

October 9, 2015

Mr. Gene Bennett  
Industrial Waste Inspector  
City of Everett  
3200 Cedar Street  
Everett, Washington 98201

**SUBJECT: WATER DISCHARGE REPORT - THIRD QUARTER 2015**  
**DISCHARGE AUTHORIZATION #214-08**  
**TOC Holdings Co. Facility No. 01-169**  
**851 North Broadway, Everett, Washington**

Dear Mr. Bennett:

This letter is intended to satisfy the compliance reporting requirements in Section 4.3(A) of the Industrial Pretreatment Ordinance #3070-08. The remediation system began operating on June 7, 2012. As of March 27, 2015, a total of 70,110 gallons of treated water had been discharged to the City of Everett sanitary sewer since the system has been operational. The remediation system was shut down on March 27, 2015 to begin the confirmation sampling stage of the project. The remediation system will remain off-line until removal of the remediation system.

No treated water has been discharged during the Third Quarter monitoring period.

Please contact me at (360) 703-6079 if you have any questions.

Respectfully,

HydroCon, LLC

A handwritten signature in blue ink, appearing to read "CH", is placed above the name Craig Hultgren.
