PUBLIC NOTICE

Announcing the Issuance of the Aquatic & Invasive Species Control General Permit

The Washington State Department of Ecology (Ecology) is issuing the Aquatic & Invasive Species Control National Pollutant Discharge Elimination System (NPDES) and State Waste Discharge General Permit (permit) on June 28, 2023. The permit becomes effective on July 28, 2023, and expires on July 27, 2028.

Purpose of the Permit

The permit addresses various legal requirements and responsibilities, and regulates the discharge of pollutants to protect water quality in Washington State. The permit provides statewide NPDES coverage for the use of specific pesticides, products and methods to control fish, invasive aquatic animals and insects. The permit is a combined NPDES and State Waste Discharge Permit that limits the discharge of pollutants to surface waters under the authority of the Federal Water Pollution Control Act (33 U.S.C 1251) and limits the discharge of pollutants to surface and groundwater under the authority of the State Water Pollution Control Act (90.48 RCW).

Public Notice Process and Comments

Ecology accepted public comments on the draft permit from December 21, 2022 *through* February 21, 2023. Ecology held informational public workshops and hearings during this time via online statewide webinars on January 24, 2023 and January 25, 2023. Ecology received written public comments and emails. The comments and Ecology's responses are included as Appendix C of the Fact Sheet.

Copies of the Permit

The final permit, Fact Sheet, and Response to Comments are available online at the [Aquatic & Invasive Species Control general permit](#)¹ website. You may request hard copies from Jackie Lince at jackie.lince@ecy.wa.gov or (360) 407-6600.

Applying for Coverage Under the Permit

Any Washington state government agency may apply for permit coverage to conduct activities using specific pesticides, products and methods for controlling fish, invasive aquatic animals and insects by submitting a complete permit application to Ecology and satisfying all applicable public notice and State Environmental Policy Act requirements (WAC 173-226-200). The application is available online at [Secure Access Washington \(SAW\)](#)².
