Complaint Details:

Tip/Complaint: Over a 20+ year gas was leaking from underground tanks at this service station. This station is 1/4 of a mile from Grays Harbor in Washington State. If the gas gets to the Estuary not only will the fishing be killed in Grays Harbor but the whole Pacific Coast of the United States. The WashDept of Ecology and the Port of Grays Harbor has an a greed order to do nothing on this issue. In 2010 My family won a forclouser on lands in this area and want to clean up this area. But we need help.
Specific Directions: On State RT 105 sper(North Montesano Street, and Willson Street. There is a service Statinon on the North East corner. This station has been here since the early 60's. We do not know when the tanks started to leak.
Violation Still Occurring yes
