

DETERMINATION OF NONSIGNIFICANCE

Description of proposal: Interim actions are proposed at two Wenatchee School District sites including the Sunnyslope Elementary School and the Orchard Middle School sites. These interim actions will be conducted over the summer of 2007. The interim remedial action cleanup plan includes capping of contaminated soil and managing the sites to minimize exposures to lead and arsenic until such actions are completed. To the extent possible, the clean up will conform to the future Wenatchee School District facility plans.

Proponents: Washington State Department of Ecology, Central Regional Office

Location of proposal, including street address if any: Wenatchee School District

Lead agency: Washington State Department of Ecology

The lead agency for this proposal has determined that it does not have a probable significant impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21C.030(2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.
