

DEPARTMENT OF ECOLOGY
Toxics Cleanup Program

Memorandum

July 27, 2018

TO: TCP File for Marine Fluid Systems Inc

FROM: Donna Musa, Toxics Cleanup Program, Northwest Regional Office

SUBJECT: Recommendation for Reorganization of Site(s) and File(s)

Ecology's Integrated Site Information System (ISIS) database indicates two cleanup sites for one location (801 NW 42nd St in Seattle). After a review of the site files, the following has been determined:

Ecology will be updating the ISIS database and site files to reflect the following single cleanup site:

- Marine Fluid Systems Inc
Also known as: Ballard Marine, Union Bay Shipbuilding
Address: 801 NW 42nd St, Seattle
Parcel: 1325039001
EC Recording # 19991217001233
Facility Site ID: 76266689
Cleanup Site ID: 573
VCP ID: NW0227
Site Status: No Further Action with Institutional Controls (03/02/2000)

The following site/file will be merged into the above site/file, with the corresponding IDs removed from the system:

- Union Bay Shipbuilding, FSID 2298, CSID 1885
