Re: Notice of Termination of Atlantic Richfield Company Technical Assistance VCP Agreement dated February 25, 2013 (VCPA) between State of Washington, Department of Ecology (Ecology) and Atlantic Richfield Company (ARC), as amended on January 24, 2014.

Dear Mr. Warren:

On behalf of ARC, Remediation Management Services Company (RMSC) is providing this Notice of Termination as required under section 10(b) of the VCPA.. Under Section 10(b), ARC or Ecology may terminate the VCPA at any time for any reason by providing thirty (30) days written notice to the other party. Accordingly, the VCPA termination date is August 20, 2016. RMSC understands that after the termination date the individual sites will be re-assigned to various Ecology caseworkers, as with standard Voluntary Cleanup Program sites.

Pursuant to Section 10(d), RMSC requests that Ecology **not** prepare a final site status report for each site. For any Ecology Opinions that have requested (but have not been issued), RMSC asks that these Opinions be completed and issued before the termination date.

Pursuant to Section 5(d), upon termination of the VCPA, Ecology shall reconcile billing and provide RMSC with a final invoice, which will be paid in accordance with the VCPA.

RMSC appreciates the work that Ecology has done pursuant to the VCPA, and hopes to maintain a productive dialog with Ecology about the work that can be accomplished in the future.

Please do not hesitate to contact me with any questions

Sincerely,

Chuck Carmel
