PUBLIC NOTICE

**Announcing the Reissuance of the Irrigation System Aquatic Weed Control
General Permit**

The Washington State Department of Ecology (Ecology) is reissuing the Irrigation System Aquatic Weed Control National Pollutant Discharge Elimination System (NPDES) and State Waste Discharge General Permit (permit) on August 23, 2023. The permit becomes effective on October 2, 2023, and expires on October 1, 2028.

Purpose of the Permit

The permit addresses various legal requirements and responsibilities, and regulates the discharge of pollutants to protect water quality in Washington State. The permit provides coverage for the conditional use of pesticides, marker dyes, and other chemicals to manage and eradicate aquatic plants and algae in irrigation canals that flow into surface Waters of the State of Washington. The permit is a combined NPDES and State Waste Discharge Permit that limits the discharge of pollutants to surface waters under the authority of the Federal Water Pollution Control Act (33 U.S.C 1251) and limits the discharge of pollutants to surface and groundwater under the authority of the State Water Pollution Control Act (90.48 RCW).

Public Notice Process and Comments

Ecology accepted public comments on the draft permit and fact sheet from January 18, 2023 **through** March 20, 2023. Ecology held informational public workshops and hearings during this time via online statewide webinars on February 21, 2023 and February 22, 2023. Ecology received written public comments and emails. The comments and Ecology's responses are included as Appendix E of the Fact Sheet.

Copies of the Permit

The final permit, Fact Sheet, and Response to Comments are available online at <https://ecology.wa.gov/Regulations-Permits/Permits-certifications/Aquatic-pesticide-permits/Irrigation-system-aquatic-weed-control>. You may request hard copies from Jackie Lince at jackie.lince@ecy.wa.gov or (360) 407-6600.

Applying for Coverage Under the Permit

Your irrigation district, reclamation district, or water company covered under the existing permit that reapplied for permit coverage will be covered under the new permit. New or unpermitted irrigation districts, reclamation districts, or water companies may obtain coverage under the permit by submitting a complete permit application to Ecology and satisfying all applicable public notice and State Environmental Policy Act requirements (WAC 173-226-200). The application is available online at <https://secureaccess.wa.gov>.
