Carrie,

Attached is the Work Plan and cover letter requesting Ecology Opinion on the Work Plan prepared by Antea Group (Antea) for the Lake Chelan Boat Company site in Chelan, Washington (Colony claim 208188). The Work Plan is being submitted as discussed during the meeting on March 30, 2015 with you, Russ, Nnamdi, Matt Miller, Carol, and myself. Antea has also prepared the attached Terrestrial Ecological Evaluation form. Please enter this site in the PLIA VCP Management program as the site is not enrolled through the regional office. Please submit the Work Plan and cover letter to Nnamdi as Antea is requesting an Ecology Opinion on this Work Plan. Based on Colony and PLIA's verbal agreement, we understand that an Ecology Opinion will be provided in 30 days. You may email the opinion letter to all parties on this email, or just to myself and I will distribute it.

Please let me know if you have any questions or need anything additional.

Thank you for supporting Colony insureds' efforts to continue moving LUST sites through the MTCA process.

2011 4/15
Regards,

~~~~~
