**Re: September 2020 Progress Report  
Yakima Landfill Site  
Agreed Order No. DE 15861**

Dear Ms. Lind:

As required by Section VII of the above-referenced Agreed Order (Order), Landau Associates, Inc. (LAI) is providing this progress report to the Washington State Department of Ecology (Ecology) on behalf of the City of Yakima (City). This report covers the month of September 2020 and includes the information required by the Order.

### **Work Completed During September 2020**

- Submitted the August 2020 progress report to Ecology on September 15, 2020.
- Assisted civil design team with final revisions to designs and specifications included in out-to-bid package for the excavation of municipal solid waste (MSW) from the landfill portion of the roadway project and backfilling (including construction of the low permeability landfill gas barrier), advertised in early September. Supported preparation of addenda to out-to-bid package.
- Continued preparing work plan and updated sampling and analysis plan (SAP) and quality assurance project plan (QAPP) for pre-interim action (IA) construction groundwater sampling event.

### **Work Planned for October 2020**

- Submit work plan and updated SAP and QAPP for pre-IA construction groundwater sampling event to Ecology for review and approval.
- Coordinate and perform pre-IA construction groundwater sampling event in late October/early November, contingent on Ecology approval of work plan.
