October 17, 2018

Karl Schultz, EHS Manager  
J.R. Simplot Company  
P.O. Box 27  
Boise, ID 83707

**Re: Satisfaction of Agreed Order No. 8241 for the following Contaminated Site:**

- **Site Name:** Warden City Water Supply Wells No. 4 and 5
- **Site Address:** 1800 West First Street, Warden WA 98857
- **Cleanup Site ID:** 1618
- **Facility/Site ID:** 2802409

Dear Mr. Schultz:

Thank you for working with the Washington State Department of Ecology (Ecology) on Warden City Water Supply Wells No. 4 and 5 (Site). This letter provides written notification that the remedial investigation and feasibility study (RI/FS) required at the Site by Agreed Order No. 8241 (Order) under the Model Toxics Control Act (MTCA), Chapter 70.105D RCW, have been satisfactorily completed. The Order became effective on May 27, 2011. This letter also describes the next steps for the Site.

**Completion of Remedial Actions Required by the Order**

Ecology has determined the requirements of the Order have been satisfied. Ecology made this determination pursuant to Section IX (Satisfaction of Order) of the Agreed Order.

The remedial actions required by the Order are specified in Section VII (Work to Be Performed). J.R. Simplot Company (Simplot) was required to plan, implement, and report on the conduct of a RI/FS. After inspecting the Site and reviewing the supporting documentation, Ecology has determined the remedial actions in Section VII have been satisfactorily completed.

## Next Steps at the Site

Ecology will complete a Draft Cleanup Action Plan (DCAP) for the Site. After review and consideration of comments received during the public comment period, Ecology will issue a final Cleanup Action Plan (CAP).

The CAP will be implemented in a Consent Decree. Ecology will be contacting you to enter negotiations for the Consent Decree, and looks forward to continuing this working relationship.

Thank you for your efforts toward working to clean up the Site. Should you have any questions, please do not hesitate to contact Ecology's cleanup project manager for this Site: Christer Loftenius, at (509)-329-3543 or [clof461@ecy.wa.gov](mailto:clof461@ecy.wa.gov).

Sincerely,

Kathy Falconer  
Section Manager  
Toxics Cleanup Program, Eastern Region
