Dear Mr. Myers:

On behalf of Chevron Environmental Management Company, Nordic Properties, Inc., and Victory Business Park, LLC (the PLPs), Leidos, Inc. (Leidos) is providing this progress report to document activities performed to satisfy the requirements of Agreed Order No. DE 14246 for the above-referenced site (the Site), located at 2021 6th Street in Bremerton, Washington. This report summarizes activities completed from April 1 through April 30, 2019.

ACTIONS TAKEN TO COMPLY WITH THE AGREED ORDER

- On April 15, Leidos submitted a request for schedule extension to Ecology to extend the due date for completion of RI field activities by an additional 90 days. This request was necessary to facilitate coordination of access for future investigation activities on the property east of the Site, at 2005/2007 6th Street. Ecology provided formal notification of approval of the 90-day extension by letter dated April 25, 2019. Therefore, the new due date for completion of RI field activities is July 24, 2019.
- On behalf of the PLPs, Chevron Environmental Management Company (CEMC) continued efforts to obtain an access agreement to perform environmental investigation activities on the property located at 2005/2007 6th Street. CEMC received initial comments from the property owner’s legal counsel on April 29. CEMC is now working with legal counsel for the other PLPs and the property owner to address these comments.
