Subject: Chevron Brooklyn 90129 - Status Update_07152020

Hello,

On behalf of Chevron, the following is a progress update for Chevron site 90129 ("Brooklyn") located at 4700 Brooklyn Avenue NE in Seattle, Washington. This update satisfies the requirements of Agreed Order No. 13815 associated with the site which indicates that quarterly progress reports be submitted to the Washington State Department of Ecology by the 15th of the month following the reporting period. This update summarizes activities completed from April 1 through June 30, 2020.

Description of Actions Taken to Comply with Agreed Order

- Quarterly groundwater monitoring was completed April 23, 2020.
- Groundwater monitoring data from 2Q 2020 was uploaded to Ecology's EIM system
- Arcadis submitted a draft report summarizing the August 2019 site investigation conducted by Leidos
- Arcadis coordinated the abandonment of MW-17, to make space for utility installation at the site

Summary of Deviations from Approved Work Plans

- No deviations during this reporting period.

Description of Work Planned for the Next Reporting Period

- Arcadis will submit a draft supplemental investigation work plan to install wells and soil vapor probes on the eastern portion of the site (submitted 7/14/2020)
- Arcadis will continue to prepare and submit quarterly updates to Ecology. The updates will be provided via email and submitted to Ecology by the 15th of the month following the reporting period
- Arcadis will coordinate and conduct the third quarter 2020 groundwater monitoring event, pending safe work conditions

Please let me know if you have any questions.

Thank you
