Dear Mr. Wollman:

RE: State Waste Discharge Permit Application, Fee Receipt and Public Notice for Permit ST-0045509 –
Warden Hutterian Brethren

Thank you for submitting an application for State Waste Discharge Permit Number ST-0045509 for Warden Hutterian Brethren. We received the completed application and your application has been accepted.

Based on the information in your application, your permit manager will begin the next phase of the permitting process and start writing your permit and fact sheet. As we draft the permit, we will likely contact you with questions and may request a visit to your site.

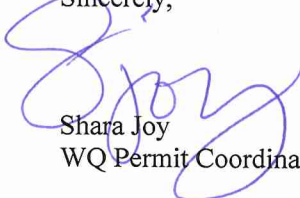

Additionally, I am enclosing the original Cashiering Receipt for your State Wastewater Discharge Permit Application Fee.

Washington State Water Pollution Control laws require the publishing of a Public Notice which describes the discharge for any operation. This provides the public a chance to be aware of, and comment on, any wastewater treatment and disposal facilities. In compliance with this requirement, enclosed for your information is the public notice describing your wastewater treatment discharge.

The Public Notice will be published by Ecology on April 5, 2012 and April 12, 2012 in the Columbia Basin Herald.

Please call Mike Hepp (Facility Manager) at (509) 329-3536 or email at mhep461@ecy.wa.gov if you have any questions about our review of the application or the permitting process.

Sincerely,

Shara Joy
WQ Permit Coordinator
