**RE: Administrative Extension for State Waste Discharge Permit No. ST0501278 for Iron Horse Brewery, Inc., Effective February 1, 2019**

Dear Greg Parker:

The Washington State Department of Ecology (Ecology) acknowledges receiving applications for renewal of State Waste Discharge Permit No. ST0501278 on January 31, 2018. The application was reviewed and accepted as complete on February 1, 2018. Your current State Waste Discharge Permit has an expiration date of January 31, 2019. Renewal of your permit is in process; however, the permit may not be issued by the expiration date.

Your administratively extended permit becomes effective **February 1, 2019**, the day following expiration of your existing permit. It will remain in force for up to five years or until further notice by the Department, whichever occurs first. **That means your facility must continue to comply with the terms and conditions of the previous permit, issued on February 6, 2014.**

Your permit fee is subject to the same fee schedule as before. Permit fee billing will be in a separate mailing from the Ecology Fee Unit.

If you have any questions or need assistance, please feel free to contact Caleb Bos, your permit manager at 509/454-4103 or [caleb.bos@ecy.wa.gov](mailto:caleb.bos@ecy.wa.gov).

Sincerely,
