Dear Charlotte Mitchell:

The Washington State Department of Ecology (Ecology) has received “*Revised Technical Memorandum for Saddle Rock Interim Remedial Action Field Sampling Summary: April 2019*,” prepared by GeoEngineers, dated June 26, 2019. A draft version of the Technical Memorandum (TM) was submitted to Ecology on May 23, 2019. The Draft TM was revised based on comments from Ecology provided via email on May 30, 2019 and during a conference call on June 7, 2019. Responses to Ecology’s comments were included with the revised TM. The comment responses and revised TM satisfactorily address Ecology’s comments.

Ecology hereby approves the revised TM.

If you have any questions or concerns please contact me by phone at (509) 454-7835 or e-mail at frank.winslow@ecy.wa.gov.

Sincerely,

Frank P. Winslow
