RE: **WARNING LETTER:** State Waste Discharge Permit No. ST0501320 ;

Dear Rick Garlock:

The Department of Ecology (Ecology) does not have a record of receiving Discharge Monitoring Reports (DMRs) from your facility for the following monitoring periods indicated in the table below:

<u>DATE</u>	<u>YEAR</u>	<u>STATUS</u>
September	2021	Draft
3 rd Quarter	2021	Draft
October	2021	Not Submitted

Your permit requires you to submit DMRs to Ecology even if you had no discharge.

Failure to submit DMRs is a violation of your permit condition **S3.A**. Please submit the missing DMRs after receiving this letter.

The DMR is the principal tool used to evaluate compliance with permit requirements. Ecology places great importance on timely submittal of complete and accurate DMRs. Failure to comply with the conditions of your permit could result in Ecology taking formal administrative enforcement action, including issuing orders and penalties.

Recently updated guidance on reporting can be found on the Ecology Water Quality Permitting Portal (WQWebPortal) online at <http://ecyapwq/wqwebportal/> under **System Messages**.

If you have any questions please give me a call at 206-594-1069.

Sincerely,

Chris Smith
Compliance Specialist
Water Quality Section
