Re: Continuation of VCP Project for the following Site:

- **Site Name:** Morrells Dry Cleaners
- **Site Address:** 608 N 1st St, Tacoma, Pierce County, WA 98403
- **Facility/Site ID:** 18489568
- **Cleanup Site ID:** 386
- **VCP Project No.:** SW1039

Dear David Heffner:

The Department of Ecology (Ecology) received your response to our request for information on the status of the cleanup of the Morrells Dry Cleaners facility (Site). Based on your response, we have agreed to continue providing you with services under the Voluntary Cleanup Program (VCP).

Regarding the ongoing chemical injections you report, Ecology advises carefully monitoring how the chemical injections mobilize or alter hazardous substances in the subsurface. Ensure to provide data demonstrating that the chemical injections did not extend the footprint of the Site, or create additional hazardous substances. Report the long term changes to locations of injections and downgradient.

As your cleanup progresses, please keep the site manager assigned to your Project informed as to the status of the cleanup and your plan for completing the cleanup. The site manager is:

Adam Harris, LHG
Department of Ecology
Toxic Cleanup Program
Southwest Regional Office
PO Box 47775
Lacey, WA. 98504
Phone: (360) 407-6528
E-mail: adam.harris@ecy.wa.gov

We appreciate your continued commitment to cleanup and interest in the VCP. If you have any questions about our decision or next steps, please contact the site manager.

Sincerely,

Nicholas M. Acklam
VCP Unit Manager
Toxics Cleanup Program
Southwest Regional Office
