REQUEST FOR OPINION FORM

Use this form to request a written opinion on your planned or completed independent remedial action under the Voluntary Cleanup Program (VCP). Attach to this form the plans or reports documenting the remedial action. Please submit only one form for each request.

Step 1: IDENTIFY HAZARDOUS WASTE SITE

Please identify below the hazardous waste site for which you are requesting a written opinion under the VCP. This information may be found on the VCP Agreement.

Facility/Site Name: Skotdal Enterprises

Facility/Site Address: 1419 Avenue D

Facility/Site No: 12775192

VCP Project No.: NW2740

Step 2: REQUEST WRITTEN OPINION ON PLAN OR REPORT

What type of independent remedial action plan or report are you submitting to Ecology for review under the VCP? Please check all that apply.

- Remedial investigation plan
- Remedial investigation report
- Feasibility study report
- Property cleanup* plan (* cleanup of one or more parcels located within the Site)
- Property cleanup* report
- Site cleanup plan
- Site cleanup report
- Other – please specify: Interim Action Work Plan, Interim Remedial Action Report, Groundwater Monitoring and Investigation Reports

Do you want Ecology to provide you with a written opinion on the planned or completed independent remedial action?

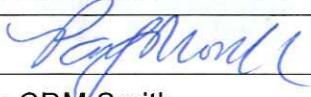

Yes No

Please note that Ecology's opinion will be limited to:

- Whether the planned or completed remedial action at the site meets the substantive requirements of the Model Toxics Control Act (MTCA), and/or
- Whether further remedial action is necessary at the site under MTCA.

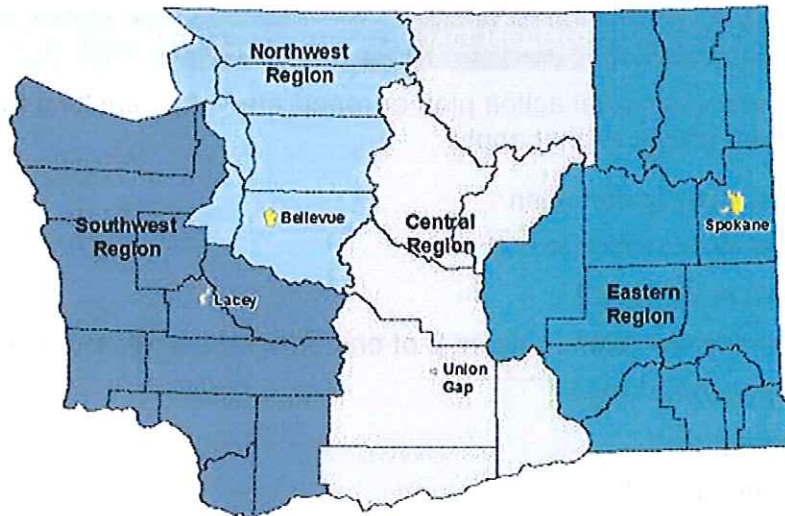

Step 3: REPRESENTATIONS AND SIGNATURE

The undersigned representative of the Customer hereby certifies that he or she is fully authorized to request services from Ecology under the Agreement for this VCP Project.

Dear Mr. Guenther:

Following our August 13, 2018 conference call with you and Sonia Fernandez, CDM Smith Inc. is transmitting documents prepared in connection with ongoing remedial actions being conducted at the above referenced site on behalf of Snohomish County (the County). Environmental Partners Inc. (EPI), on behalf of Skotdal Enterprises, is conducting ongoing remedial actions to clean up chlorinated volatile organic compounds (cVOCs) associated with releases from historical dry-cleaning operations conducted at the former Snohomish Square Cleaners. cVOCs have migrated in groundwater across Avenue D and impacted Snohomish County-owned property, thereby making a portion of their property part of the "site." The County has enrolled the site into the Department of Ecology's (Ecology) Voluntary Cleanup Program (VCP) with the ultimate goal of attaining a letter of No Further Action from Ecology.

EPI previously submitted a remedial investigation (RI)/Focused Feasibility Study (FFS) and Cleanup Action Plan (CAP) for the site to Ecology. Since then, the following documents have been prepared:

- EPI. 2015. Interim Action Work Plan. Snohomish Square Cleaners, 1419 Avenue D, Snohomish, Washington. Prepared for Skotdal Enterprises Inc. October 9.
- EPI. 2016. Request for Contained-In Determination. Snohomish Square Cleaners Site, VCP Site No. NW2740. 1419 Avenue D, Snohomish, Washington. Prepared for Skotdal Enterprises Inc. March 8.
- EPI. 2017. Interim Remedial Action Report. Snohomish Square Cleaners, Avenue D and 13th Street SE, Snohomish, Washington. Prepared for Skotdal Enterprises Inc. August 15.

CDM Smith and Snohomish County have reviewed EPI's documents and it is our opinion that the cVOC plume is attenuating and beginning to recede in response to remedial actions being undertaken at the Snohomish Square site. These documents are being submitted to Ecology for review and to request a determination of "No Further Action Likely" for the Snohomish County-owned property.

Please feel free to call me at 425-519-8303 if you have any questions.

Sincerely,

Pamela J. Morrill, LG, LHG
