

**STATE ENVIRONMENTAL POLICY ACT
DETERMINATION OF NONSIGNIFICANCE**

Proposed Action: Agreed Order No. DE 16296

Description of proposal: The BP Cherry Point Refinery currently operates an oil refinery in Blaine, Washington. Ecology is proposing to enter into an agreed order with BP requiring BP to inspect the integrity of their oily water sewer for releases or potential releases to soil and groundwater. If releases or potential releases are found, BP will conduct remedial actions to reduce exposure pathways for waste constituents at the site. Actions include fixing the cause of the release or potential release, excavating contaminated soils where possible, extracting or treating contaminated groundwater, and groundwater monitoring.

Proponent: BP Cherry Point Refinery
4519 Grandview Road
Blaine, WA 98230

Location of proposal: BP Cherry Point Refinery

Lead agency: Department of Ecology, Solid Waste Management Program, Industrial Section

The lead agency for this proposal has determined it does not have a probable significant adverse impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21C.030 (2)(c).

This Determination of Nonsignificance is issued under WAC 197-11-340(2); the lead agency will not act on this proposal until the comment period ends on **June 26, 2020**.
