Re: Acceptance of VCP Application for the following Site:

- Site Name: Mutual Materials Newcastle Lot 4 Cr Site
- Site Address: 6620 Coal Creek Parkway SE, Newcastle, WA 98056
- Facility/Site No.: 50608
- CS ID: 15081
- VCP Project No.: NW3248

Dear Derek Bottles:

The Department of Ecology (Ecology) has accepted your Voluntary Cleanup Program (VCP) application for the **Mutual Materials Newcastle Lot 4 Cr Site facility** (Site). We applaud your initiative and welcome your interest in the VCP. This letter confirms your entry into the VCP and provides important information on how we will manage the Project.

Agreement

Ecology has completed and signed the VCP Agreement governing the Project. The effective date of the Agreement is **November 8, 2019**. A copy of the Agreement is enclosed. Please review it carefully.

Identification

Ecology has assigned a unique name and number to the **Site**. We have also assigned a unique number to your **Project** at the Site. You can find this information in the box at the bottom of the first page of the Agreement. When contacting us, please use this information to identify your Project.

Designated Managers

Communications between Ecology and Mutual Materials Newcastle Lot 4 Cr Site should be directed through their designated managers to the maximum extent possible.

Derek Bottles November 8, 2019 Page 2

• Ecology

We have designated the following site manager to respond to your requests:

Mr. Grant Yang Department of Ecology Toxic Cleanup Program, NWRO 3190 160th Ave SE Bellevue, WA 98008 Phone: (425) 649-7126 E-mail: gyan461@ecy.wa.gov

Mutual Materials Newcastle Lot 4 Cr Site

The application designated Mr. Thom Morin as the project manager for the site. We will therefore respond only to his requests. If someone replaces him as the project manager or his contact information changes, please submit a Change of Contact Form. You may download the Form from our VCP web site:

https://fortress.wa.gov/ecy/publications/SummaryPages/ECY070218.html

In your application, you requested a written opinion on the sufficiency of your cleanup. Ecology will review the documents you submitted and provide you a written opinion within about 90 days.

Reporting Requirements

When requesting written opinions on planned or completed remedial actions, please comply with the following reporting requirements:

- 1. Licensing. Documents submitted containing geologic, hydrologic, or engineering work must be under the seal of an appropriately licensed professional, as required by Chapters 18.43 and 18.220 RCW.
- 2. Data Submittal. Environmental sampling data must be submitted in both a printed form and an electronic form capable of being transferred into our data management systems. For instructions on how to submit data, please refer to the following web site:

www.ecy.wa.gov/programs/tcp/data_submittal/data_requirements.htm.

Failure to comply with these requirements may result in unnecessary delays.

Derek Bottles November 8, 2019 Page 3

Payment

Ecology will send monthly invoices to you, the billing contact designated in the Application Form. If someone replaces you as the billing contact or your contact information changes, please submit a Change of Contact Form. The Form is available on the VCP web site.

The invoice will include a summary of the costs incurred, payments received, identity of staff involved, and the amount of time spent on the Project during the previous month. Payment is due within thirty days of the invoice date. For more information on the billing system, please refer to the VCP web site.

Site Status

Under the Model Toxics Control Act (MTCA), Ecology maintains a list of contaminated sites. Based on your VCP application, Ecology has determined that remedial action is required at the Site under MTCA and has added the Site to the list. Your cooperation in planning or conducting remedial actions at the Site is appreciated and is not an admission of guilt or liability. This "Early Notice" is required under WAC 173-340-310(6)(b).

Contact Information

We are committed to working with you to accomplish the prompt and effective cleanup of the Site. Again, if you have any questions about the VCP or your Project, please contact Mr. Grant Yang at (425) 649-7126.

Sincerely,

Sonia Fernández VCP Coordinator Toxics Cleanup Program, NWRO

VCP AGREEMENT

INSTRUCTIONS: Submit this Agreement (original) to Ecology as part of your Application. Before submitting, enter the Customer's name and the Site's address on the first page and sign the Agreement on the second page. If your Application is accepted, then Ecology will do the following: 1) identify the Site and VCP project in the box below; 2) sign the Agreement; and 3) send you a copy of the completed Agreement.

