Re: Termination of 25 VCP Projects in the former Arcadis Multi Site Agreement

Dear Ross:

We received your letter in response to our request for information on the status of the 26 Voluntary Cleanup Program (VCP) sites that were formerly enrolled in the Arcadis Multi Site Agreement (MSA). Based on your response, we have decided to terminate the 25 sites from the VCP that you are planning to enroll in PLIA's PTAP program. According to the information we have on the releases at these sites, we have no objections with your plans. We will keep NW2441 (Arco 11066) and NW2463 (West Seattle Arco) open to continue the Ecology work already in process.

The list of the 25 sites to terminate is attached. Since it is necessary for us to terminate the VCPs for you to apply to PLIA, we will be terminating those sites on Friday November 9, 2018. Please let us know before then if you have any objections to this plan.

We appreciate your communication with the property owner of NW2431 (Midway AM/PM) to let him know the path forward for his property and addressing his concerns. We also appreciate the Change of Contact Form you provided to update our records.

If you have any questions about this request, please contact me at (425) 649-7233 or by email at sofe461@ecy.wa.com.

Sincerely,

Louise Bardy
VCP Unit Manager
Toxics Cleanup Program, NWRO
