- Site Name: PORT OF ANACORTES DAKOTA CREEK
- Site Address: 115 Q AVE, ANACORTES WA
- Facility/Site No.: 2670
- VCP No.: NW1030 & NW0874

Dear MR ELSNER

This is a follow-up to the Notification of Pending Inactive Determination letter (Notification letter) we sent to you on 6/22/07. The Notification letter requested a site status update from you within 30 days of the date of the letter. Because we did not hear from you on or before July 22, 2007 and because Ecology is moving this site to a formal oversight, **we are removing your site from the Voluntary Cleanup Program (VCP).**

The status of this site has been updated in Department of Ecology's database of contaminated sites. Once you are ready to pursue cleanup activities, you are welcome to reapply to the VCP. If you have any questions you may reach me at 360-407-7244

Sincerely
