DISCHARGE PERMIT**

**PERMIT NO:**           WA0031721

**APPLICANT:**       Washington Bulb Company, Inc.  
16031 Beaver Marsh Road  
Mt. Vernon, Skagit County

Washington Bulb Company, Inc. has reapplied for a National Pollutant Discharge Elimination System (NPDES) permit in accordance with the provisions of Chapter 90.48 Revised Code of Washington (RCW), Chapter 173-220 Washington Administrative Code (WAC), and the Federal Clean Water Act. The wastewater, following treatment, must meet the requirements of the Washington State Water Pollution Control Act and applicable regulations for a permit to be issued. Following evaluation of the application and other available information, a draft permit has been developed which would allow the discharge of treated bulb wash water to the Jungquist Shields Ditch, part of Skagit County Drainage and Irrigation Improvement District 15.

A tentative determination has been made on the effluent limitations and special permit conditions that will prevent and control pollution. A final determination will not be made until all timely comments received in response to this notice have been evaluated.
