Dear Adam Griffin:

Washington State Department of Ecology (Ecology) received a memorandum, dated February 21, 2020, outlining a soil vapor extraction (SVE) pilot test. Ecology believes that the SVE pilot test should occur prior to finalizing the Cleanup Action Plan (CAP), as the outcome of the test will determine the final CAP. Ecology requests the submittal of a work plan for the SVE pilot study by May 21, 2020.

Please contact me at Kyle.Parker@ecy.wa.gov or (509) 454-7833 with any questions.

Sincerely,

Kyle Parker
