead agency: Department of Ecology, State of Washington

The lead agency for this proposal has determined that it does not have a probable significant adverse impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21C.030 (2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.

- There is no comment period for this DNS.
- This DNS is issued after using the optional DNS process in WAC 197-11-355. There is no further comment period on the DNS.
- This DNS is issued under WAC 197-11-340(2); the lead agency will not act on this proposal for 30 days from the date below. Comments must be submitted by November 17, 2017 to December 18, 2017.
