Re: State Waste Discharge (SWD) Permit Transfer, Permit No. ST0501338

Dear Jordon Snow:

In accordance with Chapter 90.48 RCW Water Pollution Laws, SWD Permit No. ST0501338 is transferred to Blue Origin, LLC who has entered into an agreement with SeaCast Arlington, LLC to assume all responsibility, coverage, and liability of the permit at the site located at 18410 63rd Avenue NE, Arlington, WA.

WAC 173-224-080 states "In the event that a permit is transferred, the department shall not refund permit fees. Fees paid by a previous permit holder shall be applied to the corresponding fee payment requirements of a new permit holder. Unpaid permit fees owed by a previous permit holder are the liability of a new permit holder. Agreements between a new and previous permit holder are not binding on the department." If you have questions about any permit fees, please contact the Ecology WQ Permit Fee Unit at wqfeeunit@ecy.wa.gov.

This permit requires you to submit discharge monitoring reports (DMRs) electronically using Ecology's secure online system, WQWebDMR. To access WQWebDMR, you must first sign up for a Secure Access Washington (SAW) account, and add service for the WQWebPortal. You can find step-by-step instructions on how to register for WQWebDMR and the WQWebDMR User Guide at this website: <https://ecology.wa.gov/Regulations-Permits/Guidance-technical-assistance/Water-quality-permits-guidance/WQWebPortal-guidance>.
