Dear Adam Griffin:

Thank you for taking the time to present the results of the “*Continued Remedial Investigation Data Gaps Work Plan*” today. Ecology accepts the results and conclusions of this work. According to the agreed order, preparation of a supplemental remedial investigation (RI) is the next deliverable. Since the feasibility study will follow the technology from the data gap work, a combined RI/FS may also be prepared.

Please prepare an agency draft RI or RI/FS by October 1, 2019.

Regards,

Chris Wend, PhD, PE
