Re: Termination of VCP Agreement for the following Site:

- **Site Name:** FMH Materials Handling Solutions
- **Site Address:** 1313 S 96th Street Seattle WA 98108
- **Facility/Site No.:** 3533187
- **VCP Project No.:** NW2933

Dear Mr. Kuffel:

The Department of Ecology (Ecology) is terminating the Voluntary Cleanup Program (VCP) Agreement governing Project No. NW2933. The project involved the cleanup of the FMH Materials Handling Solutions facility (Site). The effective date of termination is the date of this letter. Ecology is providing this notice in accordance with the terms of the VCP Agreement dated December 30, 2014.

Reason

Ecology is terminating the Agreement because we understand that the consulting firm who signed the Agreement as the Customer (Shannon & Wilson, Inc.), is no longer serving in that role. On October 13, 2016 Ecology sent Shannon & Wilson as well as you a letter requesting an update on the status of your cleanup and your plan for completing the cleanup. You responded with a letter dated November 7, 2016 stating your request to remain in the VCP and providing a Cleanup Status Report from your current consultant, Landau Associates. Due to the change in VCP Customer, the existing VCP Agreement must be terminated and a new VCP application must be submitted to Ecology. VCP application information and associated forms can be found on the Ecology web site:
