**Re: Feasibility Study Addendum Approval**

- **Site Name:** Portac Inc. Tacoma
- **Site Address:** 4215 SR 509 E. Frontage Road Tacoma, Pierce County, WA 98421-3998
- **Cleanup Site ID:** 3642
- **Facility/Site ID:** 1215

Dear Rob Healy:

Ecology reviewed and approved the Feasibility Study Addendum, dated February 2019 for the above referenced site. This work was performed in accordance with Agreed Order DE 11237, dated April 12, 2016. This addendum and the previously prepared remedial investigation and Feasibility Study prepared in 2018 fulfill the majority of the work required under this agreed order.

The next steps in the cleanup process for this site include preparation of a draft Cleanup Action Plan (dCAP) and implementing the Cleanup Action Plan (CAP). The dCAP is due 120 days from the approval of the Feasibility Study addendum, or July 8, 2019. Prior to implementing the CAP, the Remedial Investigation, Feasibility Study, Feasibility Study addendum, dCAP, and subsequent Agreed Order to implement the CAP will be advertised for public review and comment.

If you have any questions regarding this letter, or you would like to discuss this site further, please call me at 360-407-6316.

Sincerely,

Andrew Smith, P.E.  
UST/Technical Support Unit Supervisor  
Southwest Regional Office  
Toxics Cleanup Program
