Re: Frito-Lay Vancouver
Facility/Site ID: 81587474
Cleanup Site: 6703
VCP Project No.: SW1024

Dear Mr. Kasperski:

Thank you again for taking the time to discuss this project and clarifying the scope of requested information outlined in your letter dated March 19, 2020. As discussed, we intend to continue our participation in the Voluntary Cleanup Program (VCP) with the Washington State Department of Ecology (Ecology), and our plan is to take the following steps:

- We are retaining the services of an environmental consulting firm to assist us in preparing Draft Environmental Covenant and groundwater monitoring plan in accordance with Ecology's current form and requirements; and
- We will submit the Draft Environmental Covenant package to you by May 30, 2020 for review and approval.

Thank you for your assistance and please feel free to reach out with any questions.

Sincerely,
Jennifer Brightman-Davis

EHS Supply Chain Leader
Frito-Lay
Vancouver Plant
