Re: A Reported Release of Hazardous Substances and Potential Liability for the Release at two sites in Central Washington

Dear Joel Glaze,

I have recently been informed by Annette Moore, Independent Counsel to ExxonMobil, that I should be notifying you when I communicate about sites where ExxonMobil may have liability for toxic cleanup. Typically, we send certified letters to all potentially liable parties. This letter is to inform you of recent letters that were sent to Mark Myers on ExxonMobil's behalf. Information for the two sites is listed below:

- **Site Name:** L&L Exxon (Leo's Lineup and Tires)
- **Site Address:** 1315 Lee Boulevard, Richland
- **Cleanup Site ID:** 7128
- **Facility/Site ID:** 78835792

And

- **Site Name:** Commercial Tire
- **Site Address:** 301 South 6th Street, Sunnyside
- **Cleanup Site ID:** 14328
- **Facility/Site ID:** 3185712

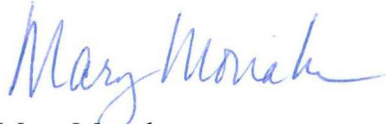

It is my understanding that Annette Moore will be representing ExxonMobil for the Commercial Tire Site, and Mark Myers will be representing ExxonMobil for the L&L Exxon (Leo's Lineup and Tires) Site.
