Subject: Chevron Brooklyn 90129 - Status Update_01152020

Hi Dale,

On behalf of Chevron, the following is a progress update for Chevron site 90129 ("Brooklyn") located at 43700 Brooklyn Avenue NE in Seattle, Washington. This update satisfies the requirements of Agreed Order No. 13815 associated with the site which indicates that quarterly progress reports be submitted to the Washington State Department of Ecology by the 15th of the month following the reporting period. This update summarizes activities completed from November 1 through December 31, 2019.

Description of Actions Taken to Comply with Agreed Order

- In December 2019, Arcadis conducted oversight of monitoring well modification of three wells and abandonment of one well, conducted by Cascade Drilling Inc. This work was performed due to onsite paving modifications as part of the ongoing construction work. MW-27, MW-28, and SVP-2 were modified to raise monuments to be flush with the grade of the new sidewalk. MW-26 was abandoned.
- Quarterly groundwater monitoring was completed December 26-27, 2019.

Summary of Deviations from Approved Work Plans

- No deviations during this reporting period.

Description of Work Planned for the Next Reporting Period

- Arcadis will continue to upload environmental data generated thus far to Ecology's EIM system.
- Arcadis will prepare and submit quarterly updates to Ecology. The updates will be provided via email and submitted to Ecology by the 15th of the month following the reporting period.
- Arcadis will coordinate and conduct the first quarter 2020 groundwater monitoring event.
- Arcadis will prepare a report summarizing the August 2019 site investigation conducted by Leidos.

Please let me know if you have any questions.

Thanks,
Chris