This document constitutes an Agreement between the State of Washington Department of Ecology (Ecology) and Newcastle Joint Venture, LLC

(Customer) to provide informal site-specific technical consultations under the Voluntary Cleanup Program (VCP) for the Site identified below and associated with the following address: 6620 Coal Creek Parkway SE (Lot 4 Cr), Newcastle, WA

The purpose of this Agreement is to facilitate independent remedial action at the Site. Ecology is entering into this Agreement under the authority of the Model Toxics Control Act (MTCA), Chapter 70.105D RCW, and its implementing regulations, Chapter 173-340 WAC. If a term in this Agreement is defined in MTCA or Chapter 173-340 WAC, then that definition shall govern.

Services Provided by Ecology

Upon request, Ecology agrees to provide the Customer informal site-specific technical consultations on the independent remedial actions proposed for or performed at the Site consistent with WAC 173-340-515(5). Those consultations may include assistance in identifying applicable regulatory requirements and opinions on whether the remedial actions proposed for or conducted at the Site meet those requirements.

Ecology may use any appropriate resource to provide the Customer with the requested consultative services. Those resources may include, but shall not be limited to, those of Ecology and the Office of the Attorney General. However, Ecology shall not use independent contractors unless the Customer provides Ecology with prior written authorization.

In accordance with RCW 70.105D.030(1)(i), any opinions provided by Ecology under this Agreement are advisory only and not binding on Ecology. Ecology, the state, and officers and employees of the state are immune from all liability. Furthermore, no cause of action of any nature may arise from any act or omission in providing, or failing to provide, informal advice and assistance under the VCP.

Payment for Services by Customer

The Customer agrees to pay all costs incurred by Ecology in providing the informal site-specific technical consultations requested by the Customer consistent with WAC 173-340-515(6) and 173-340-550(6). Those costs may include the costs incurred by attorneys or independent contractors used by Ecology to provide the requested consultative services. Ecology's hourly costs shall be determined based on the method in WAC 173-340-550(2).

Ecology shall mail the Customer a monthly itemized statement of costs (invoice) by the tenth day of each month (invoice date) that there is a balance on the account. The invoice shall include a summary of the costs incurred, payments received, identity of staff involved, and amount of time staff spent on the project.

The Customer shall pay the required amount by the due date, which shall be thirty (30) calendar days after the invoice date. If payment has not been received by the due date, then Ecology shall withhold

any requested opinions and notify the Customer by certified mail that the debt is past due. If payment has not been received within sixty (60) calendar days of the invoice date, then Ecology shall stop all work under the Agreement and may, as appropriate, assign the debt to a collection agency under Chapter 19.16 RCW. The Customer agrees to pay the collection agency fee incurred by Ecology in the course of debt collection.

Reservation of Rights / No Settlement

This Agreement does not constitute a settlement of liability to the state under MTCA. This Agreement also does not protect a liable person from contribution claims by third parties for matters addressed by the Agreement. The state does not have the authority to settle with any person potentially liable under MTCA except in accordance with RCW 70.105D.040(4). Ecology's signature on this Agreement in no way constitutes a covenant not to sue or a compromise of any Ecology rights or authority.

Ecology reserves all rights under MTCA, including the right to require additional or different remedial actions at the Site should it deem such actions necessary to protect human health and the environment, and to issue orders requiring such remedial actions. Ecology also reserves all rights regarding the injury to, destruction of, or loss of natural resources resulting from the release or threatened release of hazardous substances at the Site.

Effective Date, Modifications, and Severability

The effective date of this Agreement shall be the date on which this Agreement is signed by the Toxics Cleanup Program's Section Manager or delegated representative. This Agreement may be amended by mutual agreement of Ecology and the Customer. Amendments shall be in writing and shall be effective when signed by the Toxics Cleanup Program's Section Manager or delegated representative. If any provision of this Agreement proves to be void, it shall in no way invalidate any other provision of this Agreement.

