**Re: Denial of Petroleum Technical Assistance Program (PTAP)
Application for the following location:**

- **Facility/Site Name:** Texaco Downstream #211577
- **Facility/Site Address:** 631 Queen Anne Avenue North, Seattle, WA 98109
- **Facility/Site ID:** 977774779

Dear Mr. Sawetz,

Thank you for your application to the Pollution Liability Insurance Agency's Petroleum Technical Assistance Program (PTAP). After careful review, we have determined that the above referenced facility/site does not qualify for services under PTAP.

The site does not qualify for entry into PTAP for the following reason(s):

- The site is co-mingled with industrial PCE contamination from the adjacent former Paramount dry cleaners.

Your site may qualify for services under the Department of Ecology's Voluntary Cleanup Program (VCP). Please visit the VCP website or contact the VCP Coordinator, Mark Willoughby at (360) 407-6683 to determine eligibility. Thank you again for your interest in PTAP.

Sincerely,

A handwritten signature in cursive script that reads "K Evered".

Kristin Evered
PTAP Coordinator
