

WAC 197-11-970 Determination of nonsignificance (DNS).

DETERMINATION OF NONSIGNIFICANCE

Description of proposal

Under the Soil Safety Program Ecology will do the following at these locations:

1. American Lake Park, City of Lakewood, 9222 Veterans Dr SW Lakewood, WA 98498– Under the Soil Safety Program, Ecology will remove approximately 1,850 cu yards of contaminated soil from an area approximately 49,750 sq ft primarily consisting of existing lawn mixed with trees. In the existing lawns areas, the 12-inch deep excavation will be completed by traditional excavation and/or use of vacuum truck. Excavation will only go as deep as tree roots will allow, up to a maximum of 12 inches. Confirmation samples will be collected from the 12-to 18-inch layer to assess if additional soils should be removed. The void left from the removal, will be backfilled with clean topsoil to the same profile that existed before. The new topsoil will be hydroseeded. Landscape bark would be applied to the root flares around the trees.
2. Kiwanis Park, City of Lakewood, 6002 Fairlawn Dr SW Lakewood, WA. - Under the Soil Safety Program, Ecology will remove approximately 290 cu yards of contaminated soil from an area approximately 7800 sq ft primarily consisting of existing lawn mixed with trees. In the existing lawns areas, the 12-inch deep excavation will be completed by traditional excavation and/or use of vacuum truck. Excavation will only go as deep as tree roots will allow, up to a maximum of 12 inches. Confirmation samples will be collected from the 12-to 18-inch layer to assess if additional soils should be removed. The void left from the removal, will be backfilled with clean topsoil to the same profile that existed before. The new topsoil will be hydroseeded. Landscape bark would be applied to the root flares around the trees.

Proponent Washington State Department of Ecology

Location of proposal, including street address, if any

1. American Lake Park, City of Lakewood, 9222 Veterans Dr SW Lakewood, WA 98498
2. Kiwanis Park, City of Lakewood, 6002 Fairlawn Dr SW Lakewood, WA. 98499

Lead agency Washington State Department of Ecology

The lead agency for this proposal has determined that it does not have a probable significant adverse impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21C.030 (2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.

There is no comment period for this DNS.

This DNS is issued after using the optional DNS process in WAC 197-11-355. There is no further comment period on the DNS.

This DNS is issued under WAC 197-11-340(2); the lead agency will not act on this proposal for 14 days from the date below. Comments must be submitted by July 18, 2012