Termination of Agreement

Either party may terminate this Agreement without cause by sending written notice by U.S. mail to the other party. The effective date of termination shall be the date Ecology sends notice to the Customer or the date Ecology receives notice from the Customer, whichever occurs first. Unless otherwise directed, issuance of a No Further Action opinion, either for the Site as a whole or for a portion of the real property located within the Site, shall constitute notice of termination by Ecology.

Under this Agreement, the Customer is only responsible for costs incurred by Ecology before the effective date of termination. However, termination of this Agreement shall not affect any right Ecology may have to recover its costs under MTCA or any other provision of law.

Representations and Signatures

The undersigned representative of the Customer hereby certifies that he or she is fully authorized to enter into this Agreement and to execute and legally bind the Customer to comply with the Agreement.

RECEIVED Voluntary Cleanup Program

OCT 1 5 2019

Washington State Department of Ecology Toxics Cleanup Program

DEPT OF ECOLOGY TCP - NWRO

APPLICATION FORM

Under the Voluntary Cleanup Program (VCP), the Department of Ecology (Ecology) may provide informal site-specific technical consultations to persons conducting independent remedial actions at a hazardous waste site. Ecology may provide such consultations under the authority of the Model Toxics Control Act (MTCA), Chapter 70.105D RCW, and its implementing regulations, Chapter 173-340 WAC.

To enter the VCP, complete and submit to Ecology a VCP Application. The Application consists of the following two documents:

- 1. Application Form (including required attachments). This DOCUMENT
- 2. Agreement.

For guidance on how to complete your Application, please refer to the Application Instructions, which are available separately on the VCP web site: <u>https://ecology.wa.gov/Spills-Cleanup/Contamination-</u> <u>cleanup/Cleanup-process/Cleanup-options/Voluntary-cleanup-program</u>

Part 1 - ADMINISTRATION

A. Customer Information. The Customer is the person or organization requesting services from Ecology under the VCP, and is responsible for paying the costs incurred by Ecology. The authority and duty of the Customer are explained in the Agreement.

Name of Customer: Newcastle Joint Venture, LLC

What type of entity is the Customer?

If the Customer is a "person," then the Customer shall serve as bothPersonthe Project Manager and the Project Billing Contact. Please identifythis person and their contact information in both Parts 1B and 1C.

 \boxtimes Organization Ma

If the Customer is an "organization," then please identify the Project Manager in Part 1B and the Project Billing Contact in Part 1C. Both persons must be employed by the Customer organization.

What is the Customer's involvement at the Site? Please check all that apply.

 Private County Tribal Federal State Other – please specify:
F. Request for Written Opinion.
Are you requesting a written opinion at this time?
Yes No
If you answered "YES," on what planned or completed remedial action do you want a written opinion?
The site consists of the area where hazardous substances attributable to brick manufacturing debris had come to be located at concentrations exceeding applicable cleanup levels. Remedial excavations conducted in 2015 successfully removed all such hazardous substances, resulting in a final, permanent remedy for the site. No further remedial action is necessary or possible at the site. Accordingly, the Customer requests that Ecology issue a written opinion stating that no further remedial action is necessary at the site.
Please attach to this Application any additional remedial action plans or reports you want Ecology to review. Ecology will base its opinion on the information contained in the Site file, including any information attached to this Application.
If you answered "NO," please explain why you are enrolling in the VCP at this time and when you expect to request a written opinion from Ecology.
Attach additional pages if necessary.
G. Reporting Requirements.
Please comply with the following reporting requirements when requesting written opinions on planned or completed remedial actions:
Licensing. Documents submitted containing geologic, hydrologic, or engineering work must be under the seal of an appropriately licensed professional, as required by Chapters 18.43 and 18.220 RCW
 Data Submittal. Environmental sampling data must be submitted in both a printed form and an electronic form capable of being transferred into Ecology's data management systems. For instructions on how to submit the data, please refer to the following Ecology web site:<u>https://ecology.wa.gov/Research-Data/Data-resources/Environmental-Information-Management-database/EIM-submit-data</u> Failure to comply with these requirements may result in unnecessary delays. Ecology will not issue a No Further Action (NFA) opinion unless these requirements are satisfied.
