#### **Document for review and comment**

- [Cleanup Action Completion Report](#)

#### **Comments received**

Ecology received no comments during the comment period.

#### **Background**

The Industrial Petroleum cleanup site is located at 1117 and 1120 West Bay Drive in Olympia. It includes areas west of West Bay Drive (upland) and east of West Bay Drive (waterfront). Leaks and spills from the bulk fuel storage facility contaminated soil and groundwater with [petroleum hydrocarbons](#). In 2016, Atlantic Ridgefield Corporation completed the cleanup work.

Ecology reviewed the cleanup activity and determined:

- The site is no longer a threat to human health or the environment.
- The cleanup actions meet state cleanup standards.

#### **Next steps**

The site will be removed from the Hazardous Sites List.
